The Spring Clothes are Ready, Shrewd Men are Reaping the Benefits of Bennett's Prices

More strongly than ever do the new clothes bring home the fact that this store is the place for the man who wants top notch quality and style for the smallest outlay. Here you strike a happy medium. You avoid the cheap, ill made, ill fitting clothing. We don't indulge in it. You get the quality and all the little improved details of the most exclusive clothing, yet the fancy prices of the specialty shop are lacking. We illustrate two models which clearly bear the stamp of extreme good taste in cut and design. There are scores of others, all neat, genteel and refined. Made of pure woolsens and hand tailored. Two and three button coats are the accepted styles. You'll see them here in grays, and the newest shades in checks, stripes, fancy weaves and overplaid; also blue and striped

Men's "Presto" Cravenette and Rubberized Coats
The Cravenettes are light weight with a convertible collar; absolutely water proof; Rubberized coats come in Zephyr weights and single and double textures; long and loose fitting. \$6.00, \$10.00, \$15.00 to \$22.00

\$2.50 Corsets \$1.29
We repeat tomorrow our splendid offer of three weeks ago, when we sold \$2.50 corsets for \$1.29—At that time we thought no more were to be had at the price, but fortune favored us, so here they are again.
ABSOLUTELY CORRECT STYLES AND EVERY ONE PERFECT
These corsets have the long skirted effect to encase the hips, to produce the youthful slender-ness that present styles demand; yet imparting the slight, gracefully modified lines, which so mar-terminally enhance the beauty and fit of the new spring gowns and suits.
Made of light weight batiste, richly trimmed with embroidery and full sets of supporters; actual \$2.50 corsets—Be sure and get yours tomorrow, while the price is down to \$1.29

LEAL BEGINS INVESTIGATION
Eastern Sanitation Specialist Looking Into Omaha Water Supply.
CONFIDENT OF NEW PROCESS
Declines for Efficacy of Bleaching Powder Solution for Sterilization of Settling Basins—Visiting the City Reservoirs.
Dr. John L. Leal, expert on the treatment of city water to destroy germs, arrived in Omaha Friday morning. He comes at the request of the Omaha Water company to examine into conditions surrounding the sources of the city water supply and to experiment at the settling basins and reservoir with a new system of clarifying.
"Having done so much work for the purification of water supplied to New Jersey and Connecticut cities as well as cities in other states," said Dr. Leal, "of course I feel confidence in the efficacy of this process. It is really the killing of germs by releasing oxygen in the water. The bleaching powder used is an oxychloride. We use tanks to make a solution, which is not very strong, and a certain quantity of this solution is used in the settling basins, depending on the quantity of water to be treated."
After breakfast at the Omaha club, Dr. Leal at once proceeded to make a personal

inspection of the reservoirs and settling basins, going first to Florence. Accompanying him were Health Commissioner Connel, City Chemist Crowley, City Bacteriologist Langfeldt and General Manager Fairfield of the Water company. The expert will examine carefully into all the conditions in any way affecting the water supply, and said it would probably be tonight before he will be ready to formulate his conclusions.
WHP Study Reports.
"Besides examining into the conditions at the settling basins and the reservoir, I will have to give some study to the reports of the city bacteriologist and the city chemist," said Dr. Leal.
In this connection his attention was called to several reports made to the health com-

TO TRY GOVERNOR HASKELL AT TULSA'S SPRING TERM
Department of Justice Expects to Override Attempts to Delay Made in Interest of Defense.
The Department of Justice expects to bring the case of the United States against Governor Charles N. Haskell of Oklahoma to trial at the early spring term of the federal courts at Tulsa, Okla.
Special Assistant Attorney General S. R. Rush will assist in the trial of the case, which is known as the Muskogee Town lot

deal, and in which Governor Haskell and a number of other defendants have been indicted. These indictments have been sought bitterly and the first one was quashed on a technicality, but a re-indictment followed shortly afterwards. The Haskell interests have sought every means to delay the trials, by charging that the grand jury was packed against them, and even going so far as to charge the government attorneys with all sorts of crimes and that the prosecution of the case was but a determined persecution of Governor Haskell and his friends for political purposes.
While professing to demand an im-

BAKER'S CARACAS SWEET CHOCOLATE
The Finest Eating Chocolate in the World

SLOAN TO MAKE FAST FIGHT
Geneva Man Running for Congress in Fourth District Will Cover Entire Territory.
Charles H. Sloan of Geneva, who has just declared himself as a candidate for the republican congressional nomination in the Fourth District, spent the day in the Fourth District, spent the day in Omaha. Mr. Sloan indicates that he intends to make a campaign from this time on that will cover every part of the district, in which he is very well known through his work on a stump, at farmers' institutes and as a lecturer on patriotic topics for many years. He expresses confidence that Congressman Hinshaw will not again be a candidate and that he will not have much difficulty in securing the nomination.
The fact that Chamberlain's Cough Remedy is pleasant to take has made it a favorite with mothers everywhere.
