GARBAGE OVERCHARGE STORY TO BE PROBED BY CONNELL
Householders Should Provide Scales with Printed Scale of Charges Allowed Under the Bids.
Health Commissioner Connell has taken up an investigation of alleged overcharges for garbage collection, as presented to the council by Councilman McGovern.
Up to date, three complaints of overcharge have been made to this department, said the commissioner. "But there is a question, as to whether or not the charges are well based. When we have gone to the bottom of the matter we will report our findings to council. So far as this department can control the matter, we will not permit any sort of overcharge, and as all householders can provide themselves with scales giving the exact charge allowed under the bids, there will be no excuse for submitting to an overcharge."
Beginning yesterday the health commissioner will have one man devote all his time to attending to garbage complaints, and to investigating such things as overcharges. Sam Matthews has been appointed to do this work, and to him will be turned over all kinks on non-removal of garbage, as well as all the supervision of the general conduct of the work by the contractors.
A NOVEL INDUSTRY
A Patent on a Screen Frame by an Omaha Man-Opens Factory Here.
Omaha is gradually but surely coming to the front, not only by her bank clearings, rising prices, etc., but as a manufacturing city. You would probably be surprised if you took your auto out and made a trip around the city and took pains to stop and examine all the places where you heard the hammer, saw or lathe at work to learn how many things are actually made and made from Omaha. As an illustration, the manufacture of screens, different from the old style, put up by nailing the wood together, but by having metal corners so your screen is almost indestructible and once the house is screened and doored it lasts almost forever. This firm is the Omaha Window Screen company, located at 624 North Sixteenth street, and they claim to be the only exclusive house devoted to this kind of work in the United States.

More Than Circulation
Even the enormous circulation of THE LADIES' HOME JOURNAL (1,300,000) does not indicate the magnitude of its real strength. Its unique place in the homes of Americans cannot be weighed or measured, but almost every woman can certify to it, and a good many men are aware of it—men who comprehend the life of their own homes.
If you are an advertiser of a man who ought to advertise (and very likely you are), it will pay you to sit down some evening and ruminate on the buying-influence (perhaps the buying-control) of your wife or daughter.
Suppose, now, that three or four million of the wives and daughters of America believed in you and in the goods you make. Would you want any bigger asset?
Some advertisers have this very thing.

The circulation of THE LADIES' HOME JOURNAL is more than 1,300,000 copies, each month. The same force which has created THE JOURNAL'S unique circulation have, at the same time, made it an advertising medium of unique power.

Everybody is talking about our

Spring Hat Show

No collection of men's and young men's hats ever shown in the west has caused so much flattering comment. Think of seeing in one display no less than 100 different kinds and styles of the great "Stetson" hats, and all at the one popular price—

\$3.50

The "Shackleton"

A brand new shape from "Crofut & Knapp," as illustrated; shown here in the new grays and browns, which will be "all the rage" this season. We also show dozens of other new styles in the famous "C. & K." hats, at—

\$3.00

The "Asbury"

which is our special brand, has earned the right to be named "The Right Hat at the Right Price"—

\$2.50

And complete lines of the following brands:

New and Nobby, Hand-Tailored Spring Suits for Men and Young Men at

\$15.00 \$20.00 \$25.00

Men to whom clothes mean more than simply protection from the weather, are invited to visit this store and see for themselves what a wonderful variety of new Spring Suits are offered, at any one of these three prices. We want you to judge for yourself of the "newness" and "correctness" of these characteristic "Nebraska" garments.

We know that in matters of style, fabric, shade or pattern you will find our \$15.00, \$20.00 and \$25.00 Suits so different than the average ready-to-wear suits at their prices and so truly the kind you would prefer to wear, that your choice will be simply a matter of personal taste.

The word "Hand-tailored" when used in describing these "Nebraska" garments means that each minute detail has been tailored entirely by hand by experienced and skillful workmen.

The consequence is that our Suits will fit any man perfectly without regard to size or build and will keep their stylish appearance as long as you wear them.

BUT YOU CAN'T WEAR ARGUMENTS, SO GIVE US A CHANCE TO FURNISH PROOF OF OUR STATEMENTS AND OUR CLOTHES. WILL YOU DO SO TODAY?

AFFAIRS AT SOUTH OMAHA

Economy Must Be Watchword Remainder of Year.

RECOUNT WILL CONCLUDE TODAY

Many Illegal Voters at Primary Who Swore in Votes—Result of Contest is Still in Doubt.

The city clerk issued his monthly statement yesterday at the close of the seventh month of the fiscal year, showing that the expenditures to date amount to \$117,542 and that a balance of \$102,096 remains in the city treasury. This money is now for the greater part in the interest and sinking fund of the city offices in the way of fees and licenses. More than half of the appropriation still remains in the general fund, the water fund and the interest fund, but the condition of the funds will require economy in the light, the police and the salary funds to hold out to the end of the year without the usual booting. In the street repair fund all the money has been exhausted, but in the street cleaning fund more remains, proportionately, than in any of the other funds.

The following is the clerk's report in detail:
Amount of levy (90%) for 1910 available from August, 1909.....\$200,175.15
Balance from levy collections transferred to August, 1909, and subsequently collected by the city treasurer, placed to the credit of the interest and sinking funds.....\$98,208.20
Collections by city treasurer.....\$203,251.30
Total receipts from all sources.....\$200,175.15
Expended Balances to March 7, to March 7.....\$10,543.75
General.....\$1,970.36
Salary.....\$8,573.39
Public light.....\$2,000.00
Water.....\$5,452.82
Street repair.....\$8,229.49
Police.....\$1,493.34
Library.....\$2,232.42
Interest and sinking.....\$1,139.75

Recount Bias Today.
The recount of the ballots will be finished today and it is possible to predict the results in all the cases except that of Fred Hefflinger, Dr. F. W. Faulk, J. H. Devine, Dana Morrill, C. M. Rich, C. W. Sears and T. G. Ingraham. In these cases the vote is so close that either party may win. J. H. Devine leads Fred Hefflinger by about six votes and Dr. Faulk by three. C. W. Sears and T. G. Ingraham were tied yesterday at the close of the count. C. M. Rich had lost slightly from the vote at the official canvass.

Of perhaps more importance than any of the individual canvasses is the discovery of many probable illegalities in the 369 odd votes which were sworn in. A large number of certificates lack the official signatures of the judges and clerks of election, and numbers of those who took the oath before the city clerk are said to be irregular, both in the matter of vouchers and in the excuses offered. Of the 369 excuses offered fully 200 gave the reason that they were sworn in. About 100 declared they were at work and could not register, although the polls were open until 9 p. m. on each of the three registration days. These facts will probably not affect the case greatly, but it is probable that when the lists are completed as they are now being compiled, a large number of names will be found in which fictitious addresses are given and whose actual residence is not in the city at all. Several attorneys are giving this matter careful attention and it is possible that a great shock to the aspirations of those who were the most influential in securing these voters will be developed.

Housebreakers Boast.
From the numerous reports of burglary within the last few days, it is very evident that a gang of clever house breakers

has struck South Omaha. No less than five cases were reported within the last twenty-four hours.

One of the most costly visitations was that at the residence of Mr. and Mrs. George Bradley, 222 K street. At this home two watches, and a number of valuable articles of jewelry were taken. This robbery was committed Thursday afternoon, while the residents were away. Five dollars in cash were also taken. The house was entered by a pass key apparently and it is suspected that the same party whom Mrs. Buckley at Twenty-fourth and P streets discovered in her home in time to prevent loss yesterday, had committed the robbery. The man unlocked the door and was in the act of going through the house. Mrs. Buckley was at home and he made a hasty excuse and fled. She gave a good description to the police.

The residence of Hans Peterson, 114 North Twenty-fourth street, was entered Wednesday night and \$3 in cash was missed. The man overlooked a lot of valuable jewelry, including some diamonds and watches.

One of the waitresses at the Exchange building lost a lot of jewelry and \$35 in money.

W. G. King, 305 S street, reported the loss of a team of mules, which he fears has been stolen.

Mrs. Hyde Makes Will in Favor of Her Husband

Prosecution Will Attempt to Show that This Action Was at the Doctor's Suggestion.

KANSAS CITY, March 11.—It developed yesterday that during the trial of Dr. B. C. Hyde here next month on a charge of poisoning Colonel Thomas H. Swope, the prosecution will attempt to show that following a suggestion made to her, Mrs. Hyde made a will bequeathing all her property to her husband. Under the will of Colonel Swope, Mrs. Hyde was a beneficiary to the amount of more than \$300,000.

The will alleged to have been made by Mrs. Hyde, the Swope attorneys say, was drawn up soon after Dr. Hyde's dismissal from the Swope home, where he had been treating the Swope. In the trial of Dr. Hyde an attempt will be made to show that Mrs. Hyde was taken seriously ill; that it was suggested to her that an operation might be necessary and that it was also suggested that she make her will leaving her property to her husband in the event that the operation was not a success. Later it was found, the Swope attorneys say, that the operation was not necessary.

When Dr. Hyde told her to give Colonel Swope a sixth of a grain of strychnine, she said she broke one tablet containing a thirtieth of a grain in two pieces and gave one of the pieces, a sixtieth of a grain, in solution, to Colonel Swope. She was sure she took a thirtieth tablet from her case. She administered this injection twice, certainly, and possibly a third time, she said. Lucy Lee Swope and Margaret H. Swope, nieces of Colonel Swope, also gave their depositions today.

Miss Pearl Keller, the nurse, who attended Colonel Thomas H. Swope, in her deposition today told of the manner in which she administered the strychnine injection given to Colonel Swope, she said, at Dr. Hyde's direction.

Western Railroads Will Reply to Ultimatum Demanding Increase in Pay.

CHICAGO, March 11.—The 25,000 or more firemen on the 100,000 miles of railroads in the northwest and southwest of Chicago, who by a vote authorized their National officials to call a strike if the railroads refused to grant wage concessions, will receive their answer from the railroads tomorrow. It may be several days later before the union officials and the railroad managers again meet to determine what shall be done.

This arrangement followed a conference today by Mr. Carter and the firemen's delegation with the railroad managers committee of which W. C. Nickson, general manager of the St. Louis & San Francisco is chairman. Managers of nine other western roads were present. The firemen presented their vote showing that 86 per cent of their members were against accepting an agreement for improved working conditions without any increased wages. The railroads were told that the vote authorized a strike should the union officials decide on it. It was then stated that the railroads would make their reply in writing tomorrow.

Confidence was expressed on both sides that a strike would be averted and arbitration would be resorted to. A prominent railroad official said tonight it was unlikely that the railroads would grant the wage demands.

"If all the demands of the firemen were granted the wages would have to be increased 25 per cent," he said. "This is a great increase and the railroads can afford to pay. Moreover it would necessitate a similar increase for all other employees. Such an increase on the Chicago, Burlington & Quincy road alone would mean an additional expense of \$5,000,000 annually."

Two Paymasters Fatally Wounded and Money Taken

Assault on Men with Pay for Coal Miners in Eastern Ohio Rouses Portion of State.

PITTSBURGH, March 11.—Two paymasters of coal companies were held up today in different sections of eastern Ohio and were robbed of sums approaching \$5,000, and as a result of the attacks one man is dead and another may die. The country is much excited and tonight bloodhounds are in use in an attempt to catch the highwaymen.

Edward McGinn, paymaster of the Dexter Coal company, and Robert Pommering, an assistant, left this city for the mine of the company at Brilliant, O. They carried in a satchel \$4,000, the weekly payroll of the mine. While driving to the mines from the train two men overtook them and beat them into insensibility, and escaped with the satchel. Farmers found the two men lying beside their buggy and sent them to the Gill hospital at Steubenville, O.

The coal company immediately sent out officers with bloodhounds, and offered a reward of \$1,000 for the capture of the robbers. Pommering tonight is reported as being fatally hurt, while McGinn is in a critical condition.

Hardly had the excitement quieted down when another holdup was reported from Zanesville. George Evans, aged 60, paymaster of the Muskingum Coal company, was shot from ambush at Buckeye, ten miles down the river from Zanesville, and died at 11 o'clock tonight. He was robbed of \$1,000, the weekly payroll of that company. Evans was walking from the company office to the mines half a mile away. A posse is searching that section of the country, and bloodhounds, too, have been put into use.

GREENSBURG, Pa., March 11.—Three thousand miners in eight mines of the Irwin fields of Westmoreland county went on strike yesterday after a mass meeting at Carbon today. John Strasser, a non-union miner, was shot in a quarrel between union and non-union men. The state constabulary is searching for his assailant.
