

COLTS OUTSIDE THE MONEY

Yousen's Five Makes Poor Showing at Bowling Tournament.

QUALEY IS STAR OF DAY

St. Louis Man Makes 889 in Singles and Goes into Second Place, Three Pins Behind Leader.

DETROIT, March 14.—(Special Telegram.)—Counting 2,700 in the first round of the five-man teams Sunday the Blue Ribbons of Buffalo topped the field and landed in seventeenth place in the standing. J. Goettelman was high on the quintet with an average of 193.

Yousen's Five of Omaha did not get within reach of the prize money with a total of 2,588 to their credit. Had this five been able to make their spare instead of blowing twenty-three they would have had a chance despite the twenty-six splits that they encountered. A. Goander was high man on the team with an average of 195.

George Qualey of St. Louis was the star of a long day's siege of rolling in the American Bowling congress today, when he shot 89 in the individual event and landed 73 in his last effort, the high single game of the meet. This put him in second place, three pins behind William Hechter of Chicago, who rolled into the lead yesterday.

Qualey had an excellent start with 215, but a split and a miss of the 10 pins in the second game brought him down to 188. With 41 for his first two games he opened a terrific onslaught on the pins. He opened with two strikes and then moved down the 6-10 combination for a spare in his third frame. Nine successive strikes completed his string with 73. Henry Schienk of St. Louis called 69.

Schienk and Henry Baume of St. Louis led the doubles for the day with 1,192, which gave them temporary possession of tenth place.

F. Engel and C. Barker of St. Louis came next with 1,180.

BEST ATHLETES STAY AT HOME

Reason for Poor Showing Made by Cornhuskers at Sioux City.

STARS UNABLE TO MAKE TRIP

Team is Expected to Be in Fine Shape for Big Meet to Be Held in Omaha Next Month.

LINCOLN, March 14.—(Special.)—The showing of the Cornhusker athletes in the meet at the Sioux City Auditorium Saturday cannot be taken as an indication of what they will be able to do in the coming grand meet at Omaha. The men who went to Sioux City for Nebraska did not represent the athletic strength of the local school.

Cherrington

Named to Teach Men on Track

Omaha Boy Offered Place as Coach on Cinder Path with Cut in Salary.

LINCOLN, Neb., March 14.—(Special Telegram.)—Ben R. Cherrington was tonight elected coach of the Nebraska track team at a salary of \$100. If he refuses to accept the place as coach, Cherrington, captain of the Nebraska basketball five and a member of the track team last spring, will take the position.

Cherrington informed the track committee before the meeting of the athletic board that he would not accept the coaching job for less than \$200. The members of the athletic board did not feel they should pay more than they are paying H. Carroll to train the baseball men, and they decided to give him the same salary the base ball instructor is now receiving.

The track committee will notify Cherrington of the board's proposition tomorrow, when he will decide whether he will accept the place as coach. Cherrington is an Omaha boy and was last year coach of the Omaha High school team, turning out one of the best teams that ever represented that school.

L. P. Hewitt, who last week was elected coach of the Nebraska team, resigned from his position because of the constant wrangling among the members of the athletic board over the selection of a track leader. His resignation was received at the meeting of the board tonight.

Owen Frank, quarterback on the variety foot ball team, was elected to fill the vacancy in the student membership of the board, caused by the withdrawal from the university of William Chatouppka, who was elected last spring on the regular ticket.

Paulhan Flies in High Wind

Wilbur Wright Watches Remarkable Performance of French Aviator at Jamaica.

Graham is O. K., Says Specialist

He Can Proceed to Play When Season Opens, as His Leg is All Right.

NEW YORK, March 14.—In a cross choppy wind of about twenty miles an hour, which caught his biplane at the start and tipped it from side to side like a boat in a rolling sea, Louis Paulhan, the French aviator, made a daring flight at Jamaica, N. Y., today. He was in the air for eight minutes and ten seconds and covered about six miles.

Unlike his previous flights here, in which he confined his course to a circuit of the enclosed race track, he headed the big Farman biplane into the wind today and flew straight out over the country toward Far Rockaway and the ocean, making a graceful turn in the distance and coming back with the wind at a mad speed. Returning, he soared over the grandstand, missing his flag pole by only a few feet, and landed in the enclosure within 100 feet of the starting point.

The bright weather brought a crowd of 3,000 or 4,000 people to the track to see the famous Frenchman fly. Several thousand more occupied places of vantage outside of the grounds.

Wilbur Wright, as he has done daily heretofore, attended the exhibition with his attorney and closely watched the flight with an eye to getting evidence to show that Paulhan's biplane is an infringement of the Wright patents.

Paulhan was expected to flight to New York, thirteen miles away, some day this week if the weather conditions are right.

Army Officer

Kills Himself

Second Lieutenant Janney Fires Fatal Shot in Home of Brother Officer at Manila.

MANILA, March 14.—Second Lieutenant Clarence M. Janney, Twelfth Infantry, killed himself yesterday at Fort William McKinley. Considerable mystery surrounds the case and it is not known whether the killing was intentional or by accident. Army inspectors are now holding an investigation.

Lieutenant Janney, accompanied by his wife, attended a dinner party at the house of Lieutenant Colonel Robert F. Ames, Janney left the party and went to his quarters. He secured a revolver and returned to the house of Lieutenant Colonel Ames on the way to which he fired one shot, presumably in the air. He entered the house and fired the revolver. He died instantly.

It was at first reported that Lieutenant Colonel Ames had shot Janney and guards placed him under arrest, but he was subsequently released.

Lieutenant Janney was born in Virginia in 1881. He was first a private in the Twelfth Infantry, but was appointed second lieutenant on February 11, 1907; provisionally, and accepted a few days later.

Three Cornell Seniors Are Fined

Prominent Athletes Convicted of Disorderly Conduct Will Take an Appeal.

ITHACA, N. Y., March 14.—Clarence J. Pope of East Orange, N. J., and Paul and Samuel Williams of Salt Lake City, three prominent Cornell athletes, and a crew man in Trinity, yesterday, to whom Judge E. H. Postwick late last night after a three days' trial. They were charged with disorderly conduct in a student resort and with relating an officer.

A dozen Cornell professors and Chi Psi fraternity men were witnesses for the defense. The case was bitterly fought. The case will be carried to the highest courts.

Pope is a foot ball player and hero of the Chi Psi fire three years ago. Paul Williams is captain of the base ball team and Samuel, his brother, was a crew man in Trinity. In the matter has been taken by the university authorities.

HENRY PETERSON A BAD ACTOR

Crippled Boy Paroled to the Dean of Trinity Acts in Discouraging Fashion.

Henry Peterson would have had an artificial foot by this time if he had not abused the confidence of Rev. J. W. Beecher, dean of Trinity, yesterday, to whom Peterson had been paroled by juvenile court. One day the dean sent the boy home to his mother, who is a poor washerwoman, with some money. Neither Henry or the money reached the intended destination.

Peterson, who is, as indicated, a cripple, appeared again in court Monday and Dean Beecher declared that he thought the boy's case rather hopeless. Judge Sutton took a more optimistic view and got the clergyman to accept the boy again as a ward. The prospects for an artificial foot are again bright.

LAST CALL FOR YOUR TAXES

Next Notice Will Be a Big Yellow Van to Haul Away Your Furnitures.

City Treasurer Furay is sending out several thousand postal cards directed to people who are delinquent in the payment of their personal taxes.

This warning is to be the last, for beginning April 1 the treasurer will send vans out with his collectors. The latter will be armed with distress warrants and the vans to be placed at their disposal will be bright yellow in color, so that they may be distinguished from ordinary vans on private business. So many people have neglected to pay their taxes that the treasurer's office that they come in and think patience has now ceased to be a virtue, and he will proceed to execute the law.

WANTED FOR CHEATING WOMAN

Rudolf A. Wolf, Alias Meyer Cohen, is Held for Officers in Buffalo.

Rudolf A. Wolf, who has working in a hat store as a time-keeper, was arrested Saturday night by Detectives Murphy and Ring on the charge of being a suspicious character. It appears he has been working here under the name of Meyer Cohen.

He is wanted by the authorities of Buffalo, N. Y., on the charge of beating a woman there out of \$500 by the representation that he was the advance agent of a ministerial show.

He will be held here awaiting the arrival of the Buffalo officers.

BRANDEIS OPENING BEGUN

Stores in Gain Army for Week Devoted to Special Exhibition of New Spring Styles.

The annual spring opening of the Brandeis stores, an event planned many months ahead, began Monday. The result shows elaborate preparation. The decorations are remarkable and there are many hats and gowns on view which were imported expressly for the event.

The most pretentious showing is on the second floor, which is devoted to the new styles of women's wear. The arrangement of the women's ready-to-wear section follows out the idea of the famous Avenue of Victory in Berlin. Parisian model dresses and costumes are displayed on figures arranged in three long lines occupying the entire width of the floor. Each figure is placed on a small pedestal and a lighted canopy is suspended over each figure. The pillars are entwined with greens and baskets of natural flowers stand by the side of each figure.

The military section shows decorations in harmony with the new styles of the hats themselves. Hanging lamps with soft green French shades trimmed with gold lace light this section, and natural woven straw baskets are filled with ferns and flowers, violet shades predominating.

On the main floor each post has four illuminated French shades. Tan and gold lace shades crown each lamp. In the great light court, the top is shaded with a soft blue sky effect and the sides of the court represent an old garden wall covered with mildew and southern smilax in trailing vines. At either end is a primitive fountain spout and trough. Violet and blue tones predominate throughout the color scheme.

In the brilliantly decorated windows the floors are carpeted with linen shade, while the hangings show cream gauze and golden moire ribbon, as well as southern smilax and various kinds of flowers. A valance of grass-green and cream gauze stretches at the top of the windows. Each display window is a finished picture in itself and the very newest imported hats and gowns are revealed. The windows give the idea of simplicity, but richness. One depicts an interior of a German boulevard and the furniture is an unique and attractive as the styles themselves.

R. J. SANDERS DROPS PISTOL AND IS SHOT IN THE LEG

Street Car Conductor is Accidentally Wounded When Revolver Falls from His Pocket.

R. J. Sanders, a street car conductor, was accidentally shot in the left thigh shortly after noon Monday, when a revolver around his waist in a scabbard strapped around his waist dropped to the pavement and was discharged.

Sanders, who lives at 1212 South Twenty-seventh street, South Omaha, was in the act of mounting the steps of a street car at the Vinton street barn when the weapon slipped from its scabbard and fell. The bullet struck Sanders in the thigh, inflicting a painful wound. He was taken to the office at the car barn, where he was attended by Dr. Bernard A. McDermott. After the wound had been dressed the man was taken to his home.

BENNETT'S SPRING OPENING

Store Puts on Its Best New Dress and Makes a Pretty Appearance.

That spring has come is proclaimed by the Bennett company, which has started its big spring opening. The store has a fine display for fashion-loving femininity and many were the expressions of delight and approval Monday. A personal visit is necessary to display the wonders of the season which are on exhibition.

Artistic decorations are shown in the windows, where an onyx treatment is given for a background to display the beautiful garments and fabrics portraying all the style innovations of the year.

Authoritative modes of the Easter and spring season are forecasted by the window displays as well as all through the big store. While some extreme novelties are shown the manager of the garment department says he has confined himself largely to the practical styles appealing to the widest clientele.

While gorgeous hats are shown in profusion in the millinery department the real treat is saved for next Monday, which is the date set for the Easter opening. The spring opening will continue all week.

S.S.S. RIDES THE SYSTEM OF CATARRH

Catarrh comes as a result of impurities and morbid matter in the circulation, and is a disease that only S.S.S. can cure. The entire inner portion of the body is lined with a delicate skin or covering of soft, sensitive flesh. Thousands of tiny blood vessels are interlaced throughout this mucous surface, and it is through these that the inner membrane receives its nourishment and is kept in healthful condition. When, however, the blood becomes infected with catarrhal impurities the tissue become diseased and Catarrh gets a foothold in the system. The early stages of Catarrh are characterized by such symptoms as a tight, stuffy feeling in the head, watery eyes, buzzing noises in the ears, with partial deafness and often difficult breathing and chronic hoarseness. These are merely symptoms, and while sprays, inhalations and other local treatments may temporarily relieve them, Catarrh cannot be cured until the blood is purified of the exciting cause. S.S.S. cures Catarrh by cleansing the blood of all impure catarrhal matter. It goes down into the circulation and attacks the disease at its head, and removes every particle of the catarrhal impurity. Then the mucous linings are all supplied with fresh, pure blood, and allowed to heal, instead of being kept in a constant state of irritation by the catarrhal matter. Special book on Catarrh and any medicinal advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.
