Wool Market. BOSTON, March 15.-WOOL-The local wool market remains very quiet, although the seattiment is somewhat firmer, because of the strong tone of the Longon sales. Much interest centers in the prices that must be paid for the new clip. Montans growers are still holding for 15 cents and very little contracting is being done by local buyers. Fine medium territory sells at 65 cents and a little quarter blood Michigan has sold at 28 cents. Pulled wools are in more demand, but the foreign pro-duct is quiet.
