BUSINESS CHANCES

STATE SENATOR JAMES E BRUCE ATLANTIC IOWA. TWO DOLLARS FOR ONE DOLLAR ASSURED.

ASSURED.

After many months' time spent last year in the most careful and conscientious business investigation possible. I invested the necessary funds, lent the use of whatever my name and reputation is worth among the peopde of Iowa, for the introduction and establishment of the NEAL THPELDAY DRINK HABIT CURE, discovered and originated by Dr. Neal, who, in the last ten years of his life has treated and perfectly cured over 2000 persons afflicted with the terrible curse of the drink habit. I then showed my absolute and unquestioned confidence in this great cure by bringing Dr. Neal to Iowa, the state of my birth, and where I have lived and expect to live all the years of my life, established a Neal Institute in Des Moines on Dec. 5, 1900; made public advertisement in my home town of Atlantic in January for my neighbors and friends to pick up the worst cases of the drink habit they desired. This was done, and I brought Dr. Neal to Atlantic, where he gave a public demonstration of the cure on several bad cases, selected as above stated, at the Atlantic hospital, and on the lat of February, 1910, I established the second Neal Institute in Onaha, which is the closest city to my present home. present home.

I proudly refer to our record in lowa and

present home.

I proudly refer to our record in lowa and Nebraska, which shows upwards of 150 cured patients in less than one hundred days' time, and representing substantially all of the occupations of man, from the pulpit to the laborer, and from the millionairs to the pauper. I unhesitatingly recommend the Neal as a simple yet effective treatment; a wonderful treatment and marvelous in its results, and as a business proposition I recommend it as a splendid investment, and a great work for all those having the time and money, or either, to devote or invest in the business. It is our desire to open an Institute in all the large centers at the earliest date possible and this is my first public offer to outsiders for taking up this great work in other states and foreign countries, or for the investment in stock in either the parent or state companies, and I desire to offer the first opportunity to the people of my home state and Nebraska.

We will show to all interested parties by our books and the records, the wonderful possibilities for those who devote their time or invest their money in this business. It only requires a few thousand dollars to open an Institute in any state and place it on a paying basis.

For the purpose of further extension and developments of the work, we are offering stock for sale to persons who may desire to invest that, in my judgment, will be worth

stock for sale to persons who may desire to invest \$100 or more at a price and on a basis that, in my judgment, will be worth double the amount invested in less than five years' time above the annual dividends that are guaranteed.

I desire to hear only from parties who are actually interested, either from a humanitarian or from a financial standpoint. My last thirty years of business life as a banker and business man in lowa and my record as a servant of the people in the lowa state senate from this district for the last nine years, and the record made of this wonderful cure, is open for the inspection, investigation and consideration of all interested.

Call at the Neal Institute, Omaha, Neb., at the Neal Institute, Omaha, Neb. and address me, James E. Bruce, Atlantic
