

# Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more horrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a yellow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in normal condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cure. Accept no substitute—there is nothing "just as good." Ask your neighbors.

The real test is in the baking.

proves its real worth. This is because of its much greater leavening power and the strict purity of its ingredients.

It costs only a trifle more than the cheap and big can brands and much less than the Trust Baking Powder.

Flushing Gang Finds Capitol Avenue Undermined.

## WATER SEEPS THROUGH PAVING

Engineer's Department Claims Trouble Is Caused by Improper Filling of Street Cuts and Leaky Gas Mains.

More trouble is brewing between the Omaha Gas company and the city engineer's office. It arises from the old complaint of leaky gas mains, with the result of honeycombed, rutted asphalt pavement, and also from improperly repaired street cuts.

Street Commissioner Flynn had a flushing gang at work on Capitol avenue between Fifteenth and Sixteenth, when a yell from the Chicago laundry stopped them. The water was finding its way under the street and through the basement wall of the laundry. Flushing was stopped, and investigation revealed the fact that several street cuts made after the pavement had been laid were not properly filled and tamped.

The city engineer's force will now proceed to make the street safe and solid and the cost will be charged to the gas company. In several other instances this procedure has been followed, and the investigation is given that there are several more in prospect in various sections of the city.

"If a little flushing will cause damage of this kind," said Street Commissioner Flynn, "I wonder what will happen when we get a heavy, driving rain that falls for a whole day or two."

"The same thing will happen," said Assistant City Engineer Campen, "only in much worse ratio, unless we can get the proper repairs made in time."

## FAMILY SHIP WRECKED ON ROCK OF GIRL'S CONTROL

Wife Will Not Make Up Stepdaughter's Bed Because Father Would Not Make Her Sleep.

Mrs. Mattie B. Logan just wouldn't make up the bedroom inhabited by Charles C. Logan's daughter, by a former wife, and Logan would not instruct his daughter to smooth out the sheets and wield a broom in the bedroom.

It was on this rock that the Logan domestic ship hopelessly wrecked itself. Salvage proceedings are now under way before the admiralty court presided over by Judge Sutton.

Top List of Unusual Names at Offices Where the Licenses Are Bought.

The coming of the spring is now assured beyond successful contradiction. The city is harvesting the dog license crop, which in other seasons is not ripe until May 1. Five dog licenses have been issued.

A movement has been started for the introduction of an ordinance before the city council to restrict the names which may be applied to dogs. The registration of the pups of the city has revealed the indulgence in tastes that are by the officials considered a menace to the safety and joy of the body politic.

The most flagrant case before the officials is that of an Irish terrier of good repute and breeding who must submit to the suggestive appellation of "Whisky." The owner of this dog has perpetrated further wrong by naming a perfectly good Scotch terrier "Bad Eye."

One dog owner looked over the list and then addressed the clerk.

"Guess you can register my dog as 'Cannon.' He's running on three legs now."
