

CHANCE TO SEE ROURKES

First Game in Omaha Will Be Played Sunday.

STORZ TRIUMPHS THE OPPONENTS

Captain Fox is Putting the Men Through Strenuous Course of Practice and is Getting Them in Form.

Omaha fans will have a chance to glance over Pa's Coats in action Sunday afternoon at Vinton park, when the first game of the season will be played, between the Rourke's and the Storz Triumphs.

Outdoors of the Rourke's are not extending themselves this week, as they take a longer time in rounding into shape than the younger members, who are hustling for their jobs.

Captain Fox probably will work three pitchers, Sindlar, Boveo and Thomas, although this may be changed to any of the other youngsters.

Tired players go to their hotel each evening after practice, as Captain Fox puts them through hard stunts both morning and afternoon.

Pitchers like their position and throw at batters with their fire and the players take their turns at bat. No one is allowed to hold down the bench, as Captain Fox keeps the entire squad in motion all the time.

The lineup for Sunday afternoon: Omaha Position: Storz, Hollenbeck, First base, Drummy, Fox, Second base, Hall, Cooper, Third base, Dyer, Post, Shortstop, McLean, Chittick, Left field, Gibson, Tighe, Right field, Lafferty, Graham, Center field, Guigley, Cadman, Catcher, Coe, Adams, Pitcher, Hirsch, Hanson, Pitcher, Bruggeman, Boveo, Pitcher, Sindlar, Thomas, Pitcher, Hoffman, Sindlar, Pitcher, Ferry, Pitcher.

KANE WILL REPORT ON TIME

Writes He Will Be in Condition for Opening League Game. Jim Kane, crack first baseman of the Omaha team, has written Pa Rourke in a letter received Friday morning that he will be in condition for the opening game, but that he would like to remain in Pittsburg to do his preliminary training, as he does not like to change eye doctors, as his eye is getting along nicely under the present treatment.

FORT CROOK BEATS BELLEVUE

Infantry Nine Takes College Men Into Camp by Score of 6 to 5. Fort Crook and Bellevue played ball on the former's diamond yesterday afternoon, the military nine winning, 6 to 5. Dow and Roach were the batters in the sixth, Fort Crook tallied two in the second, two in the fourth and one run in the sixth and ninth.

Begin Work on John Kling Case

Decision and Copy of All Evidence Submitted to Be Sent to Newspapers.

CINCINNATI, March 25.—The National base ball commission met here today to consider the case of John Kling, the famous catcher of the Chicago National league who recently applied for reinstatement.

It may be a week or more before the official finding of the commission is given out. The members of the commission consider the ruling in the case to be of great importance to the base ball world and desire to mail it to all newspapers so that the evidence can be published in full.

Chairman Hermann, President Johnson of the American league and President Lynch of the National league, full membership of the commission were present at the meeting.

AMONG THE LOCAL BOWLERS

Dreshers Make Better Showing Than Advos and Land Two Out of Three.

On Francisco's alleys last night the Dreshers took two out of three from the Advos, each team getting three 300 games. Match high total, 616. Score:

Table with columns: Name, 1st, 2d, 3d, Total. Includes Dreshers (Fruh, Mitchell, Schmidt, Giff) and Advos (Wiley, Martin, Straw, O. Francisco).

YOUNG MEN'S COLTS

In the Hooker league Young Men's Colts won two out of three against the West Siders.

Table with columns: Name, 1st, 2d, 3d, Total. Includes Falconer, Rice, Bruggeman, Youseum.

WEST SIDERS

Table with columns: Name, 1st, 2d, 3d, Total. Includes Yale, Christensen, Laf, O. Norgard.

QUARTERMASTER'S DEPT.

Table with columns: Name, 1st, 2d, 3d, Total. Includes Heller, Martis, Scott.

OMAHA GAS CO.

Table with columns: Name, 1st, 2d, 3d, Total. Includes McDonald, Ritchie, Bland.

CAIN'S COLTS

Table with columns: Name, 1st, 2d, 3d, Total. Includes Moran, Laughton, Johnson, Cain, Kains.

DREIBUS CANDY CO.

Table with columns: Name, 1st, 2d, 3d, Total. Includes Traynor, Stafford, Floyd, Anglerberg, Prineau.

South Omaha Bowlers.

Table with columns: Name, 1st, 2d, 3d, Total. Includes Sherwood, Mann, Roth, Pagan.

H. H. KATSKER'S

Table with columns: Name, 1st, 2d, 3d, Total. Includes Chase, Swift, W. Usher, Bando.

STORM STOPS AUTO RACERS

Drenching Rain Cuts Program in Two at Daytona Beach.

FOUR EVENTS ONLY ARE FINISHED

Oldfield Again Wins Mile Race in Fast Time—Three Hundred Mile Event is Postponed.

DAYTONA, Fla., March 25.—A drenching midday rain marred the final day's program of the Daytona beach automobile speed carnival and the 15,000 spectators who had come out with the expectation of witnessing a repetition of yesterday's world-breaking record, went away soaked and disappointed.

No records were broken and the feature of the day's program, the 300-mile race for a \$5,000 trophy, had to be cancelled owing to the delay of more than an hour caused by the storm. In the one-mile speed record trials some fast running was witnessed, but none of the well known racers was able to approach the record established last week by Harry Hill, although Oldfield himself covered the distance today in 27.88.

Foot Ball Rules Committee Meets

It Attacks Problem of Rendering Game Safer Without Depriving it of Its Virility.

NEW YORK, March 25.—How to make foot ball safe without rendering it too complex or depriving it of its virility, was the problem attacked today by the Inter-collegiate foot ball rules committee.

Secretary E. K. Hill of Boston declared today that the committee would meet most of the actual work of rule changing, with a view to saving the game from the ban of college authorities and at the same time retaining its best features, could be accomplished. The major part of the task, it was thought, would be completed today. Possibly a mail vote on some minor points will have to be taken after a little further experimenting this spring.

Coach Stagg of Chicago was given perhaps the most attentive hearing at today's session. Stagg has been making practical experiments with a carefully selected eleven in the south with a view to learning how some of the more logical suggestions for rule changes made at the early winter meeting would work out in the field.

Many of the experts believe that Stagg's experiments and the study of old authorities on the game will result in the retention of both the forward pass and the on-side kick, surrounded by regulations providing for less close physical contact. The two halves, it was also thought, would likely be divided into periods, giving a better chance for the examination of men who were apparently weakening and tending to prevent dangerous collapses.

One of the longest discussions was expected over the central zone, to which considerable opposition has developed, due to the insistence of the opposing forces to gather for the clash of centers. There seemed to be little doubt that the diving tackle would be abolished.

ROURKE SIGNS "POP" EYLER

Former Premier Pitcher Will Try It Again in Western.

ATTICA, Kan., March 25.—(Special Telegram)—"Pop" Eyer, former premier pitcher of the Omaha team, today signed a contract to pitch for the Omaha Western league team. He will leave at once for Omaha.

Eyer was for five years with Denver, one with St. Joseph and one with Kansas. He claims that he is just as good a pitcher as he was in the days when he was a terror to the Omaha fans, and that he is a tryout to see if he is not just as good as he ever was.

Base Ball Scores.

At Nashville—Philadelphia American seconds, 2; Nashville, 1. At Atlanta—Philadelphia American regulars, 2; Atlanta, 1. At New Orleans—New Orleans, 2; Cleveland Little Rock-Clevelandans, 2; Holy Cross, 1. At Philadelphia—Clevelandans, 2; Holy Cross, 1. At Birmingham—Birmingham, 4; Chicago National regulars, 2. At Houston—Houston, 4; Indianapolis regulars, 2. At Dallas—Dallas, 7; Indianapolis regulars, 2. At Hot Springs—Boston Americans, 3; Cincinnati, 1. At Chattanooga—Brooklyn, 10; Chattanooga, 4. At Richmond—Philadelphia National, 10; Princeton university, 2.

Diamond for Iowa Field.

IOWA CITY, Ia., March 25.—(Special)—At a meeting of the University of Iowa Athletic committee last evening arrangements were made for the second ball diamond to be laid out on Iowa field for the meeting of the Iowa State League Ball game. The fraternities will also use this diamond. It is probable that the soldiers will also be granted the use of Iowa field for drill.

Oakland Trims Sox.

OAKLAND, Cal., March 25.—A home run by Harry Wottonoff off the delivery of his first pitch today, gave the Oakland team a 3-2 victory over the Chicago Americans in the first game of the Pacific Coast league, 5 to 1. Score: R. H. E. Chicago..... 5 3 2 Oakland..... 3 2 0 Batteries: Young, White and Payne; Christian and Mitze.

Sox No. 1 Victorious.

LOS ANGELES, Cal., March 25.—Scott's pitching was too much for the Vernon batters today and the Chicago Americans won, 4 to 1. Score: R. H. E. Chicago..... 4 3 2 Vernon..... 1 0 0 Batteries: Scott and McMurray; Henning, Breckenridge and Regan and Hasty.

Pennsy's Foot Ball State.

PHILADELPHIA, March 25.—Important changes in the University of Pennsylvania's foot ball schedule have been announced. The University of Michigan team will play on Franklin field again this year. Brown, however, will be played at Providence, R. I., on Friday, March 26, at 10 o'clock, the day before Thanksgiving day, a date which heretofore has been reserved for the Cornell game.

Quarters for Giants.

MARLIN, Tex., March 25.—Manager McGraw of the New York National team accepted the offer of the Commercial club of Marlin to deed over a plot for a base ball park within the city limits to serve as permanent training grounds for the team to hold as long as the New York team trains here.

Three Rourke's to Columbus. Joe Dolan, manager of the Columbus team in the Nebraska State league, has been working out with the Rourke's

MOUNT ETNA IN ERUPTION

River of Lava is Pouring from Four New Craters.

PEOPLE FLEEING IN TERROR

Official Report from Observer Says that While Situation is Grave, the Worst is Believed to Be Over.

CATANIA, Syria, March 25.—An official report on the volcanic disturbances in the Mount Aetna district made public this forenoon, while confirming the gravity of the situation holds out the hope that the worst is over.

The craters that may be properly described as new appear to be only four in number. These have opened at the foot of Mount Castellazzo, four miles in an air line from the summit of Mount Aetna.

One of these craters is at a spot called Taoca Albanello. This is not throwing out much lava, but is the noisiest of the four and its loud detonations are chiefly responsible for the terror of the population for miles around. A second crater is 60 feet above in a place called Volta Sangioi Amo. This is 7,000 feet above the sea and most active of the openings, emitting the greatest flood of incandescent matter. At Taoca Arena is a third break, also active, and near it is the fourth, showing a less serious eruption.

BODIES FIVE MONTHS UNDER ICE OF LAKE

Corpses of Two Water-towns, S. D., Boys Drowned in Clear Lake Are Recovered.

WATERTOWN, S. D., March 25.—(Special)—After having rested nearly five months in the slime and mud on the bottom of Clear lake, a large slough eighteen miles south of this city, the bodies of William Johnson and Jerry Kelley, two Watertown boys who were drowned on November 5, last, have been found. John Jeremy, a professional body raiser from Stillwater, Minn., made the discovery.

The bodies have been under the ice all winter, the accident having happened just before the slough froze over. At the time the boys were drowned citizens of this city spent several days in searching, but were unable to find a trace aside from one hat and the overturned boat.

The bodies are in a much better condition than was expected. Aside from being badly bloated and discolored, the water has affected them but little.

Both boys are members of prominent families in the city. William Johnson is the son of a rich mine owner in California and made his home here because he was fond of hunting. Jerry Kelley, at the time of his death was the private secretary of C. H. Englesby, adjutant general of the state guard, and previous to that time was secretary to Senator A. B. Kittredge while he was at Washington.

REWARD OFFERED FOR KELLNER CHILD WITHDRAWN

Family of Missing Girl Believe Captors Will Now Negotiate for Her Return.

LOUISVILLE, Ky., March 25.—At the request of Frank Febr, cousin of little Alma Kellner, who was kidnaped last December from the streets near her home here, Governor Wallace yesterday withdrew the reward of the state of \$50 for the arrest and conviction of her abductors. Febr explained that the family was convinced the state reward is keeping the child's abductors from proposing terms.

There is still \$2500 offered for her return and it is to be paid solely for the restoration of the child to her home, with the understanding that no questions will be asked.

Announcements of the Theaters.

Alice Lloyd and the student acts have composed one of the best bills seen at the Orpheum in several seasons and that have enthused the theater patrons so much that despite the Lenten season the cozy Orpheum has been packed all the week will be seen for the last two times matinee and night today. The demand has grown so great the first two weeks of the year with the best but what a second week for Alice Lloyd would have been profitable. For next week another bill of Orpheum standard, which seems to be just what Omaha wants, when it is taken into consideration the house is always full.

The William Grew players with William Gray and Marie Pettes, will appear at the Gayety theater this afternoon and evening in a sumptuous scenic revival of the ever popular story of Old Spain, "Carmen," an adaptation from the story of Prosper Merimee, by Henry Hamilton. The cast of "Carmen" calls for the entire acting force of the Grew company, together with many extras.

No musical play now on the road has made for itself the place in popularity achieved by "The Top of the World," which comes back to the Brandels for two performances on Sunday. The big company is headed by Bailey and a fine company of comedians whose specialties in this piece have made them famous. The Coley ballet, the Six Singing Midgites and all the other features of the original production are still maintained.

The story of Septimus is one of the clearest of modern times and is along the lines of Mr. Locke's great efforts in the way of character delineation. No other writer of the day has the faculty of presenting interesting people so strongly as does Mr. Locke and the play that has been made for Mr. George Arliss from the novel is a splendid piece of creative work. Mr. Arliss is supported by a fine company headed by the Emily Stevens, and will handle his engagement at the Brandels on Monday evening. He will play a matinee on Wednesday.

"The County Chairman" will be offered at the Boyd by the Woodward stock company today. This mighty wall of lava was today not more than five miles from Nicolosi. The meteorological station on the mountain side has been destroyed and the village of Borrello is in serious danger.

Natives Flee from Homes.

The populace, terrorstricken, is flying from their homes. The earth shocks have reached about fifty in number, but there is occurring a large number of peasanter houses. It came in several streams and united in one great mass above twenty feet in height and 1,500 feet wide. Its velocity was estimated at three to four feet a minute, varying according to the condition of the ground. This mighty wall of lava was today not more than five miles from Nicolosi. The meteorological station on the mountain side has been destroyed and the village of Borrello is in serious danger.

Help for the people of the devastated region is being organized here. A detachment of soldiers and a large number of engineers and doctors have gone forward. The prefect of Catania, returning from the scene this evening, said: "I have witnessed a spectacle of desolation and ruin, which only those who saw the eruption of Vesuvius in 1906 can imagine. The present eruption can be compared to no other."

Many tourists, among whom Americans are conspicuous, are pouring into Catania to view the spectacle. Latest reports from Nicolosi tonight say that the lava current is moving at the rate of about 100 feet an hour.

UNEQUALED FOR BAD BLOOD

Normal, healthy blood contains millions of tiny red corpuscles, which are the vitalizing and nourishing element of the circulation. These corpuscles are constantly forming in healthy systems by the extraction of nutriment from food eaten, and this nutriment is then supplied through the circulation to every portion of the system. Any system which does not receive the proper amount of blood nourishment is not prepared to withstand the countless disorders that assail it. Bad blood can not nourish the body, the circulation must be pure, rich and strong if we would enjoy good health. Bad blood manifests itself in various ways. With some it takes the form of skin diseases and eruptions, others become bilious and malodorous, with sallow complexions, torpid liver, etc. If the germs and impurities in the blood are of a more virulent nature than bad blood becomes more serious and produces Rheumatism, Catarrh, Sores and Ulcers, and like troubles. Nothing equals S. S. S. for bad blood. It is Nature's own blood purifier, made from roots, herbs and barks. It goes into the circulation and removes every impurity from the blood, and enriches the blood, and in this way supplies the body with the proper amount of nutriment to maintain good health. S. S. S. is likewise the finest of all tonics and while purifying the blood builds up every portion of the system. S. S. S. cures every ailment coming from bad blood, and it does so simply because it purifies the circulation. It is the blood tonic, free to all who wish. THE SWIFT SPECIFIC CO., ATLANTA, GA.

One Thousand Live-Wire Advertising Men In Omaha Next July

They will be here to attend the annual convention of the Associated Advertising Clubs of America. These men will take away impressions of Omaha that will be spread broadcast throughout the land. It is up to all of us—you and I and our brother business and professional men—to see to it that these impressions are favorable to Omaha.

The Omaha Ad Club secured this convention for Omaha and must make it a great success—and it will. But as a good citizen of this metropolis, YOU should give your share of help to the end that this success shall excel all others of its kind.

This ad is our hustling committee. Please take it as PERSONAL and understand that we want YOU to be one of us. Just now there's nothing for you to do but use this coupon.

One thousand ad men boosting for Omaha are worth more to us than ten thousand of any other kind. HENRY GERING, Chairman Membership Committee, Omaha Ad Club. Herewith is my check for \$5.00 in payment for initiation fee (\$2) and 6 months membership.
