### Y. M. C. A. TRAINS SCHOOL BOYS TO BE GARDENERS

Will Give Membership and Cash Prizes as Incentive for Excellence.

Gardening clubs among the boys of the Omaha public schools are now being promoted by the Young Men's Christian association. It is the aim to get the lads interested in some kind of work that is productive. Enrollment is free and in the late spring there will be an exhibit of vegetables at the Young Men's Christian association building and \$50 cash and three Young Men's Christian association memberships will be given as prizes.

In connection with the gardening club interest is being awakened among the school boys in the big indoor athletic meet April 1 at the Auditorium. Practice has started and ten boys from each school will prepare for the preliminary at the Young Men's Christian association early in May, when one boy from each school will be chosen for the athletic meet in the City Auditorium about the middle of May.

The Young Men's Christian association park on Levi Carter lake is high and dry, despite the report last week that it was flooded with water. Moreover, it is stated that the twenty acres comprising the park has never been known to be under water.

Between \$200 and \$1,000 will be spent this year on improvements at the park, which will include new basins, dredging, bath house and locker rooms for women, running track of 225 yards straightaway, additional tennis courts, sinking a second well and work on the base ball diamond. There will be more bungalows to add to the ten already there, and the number of tents this year will probably be doubled.

## DREXEL'S FOOT COMFORT SHOES FOR WOMEN

Every day we receive compliments from women who are wearing our anti-bunion shoe. This shoe is so constructed that even though you have bunions or enlarged joints, you can wear it with perfect comfort.

It is a specially constructed woman's shoe, made one size smaller at the instep and two sizes wider in the sole. This gives a snug fit over the instep and through the heel and at the same time allows the foot to rest wholly on the sole as it should and not on the uppers.

The stock is fine soft kid and the soles are flexible. We have them in button and lace, dress and common sense toes.

Don't suffer with your feet when you can get shoes like these.
