

At Last A Filing System Suited To Your Needs - No Matter How Small

THINK of it—a modern business system—made up of just the arrangement of drawers, cabinets, etc., peculiar to your needs—standard in construction and finish, as practical as the most elaborate system for the largest concern or office in existence—but "scaled down" to your needs.

Not a cent to put into useless, idle capacity—complete as only Shaver-Walker devices are complete with standard size drawers, indexes and filing compartments, but only half as many of them—only half the cost.

A system built with the idea of seeing how little you would have to spend, not how much.

There is no excuse now for old-fashioned, costly, out of date methods, no matter how business—no reason for longer foregoing the saving and convenience of modern methods—Reasons have shown your filing problems.

We will be glad to talk it over with you without obligation on your part if you will drop in to see us. It's no trouble to tell you all about it and show you this new filing improvement in filing devices. Just try us and see.

WELCOME TO THE ATHLETES

Arch Will Be Lighted for Indoor Meet, Says Mayor.

SEATS STILL BEING RESERVED

Demand for Places at the Auditorium Continues to Come In—Opening is Next Friday Night.

Mayor Dahlman has directed that the Welcome arch at Eighteenth and Farnam streets be lighted for the week with the words, "Welcome Athletes," in honor of the big indoor meet at the Auditorium Friday night.

As the time for the meet approaches the interest seems to increase and the mail reservation for seats continues in addition to the box office sales, giving indication that the house will be crowded. Nearly all the boxes have been sold and will be occupied by the leading society people of Omaha.

Not only will large numbers of colleges be represented, but neighboring high schools will send teams and delegations to back them from several towns, including Lincoln, Council Bluffs, South Omaha, Winbur, St. Joseph, Kansas City and Des Moines.

The entire west end of the balcony will be occupied by the Omaha High school students and their band. One section will be occupied by the Omaha Elks, one by the Commercial club and their guests from Des Moines, the Des Moines Commercial club; one section by Council Bluffs rooters, one by South Omaha and Bellevue rooters, one by Lincoln rooters and one by the Young Men's Christian association. Each of these delegations will see that their sections are decorated with their colors, making quite an animated scene.

Eight fraternities from the University of Nebraska have reserved boxes in the east end of the Auditorium. Forty-six colleges, schools, clubs and athletic associations will be represented at the meet, covering the entire central west and over 300 athletes will be present to compete.

Zbyskbo and Jess to Meet Again

Two Big Fellows Will Wrestle at the Auditorium Night of April 13.

Manager Gillan has received acceptances from both parties for his offer for a return engagement at the Auditorium between Zbyskbo and Westergaard, the date being April 13.

The unsatisfactory ending of the former wrestling match between Zbyskbo and Westergaard, which was caused by a fall from the platform, has created a demand for a return match, and to satisfy the wrestling fans, Manager Gillan has arranged for it. The coming match will be catch-as-catch-can to a finish, best two out of three falls. It was thought before that last match that the Poles had something on Westergaard, but this opinion was changed by those who saw them together, as most all left with the idea that Westergaard had the better of the argument.

GREAT FIRE AT HOLDREGE

Grain Elevator and Other Property Destroyed, Causing \$350,000 Loss.

WIND HAMPERS FIRE FIGHTERS

Ten Residences on Fire at One Time, All but Four Saved—Central Granaries and Burlington Heaviest Losers.

HOLDREGE, Neb., March 29.—(Special Telegram.)—Last night's fire loss which was at Holdrege, Neb., was estimated to exceed that amount by \$50,000. The Central Granaries company of Lincoln is the heaviest loser, its storage elevator with 500,000 bushels capacity being entirely destroyed besides about 150,000 bushels of grain, this loss being about \$250,000. The Burlington railroad's loss is about \$200,000, including a coal chute and twenty-two cars, six coal cars and sixteen box cars, a number of them filled with merchandise.

Four residences and outbuildings, aggregating \$400, were also entirely destroyed, besides practically all of the house hold effects belonging to the owners, Warren Kendig, Albin Anderson, James Skiles and Charles Bacon.

This is the third time in two years that the large grain storage house has caught fire, but on previous occasions the firemen, aided by the wind, were able to overcome and manage to extinguish the flames. Last night, however, the fire, which originated in the old part of the elevator, was fanned into flame by a terrific south wind, which rendered it impossible for the volunteer firemen to play water at the fire.

The Central Granaries' property, every energy had to be concentrated on saving the residences and buildings that were in serious danger for about two hours. At one time ten houses and numerous outbuildings were on fire at once, but the firemen, aided by the wind, were able to overcome and manage to extinguish the flames. Last night, however, the fire, which originated in the old part of the elevator, was fanned into flame by a terrific south wind, which rendered it impossible for the volunteer firemen to play water at the fire.

The loss on the elevator and grain is well covered by insurance, as is most of the Burlington property and two of the residences. The railroad tracks are so badly warped and strewn with debris that it was necessary to divert No. 6, 8 and 2 by way of Red Cloud, while trains on the Nebraska City and Cheyenne lines are tied up on sidings and will not be able to move until this afternoon.

HANS SMITH KILLED WHILE SWITCHING CARS

Employee of Omaha Road Fatally Crushed by Steamers Not Definitely Known.

On the way to the Methodist hospital last evening Hans Smith of 2383 Ohio street, a switchman in the employ of the Chicago, St. Paul, Minneapolis & Omaha railroad company, died as the result of injuries received while at work in the vicinity of the crossing at Thirteenth and Grace streets. He was struck by a train of cars.

There is, however, another version of the fatality, that Smith was standing at the end of the line of storage cars, not expecting them to be moved, that a car was switched against them and he was caught unawares, knocked down and hurt. The whole or a portion of the body was cut and bruised.

The deceased, who had been in the employ of the company for thirty years, had formerly been a car repairer, but an accident, which deprived him of the use of one of his legs, relegated him to the position of a stationer in the yard.

He is survived by two sons, James N., who is in the auditing department of the Burlington, and George, a boy of 14; and two daughters, Christine and Andrea. All except James lived with their father. James N. Smith resides at 2822 Ohio street.

Much More Work in the City Parks

Superintendent Asks for More Paying and Walk Building Than Funds Permit.

Superintendent Adams has presented to the Park board some suggestions for improvements that ought to be made this year, in the way of paving, benching, painting and laying walks in the boulevards and parks. His suggestions contemplate something like 95,000 square yards of the kind of work indicated.

At a meeting Monday afternoon the board members could not figure out a way to make available the money to take care of all the work this year. It was tacitly agreed that as much as can will be done, in that line, where most needed.

Joseph Redman, president of the Fifth Ward Improvement club, presented some resolutions passed by his organization, asking the board to set aside a portion of Kountze park as a public playground. If this is done, he said, the Omaha Playgrounds association will fit up the part set aside with swings, sand piles and everything necessary for the enjoyment of the youngsters of the Fifth ward. Superintendent Adams will investigate and comply with the request, if possible.

The members of the board held a session with representatives of the Omaha Street Railway company with reference to the construction of a loop into Elmwood park. It was agreed to meet again this morning at the office of the street railway company to finally go over the plans and agree on the proper location for the loop. While the discussion was in progress Colonel Sargent Stetis, superintendent of the street railway, said that he could not see where the street railway company was showing the slightest indication of public spirit in its treatment of the loop proposition.

FRACTURES SKULL BY FALL

Miss Anna Maurer Suffers Injury While Alighting From Street Car.

Anna Maurer, employed as a nurse at the residence of A. J. Beaton, 614 North Fortieth street, met with an accident while alighting from a street car at Twenty-fourth and Binney streets last night. She was going to attend a party at the house of Rev. P. H. McDowell and somehow missed her footing when getting off the car and fell to the street, sustaining a fracture of the skull. She was attended by Dr. Mary Story and Dr. C. H. Johnson, and taken to St. Joseph's hospital.

Church Members Bestow Farewell Words on Pastor

Rev. Dr. L. O. Baird and Mrs. Baird Tendered Reception Before Leaving for East.

Members and friends of St. Mary's Avenue Congregational church to the number of about 200 joined in a farewell reception at the church parlors last night for the retiring pastor, Dr. L. O. Baird, and his wife. Good fellowship prevailed and there were many expressions of appreciation of the efforts and results credited to Dr. Baird during his pastorate of nearly five years in Omaha.

An impromptu program was carried out with N. H. Wood as chairman. Mr. Wood congratulated Dr. Baird on the larger work to which he had been called and said his influence would remain with St. Mary's church. Dr. Baird thanked the congregation for their loyal support, praised the men for their activities and the women for their co-operation, and said, "I trust as I go that our interests may be knit together and that I may constantly hear of the movement forward of this people."

Resolutions on the resignation of Dr. Baird were read by H. C. Wade and adopted. Expression was given to the regret at the pastor's departure and to appreciation and recognition of his work under which the church has prospered in all its departments. Mention was made of the respect and esteem in which Dr. Baird and his wife are held and the assurance set forth that they shall not be forgotten.

The musical program included solos by E. F. Williams and Miss Blanche Sorenson. Mr. Williams sang "The Mighty Deep" by Jude, with "Irish Love Song" by Lang as an encore. Miss Sorenson sang "The Spring Has Come" by Whitte, followed by "When the Roses Bloom" by Reichardt and "On the Shore" by Nieldinger. Victor Vaughn Lytle, organist of St. Mary's church, was at the piano.

The Grand Bouncers, an organization of about thirty-five boys, which was started last October by Dr. Baird, joined in the reception and gave their yell while the guests were gathering. The Grand Bouncers are boys of high school age. They are preparing for a minstrel show April 13.

Refreshments were served by the women of the church. Mrs. Freeman being chairman of the committee. Among the guests at the reception was Dr. C. O. Smith, pastor of the First Congregational church of Council Bluffs, who has been intimately associated with Dr. Baird during the latter's work in Omaha.

Previous to the church reception a number of ministers of different denominations held a short meeting in honor of Dr. Baird and Dr. R. A. D. Martin of the Central United Presbyterian church, who is also leaving Omaha. Dr. Baird, who takes up the work as secretary of the American Missionary society, with headquarters in Chicago, departs this evening for Nashville, Tenn., to be present at the inauguration of President States of Flak university, a leading institution for education of colored young people.

Would Have Cost Him His Life. Oscar Bowman, Lebanon, Ky., writes: "I held a short meeting in honor of Dr. Baird and Dr. R. A. D. Martin of the Central United Presbyterian church, who is also leaving Omaha. Dr. Baird, who takes up the work as secretary of the American Missionary society, with headquarters in Chicago, departs this evening for Nashville, Tenn., to be present at the inauguration of President States of Flak university, a leading institution for education of colored young people."

COUPLAND TO STUDENTS

Member of Board of Regents of the University Speaks at Omaha High School.

George Coupland, regent of the University of Nebraska, addressed the pupils of the Omaha High school Monday afternoon. Mr. Coupland gave a very interesting talk, a good part of his address being on the wasteful methods of American farming and the yearly decrease in the food supply of the world. He explained several ways in which this could be remedied, more especially by scientific means, and showed how a college education is a valuable asset in a young man's life in the present.

C. Prince of the Lincoln-Jefferson university was also a visitor at the high school Monday.
