Little Giant's Campaign Thunder Swept by Man Who Was Before Double-Crossed—Wilson on Option.

(From a Staff Correspondent.)
LINCOLN, March 30.—(Special.)—It has developed that the announcement of William B. Price for the democratic nomination for United States senator upset, for a time at least, the plans of the Bryans. Mr. Price endorsed county option as a part of his platform, and the Bryans had expected W. H. Thompson to be the democratic senatorial candidate to stand up for that end of the game. In fact, it is told on the most reliable authority that Mr. Thompson had agreed to this arrangement, and the plans had been set for his public statement when Mr. Price jumped into the game.

To head Mr. Price off at the outset it was suggested to him to run for congress in the First district against J. A. Maguire, who up to this time has not formally endorsed county option, but Price had in his bonnet the senatorial seat, and no congressional sop would satisfy him. So, before Thompson had a chance to embrace the Bryan program Price made his announcement. Those who pretend to know say that C. W. Bryan remarked that "Price made his announcement too early." These same people finish the statement with the addition, "for Thompson." For the Grand Island man, they say, had decided to follow the Bryan instructions. His public announcement now, it is said, will be delayed until Price's platform appears.

Statements from prominent democrats who are here attending the conservation convention indicate that the democratic convention will be held at some place in the county option endorsement of any ever held by that party in Nebraska.

On the one side will be C. W. Bryan and Tom Allen backed with orders from W. J. Bryan, even if the presidential candidate is not here in person, fighting for county option endorsement, while on the other hand the rank and file will be led by Mayor Dehman in opposition to the program. Looking on will be Governor Shallenberger ready to endorse the winning platform.

"I believe the democratic convention will endorse county option," said Victor Wilson of Polk county. "I understand that Mr. Bryan is going to study the state for it during the month of May, and it seems to me the party will place county option in the platform. I am not a candidate myself, but shall support Governor Shallenberger."

Wilson's Option Plan.
Victor Wilson of Polk county has prepared a plank for submission to the democratic state convention upon which Governor Shallenberger can stand.

The plank he proposes is as follows:
"We recognize upon the question of county option that the people of each legislative district, rather than the state convention, have the right to instruct their representatives in the state legislature, and we hereby pledge that the democratic nominee for governor, will, if elected, approve any bill passed in accordance with such instructions."

Mr. Wilson said he believed this plank would be satisfactory to the county option advocates of the state and would not displease to those who opposed county option. The plank was given out after Mr. Wilson had talked with the governor and other democrats.

"The democratic party will stand on its record," said Representative Graf of Cumming county. Mr. Graf made no explanation of whether that meant the 8 o'clock closing law and no more insofar as the liquor question is concerned.

Several democrats said they were not surprised at the statement of Tom Allen for county option as they had been given to understand he would come out for Bryan program in due time.

One of the most prominent democrats in the state, who has always been a close personal and political friend of Mr. Bryan, but who refused to permit the use of his name had this to say of the democratic platform:

"The liquor question divides families and arrays brother against brother. It is the one question upon which members of parties cannot agree. Because of the intense feeling engendered I am satisfied Mr. Bryan will never be able to force a democratic convention to the county option. Mr. Bryan has not had plain sailing in the democratic conventions for some time, but it has taken hard work to get the party to endorse his ideas. That satisfies me that he cannot lead the party to an endorsement of county option."

Fort Calhoun on Old Map.
After long searching for the earliest possible date of the location of Fort Calhoun and failing to find a record earlier than the '60s, C. E. Paine of the State Historical society stumbled onto some interesting information regarding the time this fort had been in existence in a casual talk with L. E. Wetting.

When he had informed Mr. Wetting that he had written the War department for a copy of records bearing on the date the fort was established and had received no information of value, Mr. Wetting got busy on some books formerly used by his father in France. In the lot was a geography in use in the French schools in 1846-47. This geography contains a map of the United States and Fort Calhoun is set out on the map.

DIVISIONISTS HOLD CONVENTION

Go to Grand Island to Formulate Plans for Fight.

GRAND ISLAND, Neb., March 30.—(Special Telegram.)—Under the banner, "Custer 1910," from fifty to seventy-five residents of various portions of Custer county, representing as delegates the different townships in the county, are in session here discussing the best plans for submitting the question of the division of Custer into several separate counties. Owing to the lack of railroad facilities from the southern portion of Custer to any other point in the county, and partially, too, possibly, as evidence of the lack of communication between the several sections of the county, the convention was called in Grand Island, delegates from the northern part of the county having easy access to this city by the Burlington, and those of the southern by the Union Pacific.

Mr. Breaga of Callaway was made chairman and Mr. Kelly of Merna, secretary. All of the afternoon and part of this evening were devoted to a discussion of division plans. One proposal is for irregular boundaries, and another for straight lines

of the new counties, leaving Broken Bow, the present county seat, in the northwest corner of the southeastern county. The fact that Broken Bow has now no court house and that a proposition to make a levy for rebuilding at Broken Bow is under consideration is believed by the delegates to be in favor of carrying the proposition at this time.

Many Autos in Phelps.
HOLDREGE, Neb., March 30.—(Special.)—Some idea of the prosperity of this country can be gained from the fact that within the last three weeks there have been sold by automobile dealers in this city also sixty cars. Not all of them have been sales in this county, but have been in counties adjoining for which this city is the distributing center. Two or three dealers, for whose cars there has been an unusual demand, have already expressed themselves as fearing that they could not meet the demand a little later in the season. The most of the cars have gone to farmers, who have not bought them any more for pleasure than for profit, having found that they are of considerable use on the farm.

Alleged Thief Shot by Sheriff

John Douglas, Suspected of Stealing Horses Fatally Wounded by Knox County Officer.

NORFOLK, Neb., March 30.—John Douglas, a horse thief, was shot twice and fatally wounded at a ranch on the north-east of Norfolk last night by Sheriff Vianick of Knox county, while coming to a ranch with three horses to spend the night there.

Farmers held him by strategy until the sheriff arrived. Douglas was on horseback and attempted to draw a revolver, when the sheriff shot him twice, after firing several times wide of the mark intentionally. Douglas is about 25 years of age.

"If I'd known he was a sheriff he'd never shot me first," he said.

Chase County Prosperous.
O. P. Shallenberger, brother of Governor Shallenberger, visited the executive today. Mr. Shallenberger is a pioneer citizen of Imperial county seat of Chase county, where he, besides being in the banking business, also owns considerable land and deals in cattle. Besides that Mr. Shallenberger is considerably interested in a 14-month-old baby, over which he is mighty proud. The baby, Mr. Shallenberger is interested in has deposits to the amount of \$225,000, and according to the population of Chase county every family is represented by a depositor. Imperial has about 100 inhabitants, which shows that this part of the Nebraska frontier is pretty prosperous.

Higher License Move Illegal

KEARNEY, Neb., March 30.—(Special.)—Attorney E. C. Calkins has submitted an opinion to the city council in which he declares that the city cannot legally raise the saloon license to \$1,500 per year as the people voted for and against licensing the saloons under the provisions of an existing ordinance. However, an occupation tax of \$1,000 can be placed and with the present license fee of \$500 will make the cost to the saloonkeeper \$1,500. Of this amount only \$500 can be in the school fund and the balance will go into the general city fund.

A GREAT CURSE OF MODERN LIFE

There is no more serious danger to health than the presence of too much uric acid in the body. It is the duty of the kidneys to rid the system of uric poisons as fast as they accumulate. When the kidneys fail to do this work thoroughly, uric acid attacks begin, first in one part, then in another.

The cause of these attacks is so likely to be mistaken, even by a doctor, that it is well to post yourself on the subject. If uric acid troubles are recognized in the beginning, it is easy to cure the weakened kidneys with Doan's Kidney Pills, and when the kidneys are working right again, the uric acid will be driven off as fast as it gathers in the urine.

It is dangerous to neglect sick kidneys. It leaves the uric acid free to attack and damage every organ of the body. The blood gets so thick with waste matter that it moves slowly, the heart beats queerly, the veins and arteries harden; uric acid crystals are deposited in muscles and joints, and are likely to form into sediment, gravel and stones in the kidneys and bladder; dropsy swellings appear and the grad-

ual tendency is towards Bright's disease.

The pains from uric acid attacks are characteristic; backache, sciatica, muscular or articular rheumatism, neuralgia, lumbago, pains through the hips and groin, headache and nervous disorders. When sediment appears in the urine and you begin to feel odd twinges of pain, the kidneys are not doing their duty and treatment with Doan's Kidney Pills should be begun at once. What this remedy has done for others it will do for you.

OMAHA PROOF.
Charles Pulling, 2455 South Fifteenth street, Omaha, Neb., says: "I have no hesitation in saying that Doan's Kidney Pills are a good kidney remedy. My back was lame and painful and I was annoyed by a too frequent desire to pass the kidney secretions. It was difficult for me to stoop on account of the sharp pains in my joints. Soothing statements given by parties who had taken Doan's Kidney Pills with benefit, I procured a supply of the remedy. It relieved me and proved of benefit in every way."
