Tugboat Masters Strike in New York for Increased Pay.

FREIGHT TRAFFIC DEMORALIZED

Passenger Service in Port Not Affected by Walkout—Four Big Railroads Are Deprived of Boats.

NEW YORK, April 1.—About 150 masters and 160 pilots of New York harbor...

In a statement issued last night the companies said they had received applications for work today from 1,000 men in Albany, Boston and New York...

Under the provisions of the admiralty law officers holding federal licenses are forbidden from going on strike...

Therefore the men chose to resign, but it is well understood that their action follows a refusal of the four roads to grant their demands for less work and more pay...

The four roads affected are the Delaware, Lackawanna & Western, the Central Railroad of New Jersey, the Baltimore & Ohio and the Lehigh Valley...

The Pennsylvania recently offered its men a 6 per cent advance in pay...

Dorando took the lead at the start, but surrendered it to Longboat after the second mile and during the next five miles each lost it twice...

PITTSBURG, April 1.—Not more than twenty-five yards separated Dorando and Longboat at any point in a fast twenty-mile race at the exposition hall tonight...

Iowa Athletic Board Makes Two New Rules

Students Are Limited to Major Sports and Number of Men on Traveling Teams is Reduced.

IOWA CITY, April 1.—(Special.)—Iowa's board in control of athletics passed two radical reforms at its meeting this week when it was voted to limit an athlete to two major sports and to cut down the number of the athletes who will be taken on the trips of the teams.

The action of the board was not expected until next fall and came as a surprise. It is strictly in accord with the sentiment expressed by Hon. James H. Trewin, chairman of the Board of Education...

The board is confident that this rule will be of great benefit, as every man will be in shape to give the best he has during the time that he actually competes.

Another advantage which is expected to result is the encouragement given to the unknown athletes through the curtailment of the activities of the star. The board believes that in this way a more personal interest toward Iowa's athletics will be built up among the students.

At present there are few athletes in the present form of the state who are not expected until next fall and came as a surprise.

Therefore the men chose to resign, but it is well understood that their action follows a refusal of the four roads to grant their demands for less work and more pay.

St. Joe Turns Out Large Crowd for the First Game

Eight Hundred Fans See the Drummers Lose to the Browns in the Last Inning.

ST. JOSEPH, April 1.—(Special.)—Jimmy Stephens, who went in for Kinnesia in the last half of the ninth Thursday afternoon, snatched victory from Drummers when, with a long fly to center field, he secured the first real base ball game played by a St. Joseph league team in six years.

The crowd was made up of live ones from start to finish and the Browns were not neglected when it came to distributing applause.

On the second game, Powell and Kinzell, with Kluffe, back of the line, and Triff locals gathered four hits off Powell, which materialized into four scores in the first three innings, but could do little with him thereafter.

Kinnesia, who was in the three-I league last season, finished the game and only one hit was recorded against him.

Tommy the Midget is Some Racer

Little Athlete from 'Chi' is One of the Features of the Big Meet.

Five feet two inches short, weight 100 pounds—these are the dimensions of Tom Croomb, the tiniest athlete to enter the indoor track meet here.

His name, of course, is Thomas Croomb, but who could be so pompous about a midget. So, with this little racer it is "Tommy this and Tommy that."

Tommy, in the terms of the vernacular, is "some goer." Tommy goes for two miles at a stretch about as fast as a man can travel by hand.

His plans and specifications keep him from appearing the least bit sawed off or chunky. This Tommy of "Chi" is a spare, trim built bit of a bird, with clean cut legs and lungs enough to keep their owner in condition for consecutive operation at a high rate of speed.

Mr. Croomb carried off the outdoor championship for two miles at Chicago last summer. He will have to be reckoned with in the meet tonight.

Another energetic youngster from Chicago is Max Bookelman, whose introduction to athletics came through the public playgrounds of the city. Max, as a bare legged youngster early began to show real form and he soon became a "find" for the Chicago Athletic club, Bookelman runs the quarter and the 200, but tonight he will appear in the relay.

G. F. J. Jaber, who established a record of 4:4 in the quarter at Seattle last summer, a graduate of the University of Illinois, is to be in the meet.

GLIDDEN RACERS ARE BEHIND

Mitchell Pathfinders Lose Time as Result of Accidents.

Browned with the tan of a dozen states, the three riders in the Mitchell Glidden tour pathfinding car arrived in Omaha at noon Friday.

"We are many days behind our schedule," said Stewart DeKraft, who keeps the log of the tour. "In the first place we have met with all sorts of accidents trying to stretch our rides into the night and besides we have lengthened the route from the 2,300 miles which was originally mapped out."

"We did not know that Lincoln and Omaha were to be on the route when we left home, but were informed by wire to turn to Lincoln from St. Joseph, as these towns were to be included in the tour."

"Since leaving Texas we have struck the best kinds of roads and weather and have been able to bowl along as fast as we wished. But before that time, in Arkansas and Alabama and Mississippi the roads were a fright in places and we want to forget them. Our place was wet and for five days by breaking down because we hit a stump which was covered up in slushy mud a foot deep."

In the car when it arrived in Omaha were Frank N. Zierles, W. A. Krohn and Stewart DeKraft. They are quartered at the Rome and will leave for the east Saturday morning.

Telling Off in Revenue Receipts—The internal revenue receipts for the Nebraska collection district fell off \$18,456.40 for the month of March, 1910, as compared with the receipts for the corresponding month of last year, but \$13,983.80, while those for the month of March, 1909, were \$22,825.84. There is no particular significance to this decrease, being merely incidental to the season of the year, the deficiency being in the tax on spirits.

Naval Enlistments for March—The total enlistments for the United States navy at the Omaha recruiting station were only fifteen during the month of March, 1910. The applications for enlistments closely approximated 100, but as the quota for service is about at its maximum, only the most desirable candidates for enlistment were accepted. There is a strong tendency toward re-enlistments at this season of the year, and as these are at all times preferable, the Navy department is disposed to accept only the very best material for new enlistments.

Central Club Meeting Open—The meeting of the Central Republican club this evening will be open to all republicans. Besides arranging for the annual banquet, to be held May 1, the club will listen to an address by Thomas W. Blackburn on the relation of insurgency to the republican party.

DOG LICENSES ARE POPULAR

More Than Two Hundred Tags Are Bought in One Day at the City Hall.

Owners of dogs are flocking to the city clerk's office in bunches these days. Over 200 persons took out dog licenses Thursday, and it looks as if today's list might surpass that figure. Up to this time 1,300 licenses have been issued. Last year the clerk did not begin to issue licenses until May 1, but the dog catchers were to be on the street a month earlier than that date this year. They are not yet out, as Poundmaster Waggoner has been unable to arrange with the city council to purchase horses to haul his wagons. It is expected to have this hitch straightened out by Monday, and then the dog catchers will begin to use their irons in earnest on unlicensed canines.

DRIVES OUT S.S.S. BLOOD HUMORS

When we see persons with soft, smooth skins we know at once that their blood is pure and healthy, that the cuticle is being sufficiently and properly nourished by the circulation. But when the blood becomes infected with any unhealthy humor the effect is shown by eruptions, boils, pimples, or some more definitely marked skin disease such as Eczema, Acne, Tetter, etc. Humors get into the blood usually, because of a sluggish condition of those members whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter, left in the system, sours and ferments and is soon absorbed into the circulation, filling the blood with an irritating humor. Remove these humors and the skin disease can not exist, because its very cause is then destroyed. S. S. S. cures all humors of the blood because it is the greatest of all blood purifiers. It cleanses the blood of every particle of unhealthy matter, enriches the circulation and causes it to supply healthful nourishment to all skin tissues. Then the skin becomes soft and clear. Local applications can not cure, they can only soothe by temporarily reducing the inflammation, but the cause remains in the circulation and the eruption will be no nearer well when the external treatment is left off. The humors must be removed and nothing equals S. S. S. for this purpose. Pure Blood makes healthy skins and S. S. S. makes pure blood. Book on Skin Diseases free to all who write and request it. MANY STATES IN BIG MEET

(Continued from First Page.)

evening when members of the Des Moines Commercial club, who were entertained by the Omaha club, referred constantly to this city as "Des Moines."

The theory is that he might have time to beat the forgetfulness of Des Moines speakers was amusing and received as a compliment.

In the Commercial club rooms the president of the Des Moines Commercial club and a score of members were given a 6 o'clock dinner at the Omaha club, with palms, the finest electric places which an enterprising company could install, and in this light, among the palms and flowers, the Des Moines visitor to the athletic meet were given a real dinner.

The Des Moines Commercial club men saw that every speaker was greeted with a "welcome" and "time to think of something to say."

Mayor J. C. Dahlman of Omaha welcomed the guests and President B. F. Kauffman of the Des Moines club responded. Then came a series of five-minute addresses from members of both clubs called by David C. Drake, president of the Omaha club.

Among those who spoke were C. G. Rosewater, Omaha; H. I. Chase, Des Moines; W. E. Reed, Clement Chase and A. W. Jeffers, Omaha.

Mr. McVicar made a serious address, speaking of Omaha's spirit being strong, but that the first step to have an ideal city because he thought the system of government wrong, and with Mayor Dahlman at his left, he said it was not the fault of the administration that Omaha had the reputation of having dirty streets, it was the fault of the system which made it necessary to secure petitions and go through a lot of red tape before the streets could be put into such a condition as to make it possible to keep them in the condition an enterprising city would want them.

The Des Moines club members present were B. F. Kauffman, president of the Des Moines club; H. B. Hottel, secretary of the Des Moines club; John McVicar, F. A. Shumaker, James Martin, Walter S. John, Fred D. Carr, James Atkinson, H. S. Chase, F. J. Younkers, Captain Miller, Mack Olsen, E. S. Walker, D. E. Moon, J. F. Farrell and J. W. Warnush, president of the Fort Des Moines National bank of Chicago.

UP TO OMAHA ATHLETES NOW

Meeting to be Held Today to Talk Membership in A. A. U.

The future of amateur athletics in Omaha and this territory is involved in a meeting of the officials of the Amateur Athletic union and the exponents of athletic affairs of the vicinity to be held Saturday noon.

While it has been designated a "boosters' meeting," it is in reality a conference for the taking
