

## Some Information About Columbian Brand Felt Mattresses.

Price and all considered, there is always a "best" to everything. In mattresses, to be purchased by people in the city of Omaha, the "best" means Columbian Brand -Elastic white cotton felt always. Columbian felt is made from the finest long cotton fibres, which have been garnetted or "felted" into layers by the latest improved and best modern machinery ever invented for the purpose. By this process all dust, germs, etc., are removed, and the cotton is transformed into strong, bouyant layers and is in every way the very choicest material that can possibly be used in a mattress,

# What Your Money Buys

The price of each mattress is governed by the amount of feit used and the length of the cotton fibres contained in each layer of feit. All grades will be made in either plain stripe or fancy art ticking. Competition and Dalay grade made with Imperial roll edges. All other grades with Imperial French edges of finest design. Every Columbian mattress is guaranteed not only for two or three months but for years. Any failure of a Columbian Felt Mattrees to give excellent results may be reported to the factory at any time and the trouble will be adjusted carefully and promptly. When you buy a mattress, just pay for the mattress. Buy a Columbian.
