Kansas Man Blows Woman's-Head Off

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, is it not reasonable to believe that it is an article of great

We challenge the world to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has Lydia E. Pinkham's Vegetable Compound, the famous woman's remedy for woman's ills. Unless it is a very good medicine and the claims made for it are honest, such a record would have been impossible -fraud or misrepresentations would long ago have been detected and the business gone into oblivion. Read this unsolicited letter: -

Corry, Pa. - "I am happy to write you about the benefit I received from Lydia E. Pinkham's Vegetable Compound. Before my marriage two years ago, I suffered something awful every month with pains and other distressing symptoms, and I took Lydia E. Pinkham's Vegetable Compound in dry form. Since then I have never been troubled with pain, not even a dull backache or headache, and it has helped me a good deal before childbirth. I recommend your medicine wherever I go." -Mrs. E. E. Ross, 112 E. Church St., Corry, Pa.

When a woman like Mrs. Ross is generous enough to write such a letter as the above for publication, she should at least be given credit for a sincere desire to help other suffering women. For we assure you there is no other reason why she should court such publicity. We say it in all sincerity and friendship-try this medicine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit. Mes. Pinkham invites all sick women guided thousands to health free of charge.
Address Mrs. Pinkham, Lynn, Mass.
