ROOSEVELT ENDS ROMAN SOJOURN

Final Day in Italian City is Busy One for Former President and Family.

CALLS UPON ARCHEOLOGIST

Also Receives Baron Favna Former Italian Ambassador.

YANKEE GUEST KEPT ON JUMP

Former President Attends Dinner Given by the Municipality.

ROUND OF SOCIAL FUNCTIONS

Mr. and Mrs. Roosevelt Will Spend Three Days in Carriage Drive from Town of Spezia to Genoa.

ROME, April 6.—The final day of Mr. Roosevelt's stay in Rome was quite as busy as the two preceding days. After dressing two hours in his small and icy rooms he left his hotel at 10 o'clock for a call on Prof. Giacomo Boni, the archeologist. At 12 o'clock he received a visit from Baron Favna, formerly Italian ambassador at Washington.

The historian, Guglielmo Ferro, entertained the former president and a few other friends at luncheon. At the same time Mrs. Roosevelt was the luncheon guest of Mrs. Leishmann, the wife of the American ambassador. There were twenty women in the party. Later Mr. Roosevelt went to the embassy and met Mrs. Leishmann's guests as well as a few other American and Italian friends, who had called there.

At 5:30 this afternoon Mr. and Mrs. Roosevelt, Miss Ethel and Kermit attended a tea given in their honor at the Capitoline museum. The tea preceded the dinner tendered Mr. Roosevelt by the municipality of Rome.

Long Carriage Drive.

At midnight Mr. and Mrs. Roosevelt will leave for Spezia, from which point they will begin, tomorrow morning, a carriage drive over the route to Genoa which they traversed on their honeymoon.

The American correspondents, who accompanied Mr. Roosevelt from Khartum have promised, at the former president's request, to respect the privacy of this journey.

The carriage drive from Spezia to Genoa, a distance of sixty-five miles, will occupy the greatest part of three days. Arriving at Genoa, the Roosevelts will proceed by train to Porto Maurizio, near the French frontier, where they will stop for three days at the villa of Miss Carew, Mrs. Roosevelt's sister.

Mr. Roosevelt has announced that he will receive no one at Porto Maurizio except Gifford Pinchot, the former chief forester of the United States department of agriculture.

Kermit Roosevelt and Miss Ethel will remain here until Saturday, when they will go direct to Porto Maurizio and join their parents.

Catholics Even Criticise.

A phase of the situation that is attracting more and more attention here is the open disapproval of the Vatican's action expressed by numerous Catholics. This is not confined to laymen, but extends to the hierarchy and even to the sacred college itself. Some of the cardinals have privately expressed dissent from action which places the church in a position in any way hostile to Mr. Roosevelt. Catholics dwell on the many evidences of this friendship while he was the occupant of the White House and declare that the church is being placed in a false position towards the ex-president and America. Responsibility generally is placed personally on the shoulders of Cardinal Merry Del Val, the papal secretary of state. An eminent ecclesiastic is reported to have said:

"It is not the church, but the private act of the Spanish secretary of state against the colonel of the Rough Riders in Cuba."

Merry Del Val's father, formerly the Spanish ambassador, who is now in Rome, and who often complained of the haughty and boastful attitude of the United States in the days of Spain's defeat, said to a friend:

"It seems providential that my son should be the man to humble a Yankee president."

Messages Endorse Roosevelt.

Mr. Roosevelt has received many messages, not only from friends in the United States endorsing his action, but from people throughout Europe, many of whom he does not know. Hundreds of telegrams from both Catholics and Protestants in America congratulating him on his stand relative to the conditions imposed by the Vatican have reached him, and this afternoon when he returned to his hotel he found an American priest, now located in Rome, who warmly felicitated him upon what he had done, saying he believed that American Catholics would endorse his action.

The ex-president, however, declined to give out any of these telegrams on the ground that they only serve to envenom the controversy he seeks to abate.

King Victor Emmanuel visited Mr. Roosevelt this morning and following a pleasant social chat they motored to the barracks of the Cuirassiers, where they witnessed a series of maneuvers.

In the afternoon, in company with Prof. Jesse E. Carter, director of the American School of Classical Studies at Rome, he spent considerable time exploring the capital forum. He was enthusiastic, saying: "No man can inspect the ruins of classical Rome without feeling that he is visiting the birthplace of civilization."

Returning, he stopped at an antique jewelry store, which he visited forty-three years ago as a boy. The proprietor searched the old register and found Mr. Roosevelt's name.

Receives Masonic Title.

Ettore Ferra, sovereign grand commander of the supreme council, Ancient Scottish Rite, with a deputation, called at his apartments and conferred upon him a high masonic title.

Mr. Roosevelt delivered a brief speech, in which he expressed gratification at the honor and insisted upon the principles of brotherhood, liberty and tolerance, which, he said, form the basis of regular free masonry throughout the world.

Troops Ordered to Albania.

CONSTANTINOPLE, April 6.—Fourteen battalions of Turkish troops here have been ordered to North Albania, where a revolt has broken out. The trouble is attributed to resentment against the new taxes imposed and is causing the government much anxiety.

Catholic Head Closeted With President Taft

Cardinal Gibbons and Chief Executive Express Regrets Over Roosevelt-Vatican Episode.

WASHINGTON, April 6.—Cardinal Gibbons called unexpectedly at the White house today and it was said to had been sent for by President Taft. After he had been with the president for fifteen minutes or more, the cardinal emerged from the executive offices and was accosted by a party of newspapermen.

"My call," he said, "had nothing to do with the incident at Rome. The incident was casually mentioned. The president expressed his regret and I expressed mine. It was a matter of mutual regret, but I assure you, gentlemen, the mention of the incident was casual. Good day."

Father Daugherty, rector of the Catholic university, accompanied the Cardinal to the White house, but was not present at the interview with the president, nor that with the reporters.

An hour subsequent to the cardinal's call at the White house, The Associated Press officer were called on the telephone by Father Doyle, of the Catholic university, who dictated the following statement:

"The visit of the cardinal to the White house today had no bearing on the affair at Rome and he merely expressed, incidentally, his regret at what occurred there and the president made no comment."

Bank Robbers Are Surrounded

Men Who Murdered Two Men at Pittsburg Reported Cornered at McKee's Rock.

PITTSBURG, April 6.—Sheriff Judd H. Bruff of Allegheny county is holding a posse of thirty men, armed with riot guns, in readiness for instant dispatch in automobiles to the Steubenville pike, eight miles from McKees Rocks, where five county detectives soon noon are reported to have surrounded the four bandits who last night robbed the Victor Banking company in McKees Rocks and shot down and killed the general manager and cashier.

President Amelini of the Victor Banking company said today:

"Very little money was obtained by the robbers, less than $400 as near as we can estimate. Yesterday afternoon a much larger sum was taken to a Pittsburg bank for deposit. The robbers must have thought this sum still remained in the McKees Rock institution. We are not offering a reward for the apprehension of the criminals."

Foot Ball Star's Wife Gets Decree

Heiress, Whol Eloped with "Tom" Graydon, Harvard Hero, Single After Seven Years' Married Life.

SAN FRANCISCO, April 6.—A decree of divorce was granted today to Mrs. Helen B. Graydon, wife of Thomas B. Graydon, a former Harvard foot ball star. Mrs. Graydon, who was Miss Helen Whitney, daughter of J. Parker Whitney, a millionaire capitalist of this city, eloped in 1903 with Graydon. She was then attending a fashionable New York boarding school.

Drop in Cured Hog Products

Pork Declines Dollar a Barrel on Chicago Market, Owing to Lower Price of Corn.

CHICAGO, April 6.—Possibility of a drop in the price of at least one item which enters into the cost of living—cured hog products—is seen in a sharp decline, averaging $1 per barrel in pork, on the Board of Trade today. The decline is attributed to the plentiful supply of corn in elevators and the lower price of this cereal.

Pittsburg Wage Conference Ends

Union Miners in that District Will Be Idle at Least Thirty Days More.

PITTSBURG, Pa., April 6.—The union miners of western Pennsylvania probably will remain on strike for the next thirty days at least. After a two-day conference the wage scale committees of the union men and the operators in the district No. 5, United Mine Workers of America, agreed late yesterday to adjourn sine die, the miners refusing to carry on further negotiations looking toward any arbitration of the new explosive clause in their demands.

There is but a scant month's supply of coal in the Pittsburg district.

PRISONERS' TALK HURTS DEFENSE

Alleged Postoffice Robbers Say Too Much for Own Godd and Thereby Practically Confess.

ADMIT IDENTITY TO CAPTORS

"Eddie" Fay and "Little Dick" Harris Own Up to Own Names.

QUESTIONS DAMAGE MEN'S CASE

They Ask Inspectors How Trunks of Booty Were Located.

DETECTIVES TELL THE STORY

Alleged Burglars, They Say, Were so Pigued at Capture that They Became Inquisitive and Confessed.

NEW YORK, April 6.—Three new alleged individuals known to the police and federal officers as "Eddie" Fay and "Little Dick" Harris, charged with the recent robbery of the Richmond, Va., postoffice, in which more than $80,000 loot was obtained, were so togged after their arrest that they could not resist congratulating their captors and admitting their identity, according to the testimony of postoffice inspectors at the arraignment of the prisoners in New York today.

Now they are indignant when referred to as Fay and Harris. The two alleged burglars virtually confessed shortly after their arrest, so the inspectors testified, and upon this the government will largely build its case to force extradition, which the prisoners are bitterly resisting. Inspectors J. C. Koons and J. B. Roberts of Washington were the witnesses who told of the accused men's alleged lack of legal caution.

Roberts testified that in an interview at police headquarters the prisoner, who calls himself "Little Dick" Harris, told him that the inspectors had done a remarkable piece of work in making the capture and asked how they were able to trace them so quickly from Richmond to New York.

Koons said that when he called at the tombs the prisoner who insists that is he is Frederick Cunningham, but who has been identified by the New York police as the daring "Eddie" Fay, said to him:

"I'd like to know how you traced those trunks from Richmond to New York."

Further Confession.

"I told him," said Koons, "that we obtained an accurate description from the negro who drove them to the Richmond depot and that we followed them quickly after that. Fay, or Cunningham, then said to me: 'We made a mistake in getting them out of Richmond so soon. Then, in getting the trunks away we should have had an automobile.'

"During the same interview," the inspector continued, "I asked Cunningham what was in the bottle we found in the trunk with the extra fine set of safe blowers' tools. He replied 'I've been a little worried about that. That's nitroglycerine. You'd better get rid of it before it does damage.' I poured the nitroglycerine down a waste pipe of a sink in the building."

Henry A. Wise, United States district attorney in New York, and L. L. Lewis, United States district attorney at Richmond appeared jointly for the government today.

Thief Battles with Woman; is Captured by Policeman

A thief in a hand to hand struggle with a stenographer, who after discovering him in the act of searching her pocket book, tried to keep him imprisoned in an office in the Barker block, escaped only to be recaptured by a policeman in a running fight on Sixteenth street.

"Let me see your directory, please," said a strange man, as he entered the offices at room 26 Barker block, addressing Mrs. Kate Massey.

She referred him to the telephone book lying on a desk. A few moments later she saw him open her reticule, which was on the desk, and extract her purse.

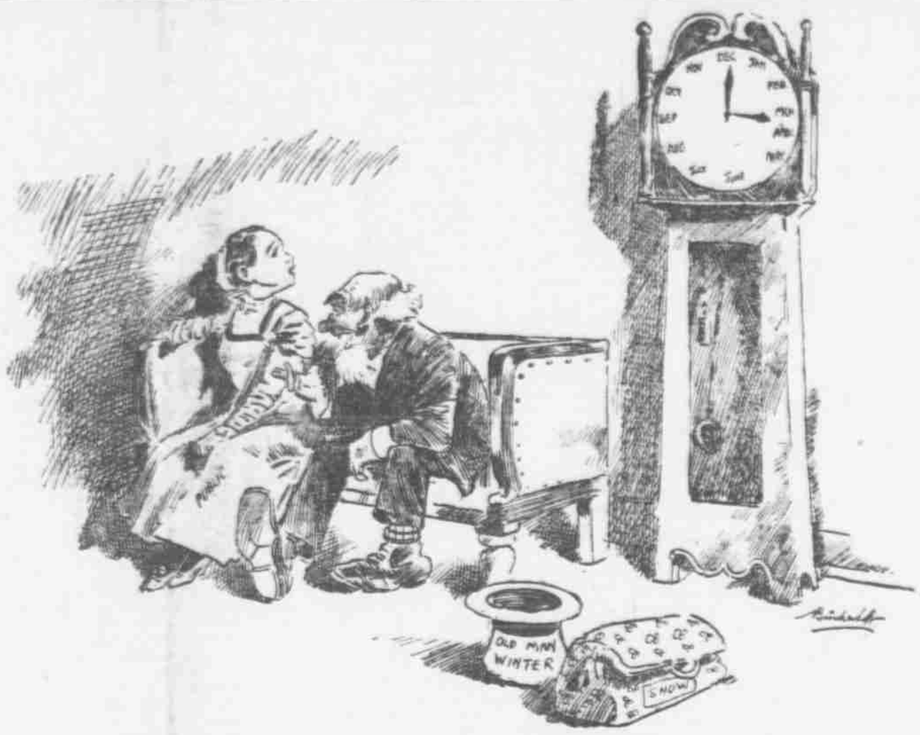
She leaped to the door and screamed for help. A struggle with the intruder at the door, in which he overpowered Mrs. Massey, followed.

The man dropped the pocketbook in the struggle and when he gained the street sped away to the west with a crowd following. He turned north on Sixteenth and Farnam streets. W. R. Wilson, traffic Officer at that corner, gave chase and overtook the fugitive within a half block.

The policeman took his prisoner back to the Barker block to ascertain the cause of the general commotion about the building and learn the charge against the man. The captive was indentified by Mrs. Massey. He gave his name as C. C. Wilson.

Wilson engaged in a fight with the policeman when they reached the elevator in the Barker block, but the official Wilson proved the best man. He felled his prisoner with a blow of his fist and prevented a second escape.

The prisoner will be held for further investigation of his record. The police have learned that he but recently came to Omaha from Chicago.



Just Can't Break Away.

From the Cleveland Leader.

TAFT OPPOSED TO BOYCOTTS

President Makes Statement to Bethlehem Business Men.

DISPUTE SHOULD STAND ALONE

He Says Government Cannot Abrogate Steel Contract Unless Work Does Not Come Up to the Standard.

WASHINGTON, April 6.—President Taft told a delegation of fifty business men from Bethlehem and South Bethlehem, Pa., that he did not believe in boycotts and that so far as he was concerned he did not believe disputes with third parties warranted the abrogation of government contracts with any company.

"I have not followed closely what has happened at Bethlehem at all," said President Taft. "I don't know what the statements are to which you refer. I can only say this—that I am utterly opposed to the principle of a boycott. Every issue ought to be settled on its merits. The Bethlehem work is not up to bontract, then the government ought not to give the contracts to it. If it is, then the contracts ought to go to it without regard to controversies that the Bethlehem company may have with third parties.

Therefore, without knowing anything about the facts, I say to you that if Bethlehem does not do good work, it is for the government to find out and act on it, and to refuse its contracts on that ground, and not because it is concerned in a fight or in a controversy with its employes.

"In so far as the public or the government or a part of the public is interested in the controversy between the employes and the companies—that is determined on the merits of that controversy and not with respect to the government business. That is the position I occupy. It is the position my administration as far as I can control it will occupy."

Friends of Steel King Are Much Perturbed Over His Physical Condition.

NEW YORK, April 6.—The friends of Andrew Carnegie who returned here last night from the west were quite perturbed today over his physical condition. At his home it was declared that he was merely fatigued. The fact that he required the assistance of two men in alighting from his car, and that his appearance indicated physical unrest or ailment has created uneasiness.

Shooting Done by Soldiers of Twenty-Fifth

Court of Inquiry Also Finds that Officers Could Have Prevented Outbreak.

WASHINGTON, April 6.—The military court of inquiry, which during the last year has been investigating the shooting up of Brownsville, Tex., finds that the evidence clearly sustains the charge that the shooting was done by soldiers of the Twenty-fifth infantry, colored.

The court is also of the opinion that if the officers of the regiment had performed their duties immediately prior to the shooting, the affray could not have occurred, and if they had performed the duties immediately after the shooting some of the guilty men would have been discovered. Fourteen men belonging to the Twenty-fifth infantry are declared to be eligible for reinstatement.

As to the charges made by the mayor and citizens of Brownsville, Tex., the court is of opinion that:

1. The soldiers of the Twenty-fifth infantry stationed at Fort Brown, Tex., did on the night of August 13, 14, 1906, shoot into houses of the town of Brownsville, Tex., occupied by men, women and children, killing Frank Natus, a citizen of that town, seriously wounding the lieutenant of police, M. Y. Domingues, and killing the horse under him. The court is unanimous in its opinion that the evidence sustains the charges.

According to the terms of the act creating the Board of Inquiry its findings are final.

WYOMING CATTLE MEN RULE

Growers' Association Holds Its Annual Session in Court House at Cheyenne.

CHEYENNE, Wyo., April 6.—(Special.)—The annual meeting of the Wyoming Cattle Growers' association was held at the court house Tuesday, President W. C. Irvine presiding. A large number of cattlemen from this and adjoining states were in attendance among them being T. W. Tomlinson, secretary of the American National Live Stock association of Denver.

The Wyoming Cattle Growers' association is the oldest live stock organization in Wyoming, if not in the west. It was organized in the late 70s during the palmy days of the range cattle business and has been active continuously since that time.

The inspectors of the association, stationed at Omaha, Chicago, Denver and other market centers, annually pick up hundreds of estrays, saving to the members thousands of dollars. This one feature alone makes it very profitable for cattlemen to affiliate with the organization.

Big Liabilities, Small Assets.

CINCINNATI, April 6.—Liabilities of $1,220,000 and assets of $400 were listed by Joseph G. Ebersole, president and treasurer of a piano company, in a petition in bankruptcy, filed in the United States district court today. The bankruptcy is voluntary and personal to Mr. Ebersole and does not involve his firm.

RECEIVER FOR INDEPENDENT

New Telephone Company in Federal Court for Reorganization.

LYSLE I. ABBOTT RECEIVER

Friendly Suit Started by the Reorganization Committee and Bondholders—Plant is to Be Enlarged.

The Independent Telephone company of Omaha went into the hands of a receiver Wednesday afternoon upon the application of Edson Rich, attorney for the Title Insurance and Trust company, in the United States circuit court, following the filing of its bill in foreclosure in the same court.

Lysle I. Abbott of Omaha was appointed receiver by Judge W. H. Munger, his bond being fixed at $25,000.

The title of the bill in foreclosure is The Title Insurance and Trust Company against the Independent Telephone Company, F. Bissell Company, Underground Cable Company, Auto-Electric Company, Paxton & Harling Iron Works. Foreclosure is brought on a mortgage and deed trust for $2,250,000 executed April 25, 1907, and a supplemental mortgage of May 6, 1907, to secure the bond issue of $2,250,000 and upon which payment has defaulted in both instances.

This is a friendly suit agreed upon between the committee of reorganization and the bondholders of the company. It is proposed now to put some money into the Omaha plant to try to put it upon a paying basis.

Receiver Lysle I. Abbott will enter upon the receivership as soon as he has executed his bond and will have full charge of the affairs of the concern pending the disposal of the suit in foreclosure.

FRANKING BILL IN THE HOUSE

Measure Passed Granting Privilege to Ex-Presidents and Their Widows.

WASHINGTON, April 6.—Ex-President Roosevelt and all other ex-presidents of the United States will be granted the franking privilege during their lifetime under the terms of a bill passed by the house today by a vote of 120 to seventy-six.

The measure met some opposition on the democratic side. Mr. Sisson of Mississippi offered an amendment excluding from the franking privilege all political correspondence. It was voted down, forty-four to eighty-six.

"Knowing the ex-president as well as we do," shouted Mr. Rucker of Colorado, "we should provide an additional appropriation for the postoffice service."

Mr. Sisson then moved the recommitment of the bill with instructions to the committee on postoffices and post roads to report it with an amendment excluding political correspondence from the franking privilege granted by the bill. The motion was defeated on roll call, ninety-one to 106, many democrats voting in the negative with the regular republicans and "insurgents."

BANKER EXPOSED IN GRAFT PROBE

President of Pittsburg German National and Head of Steel Company Recommended for Indictment.

GRAND JURY MAKES REPORT

Presentment Forms Climax in Sensational Civic Scandal.

BRIBERY BAIT WAS LARGE ONE

Findings Show that Money Was Paid to Charles Stewart.

ANOTHER BANKER MAKES PLEA

Emil Winter of Workingman's Trust Company Has no Defense to Offer to Charge of Bribery.

PITTSBURG, April 6.—The climax promised in the Pittsburg graft exposure came, as promised, late today with the presentment by the grand jury of a lengthy report in which is recommended the indictment of Frank N. Hoffstot, president of the Pressed Steel Car company, and one of the most prominent business men in the country.

Simultaneously in open court came a plea of Emil Winter, president of the Workingman's Savings and Trust company, that he had no defense to make to the charge that he gave a $26,000 bribe to former Councilman Morris Einstein.

The following in abbreviated form are some of the most startling findings in the grand jury's presentment made public tonight:

1—That Frank N. Hoffstot, president of the Pressed Steel Car company, and president of the German National bank, of Allegheny, and prominently identified with other banks paid to Charles Stewart, a former select councilman, the sum of $52,000.

Money Declared Bribe.

2. That the money was a bribe used in influencing the votes of councilmen to pass an ordinance naming three banks in which Hoffstot was interested as official depositories of the city's millions.

3. That the arrangement for the payment of the money to Stewart was made in the spring of 1908 and that the late James W. Friend, at that time an official of the Pressed Steel Car company, was an associate in the transaction.

4. That the original plan which Friend had was to obtain the services of William A. Blakeley, who was then a practicing attorney here, but who is now the district attorney in charge of the graft prosecutions, as a stakeholder of the bribe money until the ordinance had passed.

5. That Attorney Blakeley declined to act in the capacity named and warned all parties of the criminality of the proposition and of the liability to prosecution if it went further.

6. That subsequent to Mr. Blakeley's refusal, Messrs. Friend and Hoffstot completed an arrangement with Stewart whereby Hoffstot would pay or cause to be paid to Stewart the sums named—$52,000.

7. That the transaction was arranged to be made in New York City and took place there in June, 1908, in order, if possible, to avoid criminal liability in Allegheny county.

Another Bank Involved.

8. That Hoffstot did also solicit and secure from one James N. Young, cashier of the Second National bank of Pittsburg, the sum of $25,000 to be paid Stewart to insure the selection of the Second National as one of the favored city depositories.

9. That Stewart did demand from the now deceased Friend, who was acting as agent for the Second National bank, a bribe for Stewart's vote in favor of the bank ordinance.

10. That, in accordance with the findings, it be recommended that indictments charging conspiracy and bribery be returned.

The banks named as ultimate principals to profit by the bribes alleged to have been paid to Hoffstot to Stewart are the Farmers Deposit National bank, the Second National bank and the German National bank of Allegheny. In addition to these three the Columbia National bank of Pittsburg, the German National bank of Pittsburg and the Workingmans Savings and Trust company of Allegheny were named as city depositories in the ordinance passed July 9, 1908, over the mayor's veto.

Winter Creates Sensation.

The plea of held committers made by President Emil Winter of the Workingmans Savings and Trust company today was no less a sensation than the report of the grand jury. He was charged with the payment of $26,000 bribe to Morris Anstein, a former select councilman. When Winter appeared in court, Judge R. S. Frazer, who is presiding in the graft cases, asked to be excused from hearing the case.

Judge Frazer explained that on account of his long and intimate friendship with Mr. Winter he wanted to have nothing to do with the case. Winter was then taken before Judges Thomas D. Carnahan and J. M. Swearingen and entered the formal plea. Sentence was postponed.

Frank N. Hoffstot, as president of the Pressed Steel Car company, one of the largest industries of its kind in the country, recently figured prominently in the public eye while a strike was on at his plant in McKee's Rocks. During the long month's suspension there were many riots and many persons killed and the state troopers called out.

The reference to the alleged plan to have had Attorney Blakeley act as a stakeholder is brief in the full report of the grand jury, as it is in the abstract given above, and the district attorney tonight would not comment for publication upon it.

Station Robbed and Burned.

BOONE, Ia., April 6.—(Special Telegram.)—The Northwestern station at Moingona, where Kate Shelley is agent, was robbed last night and burned. There is no clue.
