DEMOCRATS WORK ON SLATE

Effort Being Made to Induce Claude Porter to Run.

MORE CONFERENCES THIS WEEK Iowa Manufacturers Ask Railroad Commission to Get Lower Interstate Rates from Mississippi West.

(From a Staff Correspondent.) DES MOINES, April 12.—(Special Telegram.)—The democrats are making another effort to fix up a slate for their state ticket, and today called Claude Porter of Centerville here to induce him to get into the game. Porter was the candidate for governor four years ago and secured a larger vote than had ever been cast for any democrat. The democrats believe the situation will be much like that of 1906 and want Porter to become a candidate. He has not yet decided. Conferences this week, it is believed, will decide the matter.

The Iowa Manufacturers' association today asked the railroad commission to take up with the Interstate Commerce commission the matter of securing a reduction in the interstate rates from Mississippi river points westward, and also affecting all points in Iowa to western destinations.

No Agreement Yet. The Iowa operators and mine workers fought all forenoon over the demand of the operators that the mine workers agree to a clause for enforcing contracts before the wage scale is taken up. The mine workers refused to make any agreement whatever until the wage scale question is satisfied. In secret caucuses later, it was decided to refer the question to the joint scale committee so that the deadlock will end tonight.

Walsh Estate Goes to Widow and Daughter

Will of Late Colorado Millionaire Probated in Washington—Hundred Thousand for Charity.

WASHINGTON, April 12.—The will of Thomas F. Walsh, the late millionaire, who died last night, was probated today for probate. While no special bequest to charity is made, the sum of \$100,000 is left to the widow, Mrs. Carry B. Walsh, to be divided among such persons and in such a way as she knows to be my wish in reference thereto. Mr. Walsh is to be accountable to the executor or person in regard to the distribution.

The widow and daughter, Mrs. Evelyn B. McLean, in equal shares, are left all personal belongings, contents of Massachusetts avenue residence and of the summer home at Clonmel. They are also to have the horses, carriages and automobiles.

The remaining estate is devised to the American Security and Trust company, as trustee for a term of ten years, during which it is to pay to the widow and daughter in semi-annual installments the net income in equal shares. The right of disposal when approved by the beneficiaries is vested in the trustee.

At the expiration of the ten-year term the estate is to be transferred to the widow and daughter in equal portions. Provision is made for the disposition of the share of each in the event of the death of the widow or daughter during the continuance of the trust.

Either of the beneficiaries may dispose by will of her share, but should the wife die intestate, the net income to be paid to the daughter until the expiration of the trust. Should the daughter and wife both die intestate, within the ten years, then the estate is to be turned over to the American Security and Trust company, and Edward B. McLean, in trust for the children of Mrs. McLean.

POWELL HAS LIQUOR PLAN

(Continued from First Page.)

injunction and the city authorities may act for the time being, or until the search of any other club in the city.

Just how the other two members of the board, Mayor Love and J. C. Harpham, will take the suggestion of Mr. Powell is not known at this time, but there is some indication that possibly Mr. Harpham may support it.

Mr. Powell believes it will not do to license only one wholesale house in the city, because the business will be too much for one concern and, for that reason, favors three. At this time three breweries have cold storage houses here and it is barely possible that a fourth will be started in the matter of license, though that, together with the amount of the license, is a matter of detail.

Fairbanks Party Reaches Top of Mount McKinley

Expedition Consisting of Four White Men Finds No Trace of Dr. Cook's Alleged Trip.

FAIRBANKS, Alaska, April 12.—The Fairbanks expedition to Mount McKinley, the tallest peak in North America, reached the summit April 3 after a climb of one month from the base. No traces of Dr. Cook's alleged ascent were found.

Thomas Lloyd, leader of the expedition, arrived here last night. His companions were Daniel Patterson, W. R. Taylor and Charles McGonigle, and all reached the top of the mountain.

The expedition, which left Fairbanks December 15, while the controversy over Dr. Cook's disputed ascent was still raging, was financed by August Peterson and William McPhie of this city. The plan was to go into camp on the mountain as high as possible and probably about the middle of May make a dash for the summit.

The obstacles encountered were not so great as had been predicted. Four camps were established during the ascent and a trail was blazed all the way to the crest. Up to 12,000 feet the climbing did not present unusual difficulties.

The final dash to the top was made from the 15,000-foot camp. Mount McKinley terminates in twin peaks of equal height, one somewhat rounded and covered with snow, the other composed of bare and wind-swept rocks.

Insurgents Will Attend to Cannon's Case

Murdoch and Poindexter Say There Will Be Something Done When Platform Bills Are Disposed Of.

WASHINGTON, April 12.—Speaker Cannon's deft to the republican "insurgents" of the house in his speech on the floor yesterday, when he abruptly told them that unless they "had the courage" to combine with the democrats and vote to vacate the chair, he would remain speaker until March 4, 1911, brought expressions from the insurgent leaders today in no uncertain terms.

"The speaker can continue to make these irritating defts," said Representative Victor Murdoch of Kansas, "until after the administration legislation is disposed of. He knows he is perfectly safe just now. But after we have passed the important legislation on hand, his case will be attended to. A man can't continue to make large bluffs without eventually being called."

Representative Poindexter of Washington, another "insurgent" who, with Murdoch, voted some weeks ago in favor of the Burleigh resolution to depose Speaker Cannon, was equally caustic.

Indicted Man is Charged with Slugging Witness

Sensation Develops in Trials Involving Alleged Theft of Heine Copper Stocks.

NEW YORK, April 12.—The "black-jacking" of Walter L. Clark, which prevented the beginning yesterday of the Heine copper stock theft trials, had its sequel today in the arrest of Charles Katz, one of the three men indicted with Walter Clark, at whose trial Clark, having turned state's evidence, was to be a witness.

District Attorney Whitman declared that he was convinced that the assault was an attempt to obstruct justice and today he caused the arrest of Katz.

When Katz was arraigned a detective made an affidavit charging Katz with felonious assault.

Bail for Katz was fixed at \$5,000. He is already under \$5,000 bail in connection with the alleged theft of copper stock.

Court Brands Alleged Russell as an Imposter

Trial of Case Brought by North Dakota Man for Share in Big Estate Lasts 194 Days.

CAMBRIDGE, Mass., April 12.—Judge George F. Lawton in the probate court here today branded as an imposter the Dickinson, N. D., claimant to half the estate of the late Daniel Russell of Melrose, and dismissed three petitions alleged to have been brought by Daniel Blane Russell, after a record-breaking trial of 194 days.

"I have just begun to fight," was the answer of State Senator L. A. Simpson of North Dakota, counsel for the Dickinson man when asked if an appeal would be taken to a higher court.

Said the judge: "After all these months of evidence I conclude that this vast conspiracy, which was alleged to have been arranged and which embraced the stealing of postoffice stamps, forging of legers, subornation of perjury and other similar crimes, to be without foundation and it vanishes in thin air. It had its origin in the romantic imagination of the counsel for the petitioner and has no foundation in fact or in allegation."

Neither the respondents (Messrs. F. C. Almy and William C. Russell) nor their counsel, have been anything except honest in their defense of the Russell estate against an imposter and dishonest claimant.

The decision was greeted by murmurs of dissent and the court room was cleared.
