

Council Bluffs
RICHMOND CASE GOES OVER
 Defendant and Court Both Agreeable to More Delay.

CHIEF NOT YET RECOVERED
 Thursday April 20 Date Fixed for Resumption of Testimony Contingent on Official's Recovery.

The hearing in the removal proceedings against Major George H. Richmond, chief of police, will not be resumed this morning in the district court as originally planned. A continuance to Thursday, April 20, has been agreed upon on account of the continued indisposition of Major Richmond who has not fully recovered from his recent attack of heart failure and also on account of the fact that the further postponement of the hearing will suit the convenience of Judge Woodruff and of counsel on both sides.

At first it was suggested by counsel for Major Richmond that it became apparent that the latter would not be well enough to resume his place on the witness stand today to postpone the hearing for another week. This was satisfactory to Attorney General Byers, but when Judge Woodruff, who is holding court in Avoca was communicated with, it was learned that it would better suit his convenience if the hearing was postponed to a later date. Accordingly Thursday, April 20, was the date set for the resumption of the hearing contingent on Major Richmond being at that time sufficiently recovered to attend court.

Major Richmond was down town for a short while Friday, but has not been able to leave his home since. He is still quite weak from the effects of the severe attack a week ago, although his condition yesterday was reported to be somewhat improved.

Primaries Near; Politics Warmer

President of Pottawattamie County Taft-Republican Club is Getting Busy.

In view of the near approach of the primary election at which the republicans will send their delegates to the county convention which will select the delegation from Pottawattamie county to the state convention, Charles E. Hannan, Jr., and J. J. Hess, president and secretary, respectively, of the Iowa Taft-Republican club of Pottawattamie county are doing some good active work to increase the membership of the organization and arouse interest among republicans throughout the county.

It is the intention to form branches of the club in every section of the county with a view of effecting a strong organization before the primary election in June.

Copies of a circular letter from Frank D. Jackson, state president of the club, setting forth the purpose of the organization are being sent out by Messrs. Hannan and Hess to republicans throughout the county. In part this letter is as follows:

We want and invite the republicans of Iowa who believe in President Taft and in the republicanism he represents to join in and help to organize the Iowa Taft-Republican club, to the end that a majority of Iowa republicans shall rally under the Taft banner in the primary election, enthusiastic and material endorsement at the next republican state convention as shall bring to the national convention the best and strongest support possible.

Equally important with the endorsement of President Taft and the election of a republican congress, is the election of a republican president to insure the election of every republican nominated for congress at the coming primary.

We shall, therefore, prosecute with vigor the organization of Taft-Republican clubs in every township and voting precinct in the state of Iowa, trusting and hoping that in such township or voting precinct the Taft banner will have sufficient support to elect a sixth of Taft republican delegates to the county convention at the June primaries.

CAR CLEANER ERICK HURT

Struck by Passing Northwestern Train in Yard While at Work and Injured.

Altek Erick, a Northwestern car cleaner, was seriously hurt last night while at work on a window of a car standing on a track adjoining the main line. He was given a side swipe that resulted in a crushed chest and a fracture of his lungs. He is being cared for at Mercy hospital.

Carriers Ask More Money.

As part of their campaign to secure extra compensation for furnishing conveyance for themselves and horses, the rural letter carriers of Pottawattamie county are circulating petitions which later they will forward to Washington.

The petitions, which are being numerously signed, ask "that the free rural letter carrier be allowed a reasonable compensation for furnishing conveyance, horses and feed; because that under existing conditions of cost and expense to maintain a vehicle and feed three horses, the compensation of these carriers is greatly inadequate."

MOTHER'S FRIEND
 A LINIMENT FOR EXTERNAL USE.
 One of the most valuable qualities of Mother's Friend is that it safeguards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and cures, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book containing valuable information for expectant mothers.

BENICIA, CAL. April 18.—The China-Japan mail, which left San Francisco over the Southern Pacific railway for the east at 2 o'clock Saturday night, was held up by two masked men at Spring, two miles east of here at 12:30 o'clock yesterday and robbed of nine pouches of registered mail. The train carried no express matter. Four of the pouches have been recovered, but the robbers rifled the others and now are hiding in the hills and canyons between Martinez and Oakland. Sheriff's posse from two counties, detectives and postoffice inspectors on horses and in automobiles are engaged in the man-hunt. The robbers are well armed and a battle is anticipated.

Man of Mystery Proves Ordinary Clever Swindler
French Count Who Sold Spurious Pictures and Entertained Lavishly Uncovered.

TOURNE, France, April 18.—The arrest of Count and Countess de Galigny at the instance of Mrs. Charles Hamilton Paine, formerly of Boston, but now of Paris, on the charge of misrepresentation in connection with the sale of paintings, alleged to be the work of great masters, whereas they are only copies, has caused a great sensation. The de Galignys, with their four children, lived lavishly and gave brilliant entertainments.

A magistrate today ordered a search of their chateau at St. Cyr-Sur-Loire, and this resulted in the seizure of extensive correspondence and many valuable paintings, some of which are said to have been labeled with notices intending to prove their authenticity, as if they were destined to be sold in the United States.

Count de Galigny has been regarded as a man of mystery. He is said to have been born in London in 1837. He was a great traveler and sometimes went under the name of Prince Lusignan and Prince Borghetto. His wife, who was a Miss Lusk, was born in Boston in 1860. They were married in 1888. Their fetes and entertainments in their gaily lighted and magnificently furnished chateau, which were attended by the aristocracy, have long been the talk of the country. Several years ago Mr. Paine, who has a passion for paintings, visited the chateau and was struck by the superb art gallery, the greater part of which he purchased. An expert visiting his Paris mansion, where he examined the collection, declared that the alleged Corots, Correggios, Murillos and Titians were spurious.

Fifteen Freight Cars Burned

Northwestern Road Loses Number of Empty by Fire of Origin Not Known.

The rolling stock of the Chicago & Northwestern railroad was reduced yesterday morning by fifteen freight cars, which went up in flames in the north end of the company's local yards.

The cars, which included two or three "bunk" cars were standing on one of the switch tracks in the north end of the yard, near Gilbert's lake, a point about half a mile from the nearest fire hydrant.

The cause of the fire, which was discovered about 11:30 o'clock, is not known, but is believed to have started in one of the bunk cars. The flames spread rapidly from car to car and by the time a switch engine reached the scene the heat was so intense that it was found impossible to couple to the blazing cars so that they might be drawn to where water could be obtained at Avenue H. The yardman succeeded in getting a car loaded with coal, which was on an adjoining track and had caught fire, down to Avenue H where the fire department which had been called turned the hose on it and saved the car and its contents.

FLOOD LOSS IN AMERICA

HUNDRED MILLIONS YEARLY
 Government Engineers of America Studying French Disaster with View to Helping at Home.

WASHINGTON, April 18.—Aroused by the recent serious flood in Paris which has flooded and caused considerable damage to the French capital, the engineers of the United States geological survey have begun a study of means to prevent or diminish losses in the United States from such floods. They estimate the annual damage by floods in the United States at \$100,000,000. While they are inclined to think that it is too early, perhaps, to undertake any active steps in the matter, they very seriously of this annual loss invents a "serious study of means of prevention, and the recent misfortune of France may lead to practical work that will serve as an object lesson to America.

Incendiary Bombed.

PIERRE, S. D., April 18.—(Special Telegram.)—In circuit court in Sully county, Robert Evans was given a sentence of five and one-half years on a conviction of incendiarism. He was accused of burning a barn, stacks and a team in Sully county last fall.

State's Briefs
On Harvesters Filed by Major
Allegation Made Company Increases Prices of Machinery to Any Figure it Sees Fit.

JEFFERSON CITY, Mo., April 18.—Attorney General H. C. Taylor filed with the Special Commissioner Judge Theodore Brace the state's briefs in the proceedings to oust the International Harvester company from Missouri. In his brief Mr. Taylor says:

"It is well within the power of this company in the absence of any natural or business cause to increase the price on binders and mowers to any extent it sees fit, and the public is powerless to do other than raise its hands that its pockets may be looted."

"If this is not an monopoly the term is meaningless and but a catch-word, valuable only for lulling people into a sense of security while they are in the midst of danger."

The respondent company has thirty days in which to file its brief, and a report of the special commissioner is expected before the supreme court adjourns in June. The case has been set for argument at the October term of court, sitting on banc.

No Significance in Nuncio's Visit

Vatican Issues Notice that Official Was Not Authorized to See Roosevelt.

ROME, April 18.—The morning of ex-President Roosevelt and the papal nuncio at Vienna, Monsignor Granito Di Belmonte Pignatelli, after Ambassador Keren's luncheon yesterday was evidently not expected by the Vatican. As rumors are already in circulation that the papal nuncio here a message from the pope to Colonel Roosevelt, the Vatican today issued this statement:

"The papal nuncio at Vienna did not ask for any instructions concerning his visit to Mr. Roosevelt, nor were any instructions sent to him from the Vatican. Therefore the supposition that the nuncio was charged with a communication to Mr. Roosevelt is deprived of any foundation, so it is certain that his visit cannot have any special significance."

PRESIDENT BACKS CAMPAIGN

Executive Favors Plan to Make April 24 Day to Push Fight on White Plague.

NEW YORK, April 18.—President Taft approves of making next Sunday, April 24, a "Tuberculosis Sunday." In a letter received here today by Livingston Farrand, executive secretary of the National Association for the Study and Prevention of Tuberculosis, President Taft writes:

"I am glad to hear of the movement which you have inaugurated to make Sunday, April 24, a 'Tuberculosis Sunday,' on which ministers are requested to call the attention of their congregations to the importance of tuberculosis problems, and to give such simple information regarding it as may be feasible, may prove to be successful. The amount that can be done in saving human life by a united effort and in respect to such a disease as tuberculosis can hardly be exaggerated."

HUNGARY CHEERS LIBERTY
 Not Since Kosuth, Has Any Man Been Welcomed Like Roosevelt.

NATION'S HEART IS TOUGHED
 Visitor Driven from Station to Hotel Through Solid Walls of People—Sightseeing Program.

BUDAPEST, Hungary, April 18.—Hungary received Theodore Roosevelt with open arms, after he crossed the frontier Sunday popular enthusiasm, according to the newspaper editors, exceeding anything since the days of Louis Kosuth.

The journey after Colonel Roosevelt left the train at Presburg to spend the afternoon with Count Apponyi whom he had entertained at Washington and Oyster Bay, assumed almost the character of a triumphal procession. The entire population of the ancient capital of Hungary turned out the mayor and other city authorities greeting the ex-president at the station. They welcomed him as the apostle of liberty and peace.

At the three villages—each made up of a different race, Magyar, Slovak and German—the party passed through the automobile trip to Appony castle. Colonel Roosevelt was met with equal enthusiasm. In each instance the president of the village, the priest, schoolmaster, the fire brigade in uniforms and the school children in white Sunday frocks, and banners bearing the Hungarian colors, stopped the automobile to offer flowers and words of welcome.

Maj. McWhorter Wins at Bridge and Loses Prize
 Makes Two Weeks' Guest Card Do for Year and Then the Tale Unfolds.

CHICAGO, April 18.—(Special Telegram.)—If you had made a two weeks' guest card to the Chicago Athletic association stick for one year, and had thus established yourself in an expensive membership, and had played in the club's monthly bridge tournament and won first prize, wouldn't it make you irritable to lose both the prize and the overworked guest card? At any rate, that is the way S. A. McWhorter of Omaha and Chicago feels about it, and here's the lower forecast.

A. J. White, of the board of trade firm of the same name, was sponsor for Mr. McWhorter, who also is in the grain and provision business, giving to him a card about a year ago. The ordinary card is good for two weeks.

Mr. McWhorter liked the Chicago Athletic association and visited it daily, so often in fact, that the doorman did not require him to show his card and finally concluded he was a member. Most of the members did, too, so it was no wonder when the entries for the March bridge tournament were being compiled that some one said:

"Major (they called him thus at the club), why don't you enter? You play a good game."

"Well, I will," responded Major McWhorter, and he did and captured the handsome traveling bag, with its silver outfittings, that was the first prize.

When the committee in charge compiled the entries for the Chicago Athletic club paper, the winner's initials were missing, and the membership list failed to reveal any such person on the rolls. Then the tale unraveled itself.

Twenty-Three Governors for a Quiet Fourth
 Mrs. Rice of New York Pushing Movement for Safety of Boys and Eardrums.

NEW YORK, April 18.—For the first time since the firecracker and skyrocket became a feature of Independence day, New York threatens to have a "safe and sane" Fourth of July this year. Although inclined at first to side with the youngsters, Mayor Gaynor has recently signified his intention of upholding the order prohibiting the sale of fireworks at retail from June 19 to July 15. This will practically prevent crackers and the like from reaching the individual citizen, as it is well known that the order is upheld to the letter, the city will be quiet, where ordinarily it is like a battlefield.

Mrs. Isaac L. Rice of this city, a pioneer crusader against noise, and the president of the Society for the Prevention of Unnecessary Noise, is largely responsible for the attempt to have the next Fourth of July devoted to oratory and parade rather than to the explosion of gunpowder. She has enlisted twenty-three governors and a national association for a sane observance of Independence day and is still engaged in promoting the movement.

Statistics show that total fatalities in the United States resulting from Fourth of July accidents last year were 216, while there were 3,307 accidents.

Bryan Not Ready to Talk Politics

Nebraska Sends Wireless Interview Ahead from Ship Enroute from South.

NEW YORK, April 18.—A brief interview with William Jennings Bryan, who is approaching the United States on the steamship Caracas after his South American trip reached New York by wireless last night.

"I approach the shores of the United States with gladness," said Mr. Bryan. "Each absence increases my appreciation of our nation's wonderful advances and progress. This is my first experience with wireless at sea and I recognize the added safety which it gives to ocean travel."

"I have been out of touch of the newspaper so long that I am not prepared to discuss politics."

PHILADELPHIA COMMITTEE ORDERS CARMEN BACK

Executive Body Gives Official Sanction to Philadelphia Strikers Returns.

PHILADELPHIA, April 18.—The executive committee of the striking car men passed a resolution last night declaring the men should go back to work although the referendum vote was 1,385 to stay out against 1,258 to return. The local committee made the resolution public after receiving a ratification of their action from the national committee in Detroit.

A Good Soap at a Fair Price
 NO, MADAM, soaps are not "all alike."
 THEY DIFFER in size, shape, quality and price, also in what they do and the way they do it.
 THE IDEAL SOAP is one that is of convenient shape and good quality, and, at the same time, sells at a fair price—not a "cheap" soap, you understand, but low enough in price to be attractive and yet high enough to insure its quality.
 LENOX SOAP fulfills these requirements.
 TRY IT!
Lenox Soap—Just fits the hand

CLEANSED WITH CUTICURA SOAP
 Means skin health and bodily purity in infancy and childhood and freedom, in the majority of cases, from torturing, disfiguring affections of the skin and scalp after life. Those who value a clear, skin, soft, white hands, a clean, wholesome scalp and live, glossy hair will find that Cuticura Soap, assisted by Cuticura Ointment, realizes every expectation.

WHITE SERGE DRESSES
 More women every year are wearing white taffeta suits, all because they have learned that they can be dry cleaned time and again and always come home looking like new.

Our price for cleaning and pressing white taffeta suits is \$2.00, and we guarantee the work satisfactory.

Don't make the mistake of wearing your suit until it becomes so badly soiled that it will be necessary to steam clean it, as steam cleaning is much harder on the goods than dry cleaning.

We think our dry cleaning of white goods is just about perfect—try us the next time.
