FLAG FLOATS OVER CHAMPS

Pennant Hoisted at Opening Game with St. Louis.

PITTSBURG WINS NINE TO FOUR

Game Clinched in Seventh Inning, Although Missourians Caused Much Anxiety—Fleider Wilson Badly Hurt.

PITTSBURG, April 21.—The world's champions won the opening game of the home season from St. Louis today, 9 to 4, but not until the visitors had worried the local fans by a succession of three hits and three runs of Adams in the third inning, holding the lead until the sixth. A local batting rally, including a two-bagger by Gibson and five singles, then gave the locals a lead and the game was clinched by Phillip's two-bagger in the seventh. The latter had succeeded Adams on the mound in the seventh and thereafter held the visitors to no hits.

Wilson, in making a sensational one-handed catch in right field, went over on his back and was so severely injured internally that he was taken to a hospital. The day was cold and the field on following a three days' rain, but several thousand enthusiasts were out to see the pennant raising and opener. The flag, when it was first hoisted up the staff, was found to be upside down. Mayor William A. Magee pitched the first ball. Score:

St. Louis, April 21.—(Special.)—Nebraska's athletics have been dealt another body blow that will destroy all chances of having a winning freshman base ball team for the rest of the spring. It was announced today that fifty per cent of the men on the freshman squad are ineligible because of delinquency in their school work.

The freshman aggregation is the best the local school has ever had, and the chances were bright for a championship team. The majority of the men on the team are considered of varsity caliber and were they not freshmen, they would be picked for places on the first team. With the report from the registrar's office today came a rumor that the freshman players would not try to have a nine for the rest of the season. The athletic management is willing to permit the freshmen eligibles to play these games, but the ball artists among the first-year students declare they will have nothing to do with the team unless the men who have been declared ineligible can play. They say there would be no use in trying to win games under such conditions as are allowed to play with the team.

The athletic board has decided to do nothing on the summer base ball situation until next week, desiring to have a few days to get information from certain Iowa schools regarding college men who played ball last Monday. A meeting of the board will be held Monday. In the meantime base ball affairs of the Cornhuskers will be "up in the air" and the team will continue to practice, hoping that some arrangement can be made by which the club may be permitted to make an eastern or western trip.

It was announced today that he had signed a contract with Denver university for a foot ball game to be played in Lincoln on October 22. The scheduling of this game completes the Nebraska schedule for the season of 1910. Jeffries Shows Some Real Class

Short Bout with Berger Indicates What Johnson May Expect in July.

BEN LOMOND, Cal., April 21.—(Special.)—Indications of a method that Jeffries intended to bring into play when he meets "Jack" Johnson were shown in a little boxing bout which the big Californian had with his trainer-manager, "Sam" Berger. It was the first lively work in which the brawlermaker has engaged since he went into training. Jeffries went after Berger hot and heavy, and but for the fact that he wore thickly padded mitts it is thought he might have made trouble for the manager. From start to finish "Jeff" rushed Berger about the gymnasium, landing again and again with both right and left.

Occasionally Jeffries played for the head, but those who were observant took notice of the fact that he devoted all of his efforts to Berger's body, sending straight ones to the wind. So frequent were the heavy shots to Berger's solar plexus that he was all but in when the bout ended. Try as he might, Berger was unable to get away from the straight rights and lefts that came at him.

Berger tried to drive Jeffries back, but the latter kept coming at him continually, swinging right and left, and cleverly ducking the swings that his manager was making for him. Few of Berger's blows succeeded in landing on the spot for which they were intended. Jeffries was lively on his feet and got away nicely from some of Berger's well meant uppercuts.

At the end of the bout Berger was ready to drop, but Jeffries did not appear as if he had exerted himself. He laughed at Berger's indignation, he promised to make it much livelier for him the next time they put the gloves on.

"Jeff" is anxiously awaiting clear weather. He wants the ground around the camp to dry up so that he can play some baseball. This is one of the big fellows' favorite forms of pastime and he is of opinion that it "does" him much good as any other form of exercise. The bare running and the chasing after fly balls, he believes, improve his wind.

Jeffries has let up a little on his tree chopping because he has been too busy with other stunts. As soon as he gets an impulse he will tackle some more trees.

Kansas City to Head Division

The telegram purported to have been received by the secretary of the Missouri Valley division of the union.

This wire was received by J. S. Trille, chairman of the athletic committee of the Kansas City Athletic club. The statement made in the Kansas City paper referred to in the message was to the effect that the wires must have been crossed if Sullivan made the statement credited to him that Omaha had been designated as the headquarters of the proposed new Missouri valley division. A story containing this statement was sent out from New York shortly after Sullivan returned from his recent visit to Omaha.

The Star further says: Sullivan's wire shows definitely how Sullivan stands on the question. His wire reads: "The Missouri Valley Athletic association is on the way and that the headquarters will be at Kansas City. I am sure that the Missouri valley field situation is being handled in the most satisfactory manner. The Missouri Valley Athletic union meets next November in Kansas City. The Missouri Valley Athletic union will be one of the most important questions for settlement. The officers of the Omaha Athletic association that pulled off a very successful indoor meet April 2 are strong for a new association and recently have shown a disposition to pull together with Kansas City for the good of the cause. It was thought by officials here that Omaha was the best Kansas City in the tool for a new division, and that the Omaha Athletic association officials to disprove this. Omaha will line up for a new association. All hands are together."

Varsity Trims Wesleyan. LINCOLN, April 21.—(Special.)—Wesleyan was defeated by the varsity team of the Missouri valley intercollegiate conference under the conference rules, 11 to 0, in a football game played at Wesleyan yesterday, 6 to 3. Olmstead and Gresham, Wesleyan, were the only scorers. The former pitched until the sixth, when he was succeeded by his team mate, Walter, who pitched until the eighth. When the Nebraska representatives went to the Kansas City meeting they were under instruction to bring up the summer ball question and have the conference representatives decide whether college men who participate in base ball during the summer months with semi-professional teams should be allowed to represent university and college teams in the spring. The Nebraska delegates presented this proposition for consideration, but the meeting had taken up so much time in discussing foot ball reform that it did not get to a place where it could give final and definite attention to the ball question, which was permitted to go over to the June meeting of the regular conference for consideration.

Dr. Clapp announced today that a meeting of the Nebraska athletic board will be held tomorrow to decide whether the Cornhusker ball team shall disband or try to arrange a schedule of games with western teams. The sentiment among some of the faculty members shows that those men will try to have the Cornhusker team arrange a new schedule that were not given out from several western teams saying they would be willing to play Nebraska.

The press dispatches from Kansas City did not carry all the news that was given out by the conference delegates yesterday. The matters that were not given out for publication, the hammer throw in the track meets of the Missouri Valley conference was abolished. The argument against the hammer throw was, that many people are killed each year over the country by the careless handling of this weight.

Missouri Meet Fails to Decide Mooted Matter

Summer Base Ball Problem Put Over Until June—Ball Club to Disband.

LINCOLN, April 21.—(Special.)—The representatives of the Missouri Valley conference schools, who assembled in Kansas City yesterday to discuss foot ball and the reasons for its continuation as a college sport, failed to take action on the summer base ball proposition and the status quo of the situation remains the same so far as Nebraska base ball for this spring is concerned. Nebraska's athletic board will not let the annual standing of its ball players and the games for the remainder of the season will have to be cancelled. This action will practically mean that the Cornhusker nine will be disbanded for 1910.
