COST OF LIVING GOES DOWN

Dealers of All Kinds Say Foodstuff is to Be Much Cheaper.

BIG SLUMP IN SOME THINGS

Commission Men Keep Growers on Potatoes and Apples, Making Great Reductions in These Commodities.

The cost of living will be materially decreased with the next week, according to reports from Minneapolis, near dealers and grocers. Pork has been reduced 2 cents a pound all the way through and beef and mutton will go down in price as soon as packing is practiced for stock. The cause of the decrease in the cost of pork is said to be the fact that the demand for that kind of meat at this season of the year is less than in the winter. The fall in the price of beef and mutton is not looked for until June as the decrease in the consumption of pork means the increase in the consumption of beef and mutton.

Gale at Lake; Fishermen Flee

Carter Waters Suddenly Struck and Men in Boats Have to Scurry to Shore.

Carter lake was shaken into a "frenzied" condition by a sudden gale which threatened a whole fleet of fishermen in small boats. The "win" swept down on the lake without the "win" warning. Before the boats could get to points of safety the water was rolling in in great crests that snapped into whiteness. A dozen of the fishermen were marooned on the south shore of the lake and after waiting in vain for the wind to blow, had to abandon their boats and wade the lake on foot.
