Chicagoans Beat Detroit One to Nothing at Home.

ONLY SCORE IN FIRST INNING

Game Is Pitchers' Battle Between White and Summers—Contest Played in Heavy Rain.

CHICAGO, April 30.—Chicago defeated Detroit, 1 to 0 in a pitchers' duel between White and Summers. The majority of the game was played in a heavy rain. Score: CHICAGO, DETROIT.

It has been several years since the Cornhuskers have been as weak in the field events as they are this season. In the six field games there does not appear to be a real strong candidate, and there is only a small chance that the Cornhuskers will win a single first against either Minnesota or Kansas in these events.

Close to 200 high school athletes will compete in the annual interscholastic track and field meet on Nebraska field next Saturday. The entry list shows that more schools are entered this year, with fully fifty more athletes, than in any previous season. Several new schools are to be on hand this year.

York high school, which last Friday defeated the Lincoln club path aggregation, is contending that it will be a strong candidate for the championship. It has heard of the claims made by Omaha and Lincoln and has written to Dr. Clapp of the State university, hoping on the situation. The Lincoln lead, since the encounter at York last week, are willing to admit that the athletes from the smaller town will have a good chance of taking the leading honors home to York.

BASE BALL THIS WEEK

The revised schedule of the Nebraska base ball team, which was made out after Iowa and Minnesota refused to play the Cornhuskers unless the locals were certified as to the summer base ball position, calls for games with Ames, Monday; Grinnell, Tuesday; Ames, Wednesday; Wednesday, Cornell, Thursday, and South Dakota Friday.

Little Scrapper Sure He Will Defeat McFarland

NEW YORK, April 30.—Freddie Welsh, England's lightweight champion, is so confident of defeating Paeky McFarland of Chicago at the National Sporting Club of London on the night of May 30 that he has announced his intention of meeting Young Joseph, the British welterweight champion, in a bout for the latter's title. As a matter of fact, Welsh has already laid claim to the welterweight title, for the reason that he whipped Joseph in eleven rounds at Mountain Ash in Wales last July. Joseph was not the welterweight champion at the time, but Welsh, who has beaten the recognized title holder, Welsh has secured clear right to be called lightweight champion, having received Lord Londsdale's belt.

Japanese Backed by Ito, Champion Wrestler, File Articles.

SAN FRANCISCO, April 30.—With a working capital of more than \$300,000 and articles of incorporation filed, a new base ball league is being formed on the Pacific coast by the Japanese. Headed by Ito, the champion wrestler, who is being backed by leading Nipponese merchants of Seattle, Portland and San Francisco, a sixty-city league is in process of formation, which when completed and in working order will provide three games a week. It is now planned to have the teams in the various cities organized and in trim for the opening game on June 1. The schedule is to be the same as that of the circuit, which will require considerable traveling. By playing three games in the south one week and three games in the north the next week it is planned to provide a schedule of at least thirty games. The winning team will be provided with funds to invade the home land to try for the championship of the Japanese race.

COACHES AGAINST NEW RULES

Spring Foot Ball Practice Brings Forth the Critics.

NEW YORK, April 30.—Several coaches of spring foot ball practice at the different colleges are not exceedingly pleased with the new foot ball rules, according to reports from various sources. Coach Wheaton of Yale is particularly outspoken with a remark to the effect that he was doing, but that he could see no improvement in the rules. Harry M. Wheaton, assistant field coach of the 1909 Yale team and head coach of the United States Naval academy team last fall, gave his opinions on the new rules in this city yesterday. Coach Wheaton had had two weeks' work with a large squad at Annapolis this spring. He says that he does not see the advantages in some of the new regulations. The rule forbidding diving tackles has not been a success at Annapolis. One of the half backs broke a collarbone in an attempt to "body-check" a runner before a tackle under the new rule could be made. Wheaton also finds faults in the suggestion which would cramp the defense in a narrower lateral zone. He believes that the object of the suggestion was to encourage end runs and open play by making line backs difficult against a thickened line.

McDowell then opened the second for Peru with a two-bagger. Gelwick was struck by a ball and took first. Gary

FOOT BALL FANS REJOICE

Iowa Students Gladdened by Action of Kansas City Conference.

DUAL MEET NEXT SATURDAY

Official Dopeters Are Anxiously Awaiting First Showing Made by the Track and Field Athletes.

IOWA CITY, Ia., April 30.—(Special.)—Signs of relief featured the athletic week in Iowa when it was announced that foot ball had been saved to the Missouri Valley conference until next December. Iowa, Ames and Drake feared the action of the southern members of the conference, and when the critical point was passed at the Kansas City meeting the students were thankful that the Kansas regents' view had not prevailed.

Now when the new rules are announced, in ten days the state's schools will organize the spring foot ball squads and start to work out new plays, safe and sound in the action taken by the authorities this week. If the proposals, as suggested, are adopted, and the changes in the rules are radical in their character, it is certain that much interest will be taken in the spring practice by the leading schools on the gridiron.

Class meets at Grinnell relay races at Drake. Intercollegiate base ball games hold the attention of athletic interests today. Next Saturday the dual meets begin and then the "dopeters" will have their first opportunity to really judge the ability of the various track squads in the state. So far the home events have indicated little, and the University of Iowa the situation is so far in the air because of uncertainty regarding the eligibility of certain athletes that Coach "Sphinx" Delaney has become more "sphinxlike" than ever. The date of the home meet here is still undecided.

ALDERMAN IN TRAINING

It is known that Delaney desires that Alderman go after the weight records in the home event, and he does not want to run it off until the star is in shape. It is said to be the coach's ambition to have Alderman throw the hammer as many feet as there are pounds in his body. The plant has reached the mark in practice, but his weight is still between 165 and 170. Delaney will specialize Alderman in the hammer and discus instead of the shot, though he will enter him in that event.

MEET AT GRINNELL

Hartuppe, the East Des Moines High school pole vaulter, is reporting to Delaney as regularly as his work in the college of applied science will permit. With a new form Delaney expects Hartuppe to reach ten feet, six inches, and possibly eleven feet before the middle of next month. This will strengthen the Hawks in an unexpected quarter. "Eligibility club" is still more of a mystery. The membership will probably be announced by the eccentric coach within a week because of the nervousness of the dual meets.

MORNINGGLIDE COLLEGE

Morningglide college of Sioux City will enter a team in the state meet for secondary schools to be held at Grinnell on May 21. This school expects to push Grinnell closely for first honors. It is probable that Iowa, Ames and Drake will not be entered in this meet.

ALLEN, BERTERSON AND CHAPMAN FORM

Allen, Berterson and Chapman form the trio which is the nucleus of the Morningglide track team. They will be eligible for the Grinnell state meet, though not for the Missouri Valley conference event to be held a week later in Des Moines. Hickman, another good distance man; Feering, a pole vaulter; Bell, high jumper; Venclark and Collier in the weights, and Quatstrom and Montgomery in the dashes complete the list.

WELSH'S PLAN TO FIGHT JOSEPH

Welsh's plan to fight Joseph may be the result of supreme confidence, but in the opinion of American sporting men on the other side and hundreds of competent ring judges here Freddie will not have the expected snap with McFarland. In a letter to a friend in this city McFarland makes clear the terms of his coming match with Freddie Welsh, who is the English champion, under the rules which apply to the fair catch of a kicked ball. The articles of agreement stipulate that neither man shall engage in a boxing contest for at least twenty-one days preceding the date for the big mill. The weight is fixed at 135 pounds, scaling at 2 o'clock in the afternoon. The National Sporting club has a purse of \$500, of which \$600 goes to the winner. A side bet of \$2,000, which has been posted with the club, will also be paid to the successful pugilist. This famous club has offered but one larger purse in the past and that was when Peter Jackson and Frank P. Slavin battled for \$10,000.

THE MATCH HAS CAUSED NO END OF EXCITEMENT

The match has caused no end of excitement in Great Britain, and the result will also be awaited with much interest on this side of the Atlantic.

HE HAS FOUND THAT BUCKS AGAINST THE TACKLES

He has found that bucks against the tackles and guards were responsible for long gains. These gains were aided by the elimination of the diving tackle. In regard to the forward pass Wheaton has a suggestion. He thinks that if a rule were passed providing that a forward pass across the line of scrimmage, traveling more than ten yards beyond the point of contact, would be null and void, it would apply to the fair catch of a kicked ball. The articles of agreement stipulate that neither man shall engage in a boxing contest for at least twenty-one days preceding the date for the big mill.
