

DOCTORS TALK SANE FOURTH

Favor the Elimination of Toy Pistols and Big Crackers.

LET YOUNGSTERS HAVE FUN

Advice of Physicians Calls for Moderation Rather Than Prohibition of the Use of Fireworks.

If the people of Omaha want a sane Fourth of July, toy pistols and giant firecrackers should be done away with, according to the opinions of some of the city's leading physicians.

In Omaha politicians, active and quiescent, have secured tickets, and besides them there are business men, doctors, lawyers and laborers.

"I feel that the question of a sane Fourth is being greatly exaggerated," said Dr. A. P. Condon, "and I know that if firecrackers and all other kinds of fireworks were taken away from me when I was a kid I would have felt that I was being deprived of a great deal of pleasure."

"I would limit the size of the firecracker to be used, but I can see no reason why the smaller firecrackers should not be used. Of course, there will be some accidents, but there are accidents connected with everything, and because an occasional case of tetanus develops, I don't think that there is any justification for doing away with fireworks."

Toy Pistol Tabooed.

"The dangerous cannon cracker and toy pistol should be eliminated," said Dr. Charles Rosewater, "but I can see no reason for doing away with the smaller firecrackers. The sanest way to observe a sane Fourth is to take care of injuries promptly. I believe that the people should be instructed to take immediate action after injuries have been received."

"The first thing to do is to call a competent physician and in the case of open wounds they should be washed immediately and kept open. The up-to-date physician knows that such things should not be sewed up for this often results in lockjaw. When dirt or powder is found in a wound, anti-tetanus serum should be injected to prevent lockjaw. I believe that fully 97 per cent of the cases recover where the proper precautions are taken and the anti-tetanus serum is used."

Liability of Lockjaw.

"Before this method was pursued, in Chicago out of 500 cases thirty deaths resulted from lockjaw, while during the last two years since the introduction of anti-tetanus only three deaths have resulted. It should be used in time, as it is not a cure, but a preventive of the dreaded disease."

"With regard to the sane Fourth of July proposition," said Dr. A. K. Detweiler, "I would say, do away with the greatest of all evils connected with such celebrations by abolishing the toy pistol. These are used by youngsters who never ought to be allowed to handle them and are the cause of more lockjaw than all the other fireworks combined. Giant crackers also should be prohibited, but there is no use of making a fuss over the small fireworks."

Woodbury Says the Company Will Build the Main

President of Water Company Writes to the Water Board Another Proposition.

President Woodbury of the Water company has again written to the Omaha water board, suggesting a way in which the new main from the pumping station at Florence to Omaha may be laid. The letter, which was delivered to the water board in Omaha today, reads:

"NEW YORK, May 4, 1910.—To the Water Board of the City of Omaha—Gentlemen: In common with the intelligent citizens of Omaha, the Omaha Water company recognizes the fact that an additional main to Florence is sorely needed for the safety and good service to the citizens of Omaha."

"On July 27, 1908, I wrote your honorable board stating that the board of directors had authorized me to say that the Water company will undertake to lay so much of a new main between Florence and Omaha as may be necessary, provided the water board will enter into an agreement, binding upon the city, to pay the company upon completion of any portion of the works the total cost of such improvements, with 6 per cent interest in addition to what would otherwise be the purchase price."

"To this letter I receive no reply, so on October 22 of the same year I again wrote to the water board reiterating the offer, to which I received no reply."

"On July 1, 1910, the city of Omaha will owe the Omaha Water company, with accrued interest, approximately \$45,000 for past due unpaid hydrant rental. If the city will pay the company the money I will recommend the board of directors to recommend the proposition made in our former letters. This suggestion is made to the water board solely in the interests of the citizens of Omaha and for the benefit of the water plant, only forestalling an extension that the city of Omaha will be obliged to make when it comes into possession of the plant. Yours truly, THEODORE C. WOODBURY, President."

WITHNELL ACTS FOR THE CITY

Makes This Answer in Suits for Damages in the Mercer Building Case.

C. H. Withnell, city building inspector, has filed reply in district court to the second amended petition for damages of Mercer estate. Judge Kennedy last Saturday sustained a demurrer with respect to the city of Omaha, leaving Mr. Withnell as the sole defendant. The answer filed Friday sets up that Mr. Withnell acted in the course of duty and following instructions in attacking the Mercer building at Thirteenth and Capitol avenue. The plaintiff asks \$7,500. The city attorney and his deputies represent Mr. Withnell in the litigation.

A Break for Liberty

From stomach, liver and kidney trouble is made when a 25c box of Dr. King's New Life Pills is bought. For sale by Beston Drug Co.

G. O. P. Banquet

Calls Out Many Prominent Men

Business Men, Doctors, Lawyers and Laborers Anxious to Secure Seats at Board.

The character of the purchasers of tickets for the republican banquet at the Hotel Rome Monday evening makes it certain, according to the officers of the club, that it will be as representative a gathering of republicans as has ever been brought together at a similar function anywhere in Nebraska.

In Omaha politicians, active and quiescent, have secured tickets, and besides them there are business men, doctors, lawyers and laborers. From various towns and counties in the state will come leaders of their communities who have written in for reservations, and their number assures at least one representative from more than half the counties in the state.

Monday the club will have a man at the Rome all day, with a table in the lobby, to accommodate those who for one reason and another have not yet bought their tickets. A bunch of fifty has been held back by the club officers for this purpose.

Good music has been engaged and a number of selections will be played while the informal reception is in progress from 8 to 8 o'clock. Governor Eberhart of Minnesota and those of the state leaders who arrive in Omaha before 4 o'clock in the afternoon will be taken for an automobile trip through the boulevards and parks, if the rain should not be falling too hard.

Bee's Census

Cards Aiding Enumeration

Hundreds Getting Into Count Through Use of Published Return Coupons Cut from Paper.

"We have found The Bee census slips to be of the greatest advantage to us," said Chief Clerk Graff of the census department. "These slips have been coming in at the rate of about 100 daily. Of course some of them are from persons that already have been enumerated by some other member of the family. But a great many of them are from people that have been missed by the enumerators from some cause, or people who have been out of town."

"It is safe to say that The Bee slips have helped us to get 200 or 400 names that we could not have secured otherwise. Schedules are at once sent out to those persons or a special agent sent to the house and a schedule obtained by mail or in person. Some of them bring the schedules in personally."

LADY GREY IS KIDNAPED

Swift Motor Boat Stolen from Burt Street Landing on Missouri River.

"Lady Grey," a trim little motor boat belonging to H. Martin of Council Bluffs, was stolen from the landing at the foot of Burt street, Wednesday night. The boat is valued at \$500 by Mr. Martin. "Lady Grey" is one of the fastest motor boats on the river.

"If a sane Fourth," said Dr. Frank Wixzy, "means a going away with foolish fireworks, I would say that I am heartily in favor of a sane Fourth. The thing of imitation war and high explosives, besides killing off our young, is nothing but a nuisance to the community and should be prohibited."

Don't ask merely for "tomato soup," Ask for "Campbell's."

It is your privilege to decide for yourself what soup you like best. And you will never know the richest and finest-flavored of all until you have tried

Campbell's Tomato Soup. Then if you think there is any better, or if you think your money is better, the grocer will return it. The same with any Campbell's Soup.

21 kinds 10c a can. Just add hot water, bring to a boil, and serve. A copy of Campbell's Menu Book at hand will answer many a daily question.

Boys' Dependable Shoes

Saturday is boys' day at Drexel's.

Do not be satisfied with the "good enough" kind—got a real shoe—made for hard wear, that a good, live boy will give them.

If our kind of boys' shoes cost a trifle more than the common kind, you will find them worth more than the difference.

We guarantee every pair of our boys' shoes to be satisfactory to the boy and to the parents.

BOYS' SIZES—1 to 5 1/2 \$2.00 LITTLE GENTS' SIZES—10 1/2 to 13 1/2 \$1.75

Drexel Shoe Co. 1419 Farnam St.

It Costs Money

For us to use this space to tell you about the good quality meats we sell, but it's the only way to let you know about it. If we sold the "common kind" we wouldn't care to talk so loud, but as we sell only first quality we're not afraid to do a little boasting.

For Saturday—that's for Sunday eating, you know—we'll have extra fine quality Beef, Pork, Mutton, Lamb—give us your own dressed Chickens. Give us your order early. You know our prices are right, as our expenses are not as heavy as others, for we don't keep any book accounts, sell for spot cash and don't deliver any goods.
