GOVERNOR AFIER LUDDEN
Executive Asks State Legal Department to Attack Itself.
SEEKS TO DRAW SALARY BACK

Under the control of the book agents, the move last night, Prof. Davidson of Omaha is chairman of the constitution committee.
Bryan cannot pitch ball.
If Mr. Bryan pitches the first ball at the opening of the Western league ball season in Lincoln, Tuesday, he will be subjected to a fine of \$5. Mr. Bryan is advertised to pitch the first ball at Governor Shallenberger's house on Tuesday night and Mayor Dan Love to try to bat it.

The base ball team of Lincoln is on the unfair list of the typographical union and the penalty for a member of that union to attend a base ball game played by the home team of the Western league is a fine of \$5.
Mr. Bryan is an honorary member of the typographical union and is therefore subject to the rules and regulations of the active members.

Willard Bryan, attorney at law, scholar, author and former reporter of the supreme court, is very much put out. In fact he is very angry, for to use his own words, he has been "embalmed to the public as a diaphanous."
It all came about this way. Judge Bryant had a case in the supreme court and his appeal was dismissed because his transcript did not contain the judgment of the district court from which the appeal was taken. When the news was broken to the Cedar county statesman he promptly asked that the case be referred to a court in the supreme court and his appeal was dismissed because his transcript did not contain the judgment of the district court from which the appeal was taken.

But the 5th Nebraska reports contained only the first chapter of the story—that the case had been dismissed because of an absence of the judgment of the lower court in the record. Judge Bryant insists that the report of the case should have been held out of Nebraska reports until the court had added that last chapter. The case as given in the 5th Nebraska, he wrote, "embalms me as a diaphanous."

time and the necessity for having to run through the train when anyone is wanted will be eliminated. In those towns where an evening will be spent two wires are run from the train. One puts the train in connection with the local exchange and the other will be a direct wire to Omaha, so that those who wish may keep in communication with their homes or offices.
Soft, felt hats will be worn by the trade excursionists. These head pieces will have a guady red band instead of blue, as heretofore. The hats are a feature of the trip and will make the wearers conspicuous at all times.
A. A. Smith, mayor of Sioux City, has been heard from by the excursion committee. He writes as follows:
"I am in receipt of your itinerary of South Dakota-Nebraska trade excursion and assure you that we will be very much pleased to have you call on Sioux City and spend as much time as possible with us. The matter of your reception and entertainment will be taken up with our Commercial club, and on behalf of the city government, I can promise you a hearty welcome and the 'freedom of the city.'
Another feature of the excursion is the barber shop that is a part of the equipment on the train. The latest thing in barber chairs will be installed and the boosters may look their best all the time if they are so inclined.
