ADDRESS SENT GEORGE FIFTH

Resolutions Assure New Sovereign of  
Heartfelt Sympathy.

PEACEMAKER OF THE WORLD

This Title Applied to Late Ruler  
Was Well Earned, is Sense of  
Resolutions—Memorial Ad-  
dresses Made.

LONDON, May 11.—Empress Dowager  
Marie of Russia, a sister of Queen Mother  
Alexandra, reached here today accompanied  
by Grand Duke Michael Alexandrovitch,  
younger brother of Emperor Nicholas, who  
will be the official representative of the  
Russian government at the funeral of Ed-  
ward VII.

Parliament met this afternoon to pay a  
national tribute to the memory of King  
Edward and to welcome his successor,  
King George.

A message from the new monarch in  
which he announced the death of his father  
and his own succession, was read in both  
houses, which subsequently adopted ad-  
dresses of condolence and congratulations  
to the king.

Speeches were made in parliament by  
the leaders of the political parties.

Royal Message Read.  
The royal message was read in the house  
of commons with members standing un-  
covered as it was read. It follows:  
"The king knows that the House of Com-  
mons shares in the profound and deep  
sorrow which has befallen his majesty  
by the death of his majestic father, the  
late king, and that the house entertains  
a true sense of the loss which his ma-  
jesty and the nation has sustained in this  
momentous event.

"King Edward's care for the welfare of  
the people and his skilled and prudent  
guidance of affairs, his unwearied devo-  
tion to public duty, his illustrious reign,  
and his simple courage in danger and  
pain will long be held in honor by his  
subjects at home and beyond the seas."

Upon a motion by Premier Asquith,  
seconded by A. J. Balfour, leader of the  
opposition, the House of Commons adopted  
an address to be presented to King George  
in which his majesty was assured of the  
heartfelt sympathy of the lower chamber  
in his grievous affliction and in which  
also were expressed the congratulations  
of the house upon his accession. His ad-  
dress proceeds:

"We will ever remember with grateful  
affection the zeal and success with which  
our late sovereign labored to consolidate  
the peace and concern of the world.  
"He well earned the title by which he  
will always be remembered, 'The Peace-  
maker of the World.'"

The premier then moved an expression  
of the house's condolence to the queen  
mother, Alexandra, assuring her that the  
House of Commons and the nation would  
ever preserve toward her sentiments of un-  
alterable reverence and affection.

When Mr. Asquith expressed the sym-  
pathy which the house felt for the queen  
mother, he all but broke down.

Speaking along similar lines in the House  
of Lords, the Earl of Crewe was well-  
nigh overcome with emotion.

bill last night by members of the house

BEAUFORT, S. C., May 11.—Four pri-  
vates of the one hundred and twenty-  
seventh coast artillery were shot and  
wounded by ambush today and two  
others were shot by men believed to be  
"keepers of blind tigers" and who had  
been selling whisky to soldiers off the  
government reservation at Fort Fremont.

on Corporations

Nearly Twenty-Six Million Dollars  
Assessed Against More Than Two  
Hundred Thousand Companies.

(From a Staff Correspondent.)  
WASHINGTON, D. C., May 11.—(Special  
Telegram.—Commissioner R. E. Cabell  
of the internal revenue department today  
made public the collections for the months  
of February and March under the income  
tax law. In the Nebraska district 2,442 re-  
turns were made upon which an assess-  
ment of \$294,261 is levied. A number of cor-  
porations in Nebraska failed to make re-  
turns promptly and these are liable to an  
aggregate penalty of \$1,067 which will make  
the total tax from Nebraska corporations,  
\$295,328. There are two collection districts  
in Iowa, the third having 2,545 corporations  
assessed at \$78,542, and the fourth with  
\$2,546 returns assessed at \$107,541. The North  
and South Dakota district reports 2,024  
returns, assessable at \$64,798.

The report shows the total number  
of returns to have been 21,243, total  
assessments, \$5,709,045, and penalties for  
failure to furnish reports by March 1,  
\$101,750.

Western districts made the following  
showing:

Club Women  
in Possession  
of Cincinnati

Five Thousand Delegates to General  
Federation in City—Bids for  
Next Convention.

CINCINNATI, May 11.—(Special Tele-  
gram.)—More than 5,000 women are here to-  
day, representing every state in the union  
and Canada, to attend the tenth biennial  
convention of the general federation of  
women's clubs. An executive session of  
the board of directors was held Tuesday.

Today there was a council meeting of  
the state and general federation officers.  
Already there is a prevailing sentiment that  
Mrs. Philip N. Moore of St. Louis, will be  
elected president-general of the federation  
for a second term. One rumor says the  
entire board will be re-elected.

California has a large delegation here,  
headed by Mrs. J. E. Cowles of Los Angeles,  
first vice president of the general federa-  
tion, which is actively working for the next  
biennial convention for San Francisco.  
Baltimore will also extend an invitation for  
the honor.

GREEK BOY IS SENT ASTRAY

Lad Bound for Woonsocket, R. I.,  
Lands at Woonsocket, S. D., by  
Mistake.

SIoux FALLS, S. D., May 11.—(Special.)  
—To be sent to a point 1,500 miles from his  
destination by mistake was the experience  
of a little Greek boy about 12 years of  
age, who the other day was found wander-  
ing about the street of Woonsocket. The  
lad was taken in by kind-hearted residents  
of Woonsocket who endeavored to learn  
something of him, but owing to the fact  
that he was unable to talk English but  
little could be learned from him. As near  
as could be gathered he had only recently  
arrived in the United States from Europe  
and through some mistake had been sent  
to South Dakota. Instead of to Woon-  
socket, R. I., where it appears certain he  
has relatives who he came to the United  
States to join. The unfortunate boy had  
but 25 cents in his pockets when found  
wandering about the street, so a collection  
was taken up for him and arrangements  
made to have him forwarded to Rhode  
Island.

Kawtown Tries to Fool  
on Its Butter Quotations

Shame on Kansas City. The Omaha but-  
ter men say that the naughty Kawtown  
dealers are trying to delude the poor but  
opulent farmer into selling his dairy  
products to them at a low price by sending  
out incorrect quotations.

Kansas City, for instance, remarks in  
public quotations that the price to retailers  
is 25 cents a pound. Now, this is very  
wrong, indeed, so say the Omaha dealers.  
For on private advice they learn that the  
real price is 25 cents for creamery butter,  
incidentally the same as the Omaha quo-  
tation for butter in pound prices and car-  
tons delivered to the retailers.

"Just a bear movement, we don't pay any  
attention to the Kansas City market," said  
an Omaha butter man. "If we sell them  
any butter it is at Elgin rates, that's all."

PEOPLE ALARMED  
BY EARTHQUAKES

Populace of Costa Rican Cities Flee

Are Felt.

cials Work Among Ruins.

Red Cross Does Good Work Among  
Wounded and in Rescue Work.

HEAVY QUAKES ARE REPORTED

Further Disturbances Are Recorded  
at San Jose and at San Do-  
mingo—Cartago Will Be  
Rebuilt.

SAN JOSE, Costa Rica, May 11.—Heavy  
earthquakes were felt here today. Thou-  
sands of persons are leaving the city in  
alarm. A series of severe shocks was ex-  
perienced yesterday.

Although fear has seized a great part of  
the populace, the authorities continue reso-  
lutely at work among the ruins of Cartago.  
Many living persons have been released  
from the debris and some of these will sur-  
vive. It is reported that the dead include  
two Americans.

The Red Cross organization, the police,  
the military and members of the foreign  
colonies are actively engaged in the relief  
work and have accomplished much.

As fast as they are discovered, the in-  
jured ones are removed to this city where  
they receive medical attention. The public  
schools have been converted into tem-  
porary hospitals. While the injured are  
thus being succored, the sanitary authori-  
ties are seeing that the dead are buried as  
promptly as the bodies are recovered and  
are taking other cautions against an epi-  
demic.

Help from Outside.

Kindly expressions and material assist-  
ance from other countries have been ex-  
pressed with gratitude by the public. The  
messages of condolence are many. The do-  
nation of Mexico, the activities of the  
American Red Cross and the promptness  
with which the press associations of other  
countries have made known the distress  
and need of the stricken territory are prac-  
tically proofs of foreign sympathy that are  
recognized and appreciated.

There is already talk of the reconstruction  
of Cartago, and it is suggested the  
government may determine the kinds of  
material to be used in the new buildings,  
as well as the manner of their construc-  
tion.

SAN DOMINGO, May 11.—A severe earth-  
quake shock was felt here at 3 o'clock this  
morning. There was no loss of life or dam-  
age to property in the city, but reports  
from the interior have not been received.

WASHINGTON, May 11.—The seismo-  
graph in the United States weather bureau  
here recorded an earthquake shock at 2:34  
o'clock this morning. The disturbance con-  
tinued nearly twenty minutes, but the re-  
cord was a very slight one and insufficient  
for the registrar to determine the location  
or the upheaval.

Taft Pays Tribute  
to Memory of  
Two Polish Heroes

Chief Executive Makes Address at  
Unveiling of Monument to  
Pulaski and Kosciuszko.

WASHINGTON, May 11.—In his address  
at the unveiling of the Pulaski and  
Kosciuszko statues in this city this after-  
noon, President Taft paid high tribute to  
the two Polish warriors. He grouped them  
with La Fayette, Rochambeau, De Kalb  
and others, and said it was fitting that  
America should give enduring evidence of its  
gratitude to those who came to it in  
hour of trouble.

Mr. Taft declared that if Pulaski and  
Kosciuszko could have lived to see the  
2,000,000 Polish citizens take their honorable  
place in the American electorate; could  
have seen the prosperity they had aided  
and the happiness they had found under  
the banner, that the two generals helped  
to found, they would have felt their labors  
were not in vain.

Aged Woman Torn  
by Two Bulldogs

Mrs. Mary Ryan of Chicago is in Hos-  
pital and Will Prob-  
ably Die.

CHICAGO, May 11.—With her face, throat,  
arms and body lacerated by the bites of  
two bulldogs, Mrs. Mary Ryan, 72 years  
of age, is reported dying in Grace hospital  
today. The attack occurred in front of  
the home of the owner of the dogs. When  
neighbors reached the scene one dog was  
tearing at the aged woman's throat while  
the fangs of the other were buried in her  
arm.

NEW CAR SHOP AND MILL  
Union Pacific Ready to Ask for Bids  
for Big Improvements.

LARGE SUMS TO BE EXPENDED  
Total Amount to Be Spent by the  
Harriman Line in Omaha Will  
Reach Over Two Million  
Dollars.

Announcement was made Wednesday by  
A. L. Mohler, vice president and general  
manager of the Union Pacific, that the  
road is to soon issue a call for bids to build  
a new car shop and planing mill plant,  
which will cost approximately \$400,000. This  
will mean that the Union Pacific will ex-  
pend about \$2,000,000 during the coming year  
on improvements in Omaha.

Referring to the proposed extension to the  
freight house, which has been discussed  
for some time, Mohler said, "We are  
going to let the public build that for us.  
They can build it without expending a  
cent, but it would cost us more money  
than we can afford to lay out at this time.  
We will be busy for a year or two erecting  
our new office building and the new car  
shops and planing plant, which will neces-  
sitate an outlay of about \$2,000,000. We are  
soon to call for bids for the new car build-  
ing and planing mill, which will cost ap-  
proximately \$400,000, with the machinery in-  
stalled."

Freight House to Wait.  
This means that the Union Pacific will  
not build the additions to its freight house  
for a year or two, if present plans carry  
out, but will confine itself to the completion  
of the new general headquarters and the  
car shop. The work of razing the buildings  
at Fifteenth and Dodge streets has been  
completed and the ground is being pre-  
pared for the excavating work. As soon  
as possible the foundation for the sky-  
scraper will be built, and it is expected  
that as soon as the work is completed  
the contractors will be ready to go ahead  
with the building itself.

The present year marks a period of con-  
struction work in Omaha by the rail-  
roads of the west and large sums of  
money will be spent by the Union Pa-  
cific, the Burlington and the Chicago &  
Northwestern. The Union Pacific takes  
the lead and will do more work than the  
other roads, but the Burlington and  
Northwestern are both planning to erect  
new freight houses which will cost hun-  
dreds of thousands of dollars.

Riots Spread Terror.  
CHANG SHA, May 10.—Word has been  
received here that riots have occurred at  
Yue Chow, which is 22 miles from Chang  
Sha and that the inland mission has been  
destroyed. No details are given as the tele-  
graph wires are down.

Forest Fires  
Menace Number  
of Small Towns

Woods in Minnesota, Wisconsin and  
Michigan Are on Fire and Strong  
Wind Spreads Flames.

ST. PAUL, May 11.—Owing to the unusual  
drouth in Minnesota, the forests in the  
north and eastern part of the state, in  
Wisconsin and Michigan, have been  
burning for several days and great  
damage has been done. So far, however,  
no fatalities have been reported.

No rain has fallen in Minnesota this  
spring in any amount and since the last  
snowstorm of April 24 and 25 not enough  
moisture has fallen to thoroughly wet the  
ground.

Everything is dry as tinder, especially  
in the woods, and fires started by settlers  
in clearing their lands and by sparks from  
locomotives spread rapidly into growing  
fires.

For the last two days a strong wind has  
been blowing over some of the northern  
counties and this helped the spread of the  
flames.

Reports from Calumet, Mich., state that  
the fires about Aliston, Painesdale, South  
Range and Baltic are less serious today.  
From Cass Lake, Minn., the reports are  
more reassuring today.

Indications today are that the fire has  
been checked, unless the wind comes up to  
cause the fire to jump across the barrier.  
The same section of Minnesota was swept  
by fire two years ago. At that time Chi-  
holm, a town of 2,500, was wiped out, and  
the residents of Grand Marais were taken  
from the town in boats.

WAUSAU, Wis., May 11.—Forest fires  
have leveled the south half of the town of  
Mosinee, Marathon county.  
Just before wire communication was cut  
off early today word came that a number  
of buildings had been destroyed, including  
three residences, four general stores and  
the postoffice. The latest report said the  
fire was under control. The loss is \$25,000.

NEW TARIFF PROBLEM ARISES  
High Protectionists Oppose Proposi-  
tion for Tariff Commission.

STEP TOWARD FURTHER REVISION  
Insurgents Are Backing President in  
Demand for Appropriation Needed  
to Secure Accurate Infor-  
mation.

WASHINGTON, May 11.—President Taft  
is facing a new party complication. In  
his effort to obtain an appropriation of  
\$50,000 to enable the new tariff board to  
ascertain the difference in the cost of pro-  
duction here and abroad and thus lay the  
foundation for another tariff revision based  
on accurate and scientific information, it  
is said today that the president would have  
the opposition of Representatives Payne,  
Danzell, Fordney and other high protec-  
tionists of the house.

The insurgents are backing the presi-  
dent up in his demand for the appropri-  
ation, and republicans generally are look-  
ing to the appropriation and the promise  
of another revision which it carries as one  
of the brightest elements of hope in the  
coming campaign.

The insurgents are wondering today if  
in the event of opposition from Messrs.  
Payne, Danzell and the others, their republi-  
canism will be called into question by  
the "powers that be."

The plan of the ultra-protectionists, it  
is said, is to rest their opposition on a  
point of order when the provision for the  
\$50,000 appropriation is reached in the sun-  
dry civil bill.

Representative Payne will open the de-  
bate on this bill tomorrow with a two  
hours' defense of the Payne-Aldrich bill.  
Chairman Tawny of the appropriation  
committee declared that he did not be-  
lieve a point of order would lie against  
the appropriation, but if it should an ef-  
fort would be made to get the appropri-  
ation in some other way. Messrs. Payne  
and Danzell and Mr. Tawny, together  
with Senators Crane and Aldrich, were at  
the White House today.

Former President and Kaiser Watch

Troops.

WASHINGTON, May 11.—The appoint-  
ment of Colonel Theodore Roosevelt by  
President Taft as special ambassador to  
represent the United States at the funeral  
of King Edward in London, May 28, was  
officially announced today. Cablegrams  
were exchanged last night. This is said  
to have been the first direct communication  
between Taft and Colonel Roosevelt since  
the former's inauguration. The text of the  
cablegrams follows:

"WASHINGTON, May 10, 1910.—Roosevelt,  
Care American Embassy, Berlin: I should  
be very glad if you would act as special  
ambassador to represent at the funeral of  
King Edward VII. I am sure that the  
English people will be highly gratified at  
your presence in this capacity and that our  
people will strongly approve it. I have as  
yet received no official notice of the date  
of the funeral, but it is reported that it  
will take place on the 20th of this month.  
Please answer. "WILLIAM TAFT."

Sham Battle Near Berlin.

BERLIN, May 11.—Colonel Roosevelt in  
the company of Emperor William today  
witnessed a mimic battle in which 12,000  
men of the German military engaged in the  
vicinity of Doberitz.

It has been feared that the former presi-  
dent would be obliged to forego this part  
of the entertainment planned for him, be-  
cause of the condition of his throat, which  
is still somewhat sensitive, but this morn-  
ing Prof. Frankel, the throat specialist,  
made another examination and decided  
that Mr. Roosevelt would suffer no in-  
convenience through being for a few hours  
in the open air.

Immediately after breakfast, Mr. Roose-  
velt, attended by Lieutenant Colonel Von  
Koenner, motored to Doberitz where at  
9 o'clock he was joined by the emperor.  
The colonel wore a riding costume and  
was provided with a superb thoroughbred  
from the imperial stables. His majesty  
also took mount and together they rode  
over the maneuvering field of some twenty  
square miles and observed the working out  
of the army problem. The scene of the

AFTER HEALTH OFFICIALS

South Dakota Board Will Remove  
County Officers Who Fail to  
Make Reports.

PIERRE, S. D., May 11.—(Special.)—  
The superintendent of the state board of  
health has found a great deal of trouble  
in making up his annual report for the  
reason that the superintendents of the  
county boards are either careless in the  
manner in which they make their reports,  
or fall altogether to send in anything in  
the shape of a report. At the late meet-  
ing of the state board held here a reso-  
lution was adopted authorizing the re-  
moval of superintendents of the county  
boards, who persist in making incomplete  
monthly reports or those who fail al-  
together in sending in the data required  
of them. Unless the superintendents of  
the county boards make the proper return,  
the report of the state superintendent will  
be of little value and the co-operation of  
the county superintendents is denegated.
