Capital City Still Much Exercised Over Maintenance of City Beautiful—Conceded Gas Tank Problem.

Lincoln today and for a few hours contemplated the wonderful changes that have occurred in the city since the days when he stood up in the legislative halls and demanded appropriations for the state university, western Nebraska, the state normal schools and other institutions for the good of the state. Mr. Curtis was too busy to stay all night. He devoted a portion of his time to looking up the corporation tax on a big cattle company in which he is interested as general manager and vice president.

Nebraska Felix Newton Asks Hitchcock to Act

Ex-Democratic Employee Invites Candidate for Senator to Investigate Closer Home.

Lincoln, May 12.—(Special.)—Felix Newton, the discharged bookkeeper of the Lincoln insane asylum, has appealed to G. M. Hitchcock for a decision in Governor Shallenberger's investigation of the charges made by Newton against the management of the asylum. When Newton filed his charges with the Board of Public Lands and Buildings and the hearing was started, the governor objected to the jurisdiction of the board, and was sustained.

Nebraska Ludden Salary Contest.

The suit to test the legality of the salary drawn by Luther P. Ludden as secretary to the State Normal board will be filed tomorrow in the Lancaster district court. The petition will ask for a mandamus to compel Auditor Stanton to issue a warrant for the amount alleged to be due the secretary. This was the procedure agreed upon by the committee of the normal board appointed by President Childs. T. J. Doyle will appear for the normal board committee. It is expected Attorney General Shallenberger will demur to the petition and thus an early decision will be reached by the courts.

Nebraska Ho, for the New Jerusalem.

A copy of the Saline County Democrat has reached the state house, and it contains a statement that the editor has received a letter from Lincoln asking the newspaper to use its influence in the interest of "larger appropriations" for Lincoln at the hands of the next legislature. The editor did not say in his article whether the larger appropriations are to be used in constructing the wall around the "New Jerusalem" or for the construction of the \$50,000 state historical building which Governor Shallenberger designated as an "ulcer on the body politic."

Nebraska Obey Orders of the Commission.

The Burlington railroad has informed the State Railway commission that it will proceed at once to construct a transfer switch at York to connect with the Northwestern. The order for the transfer switch was made about a year or so ago and the case was taken to the courts, where it is still pending.

Nebraska Want to Change Depot.

The Rock Island railroad has asked the State Railway commission to permit it to locate the depot at the intersection of University Place a little west of the location agreed by the commission. It has also asked for permission to discontinue the use of the spur track from Lincoln. Hearing on the requests has been set for May 27.

Throat and Stomach Trouble

Mr. Carl Reiche suffered for years with his throat; nothing he tried did him any good till he used Duffy's Pure Malt Whiskey—which absolutely cured him.

Mrs. Reiche had stomach trouble in a severe form, but this wonderful medicine completely restored her to health.

They both praise Duffy's Pure Malt Whiskey as the greatest remedy in the world for the weak and suffering.

Mr. Reiche writes, "I have suffered for a long time from two very bad diseases. When I went to bed I had a regular boiling in my windpipes. This increased until I could not breathe any more. It drove me crazy; choked me; I could not sleep and all medicines I tried did me no good. The second trouble was while speaking to people: I had such a tickling and pricking in my larynx, together with strong coughing, that I could not talk—a suffering of many years. Of all these tortures I am now free of my sufferings and in the best of health."—Carl Reiche, Chase City, Va.

Mrs. Reiche writes, "During Christmas holidays I felt very ill in my stomach. My husband wanted to call a doctor, but I thought of Duffy's Pure Malt Whiskey. I took a teaspoonful in a little water and it was not more than a half hour when I felt a little better. After taking a few teaspoonfuls more I had some appetite and I improved steadily. Now I am perfectly well. It is my opinion that this medicinal whiskey is incomparable."—Mrs. Carl Reiche, Chase City, Va.

Duffy's Pure Malt Whiskey

If you wish to keep strong and vigorous and enjoy perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It corrects the defective digestion of the food, increases the appetite, strengthens the heart, gives force to the circulation, cures all throat troubles and insomnia and brings restfulness to the brain and nervous forces. It is invaluable for overworked men, delicate women and sickly children; makes the old feel young and keeps the young strong and vigorous. It is prescribed by doctors and recognized as a family medicine everywhere.

If in need of advice, write Medical Department, The Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a valuable illustrated booklet containing rare common sense hints for health which you cannot afford to be without and some of the many thousands of gratifying letters from men and women in all walks of life, both old and young, who have been cured and benefited by the use of this great medicine. Sold in GLASS BOTTLES ONLY by druggists, grocers and dealers or shipped direct. \$1.00 per large bottle.

world of the mind and the body. Forces for good, forces for evil are everywhere evident, each acting with a hundred or a thousand fold the intensity with which it acted in former ages. Over the whole earth the swing of the pendulum grows more and more rapid, the main springs coil and spring with the great industrial colts, the whole world movement is of constantly accelerating velocity.

"In this movement are signs of much that bodes ill. The machinery is so highly geared, the tension and strain are so great, the effort and the output have alike so increased that there is cause to dread the ruin that would come from any great accident, any breakdown, any sudden stop that may come from the mere wearing out of the machine itself. The only previous civilization with which our modern civilization can be compared is that of the Greeks and Romans. The Athenians were the first to divide the world into the East and the West. Many of the forces and tendencies which were then at work are at work now. Knowledge, luxury and refinement, wide material conquests, territorial administration on a vast scale, an increase in the mastery of mechanical appliances and in the mastery of the market, the modern civilization that flourished in the Mediterranean lands twenty centuries ago, and they preceded the downfall of the older civilization. Yet the differences are many and some of them are quite as striking as the similarities. The single fact that the old civilization was a democracy, a democracy which separated the two. Let me point out one further and very significant difference in the development of the two civilizations, a difference so obvious that it is astonishing that it has not been dwelt upon by men of letters.
