Suits, Skirts and Dresses

Made to Your Measure

You cannot make any mistake if you come to us to have your suit, dress or skirt made to your measure. We make our garments just as carefully as the watch maker makes his time piece. Every little detail so faithfully attended to that when complete the result is a perfect fitting garment. Garments made by us are made to fit, made to keep their shape, made to look good as long as you wear them. They have that substantial quality and that beauty of style that lifts them above the average make and at the same price as you have been paying for ready made garments. We solicit a trial order which will substantiate our claims.
