The rugs selected by our Mr. Wilhelm when in Constantinople recently have just been received, and will be on display beginning Monday.

Constantinople is the one great Oriental rug market of the world, practically all the collections from Asia and Turkey in Europe being brought to this market, where the government furnish very large storage warehouses, in which they are handled.

It has been our hope for sometime, to show the lovers of Oriental rugs, in Omaha and vicinity, a display unequalled in this part of the country, and we feel that we are now prepared to do so. This showing is particularly strong and complete in room size rugs. The variety of grades and sizes being the most extensive, and priced at such very reasonable prices that we recommend this to our friends as a special opportunity to buy large rugs,
