

# The Supreme Forest Woodmen Circle

A Fraternal Insurance Order  
Furnishing Protection That Protects

## A Remarkable Record

Mrs. Emma Manchester took charge of the Woodmen Circle 11 years ago the 17th day of last March. At that time the order had a membership of only 5,000. Its indebtedness amounted to \$38,500.00. Today the membership is 85,000 and instead of an indebtedness there is a *surplus*, to take its place, reaching the enormous amount of \$1,600,000.00.

The almost phenomenal growth of the Woodmen Circle speaks volumes for the merits of its insurance, and is a monumental indorsement of the management. The following table represents the present standing of the order.

<i>Number of Groves . . . . .</i>	<i>2,503</i>	<i>Losses paid . . . . .</i>	<i>\$2,000,000.00</i>
<i>Number of monuments erected . .</i>	<i>1,901</i>	<i>Emergency and surplus</i>	<i>\$1,600,000.00</i>
<i>Number of members . . . . .</i>	<i>85,000</i>	<i>Insurance in force . .</i>	<i>\$78,250,000.00</i>

Absolute fair-dealing, prompt payment of all legitimate claims, careful selection of risks, and a high standard of membership are the primary elements governing the Woodmen Circle management.

“Only the Best” can get into the Woodmen Circle.

It is not enough that an order is big, prosperous, sound. Has it qualities and methods and laws which insure the continuance of these things? That’s the question every good business man or woman asks when considering protection.

The business management of the Woodmen Circle follows the same conservative, careful, foresighted and sound policy as that pursued in any big, strong and legitimate institution.

You are invited to join and enjoy the splendid advantages offered to its members.
