May, 1910, were \$108,260.35, as against \$851,  
477.15 for the month of May, 1909. This shows  
a decrease of \$23,185.15 from the corre-  
sponding month of last year. No particular  
reason for the decrease, other than it ap-  
pears necessary in the tax on spirits, which  
is not an unusual thing for the month of  
May.

likewise had dealings of the sort with the

**CITY WARDS ARE CHANGED**

**Councilman Berka Has Ordinances  
to Change Boundaries.**

**EFFORT TO EVEN THEM UP**

**It is Thought that These Changes  
Will Be Sufficient Until After  
the Next Presidential  
Election.**

**Councilman Berka Has in Preparation  
Three Ordinances Changing the Boundaries  
of Certain Election Precincts, Being the  
Third Precinct of the First Ward and the  
First and Fourth Precincts of the Twelfth  
Ward.**

Recently County Clerk Haverly sent a  
communication to city council, calling atten-  
tion to the need for revising the election  
precincts. It was referred to the com-  
mittee on judiciary, of which Judge Berka  
is chairman. He carefully canvassed the  
various wards with their representatives in  
the council. All agreed that the precincts  
in which they stood suited them, except in the  
instances noted.

The dividing line for the cut in the First  
ward precinct is to be Eighth street. All  
of the precinct west of Eighth to Thir-  
teenth will constitute one voting precinct  
and all east of Eighth to the east  
city limit will make another precinct.

In the Twelfth ward the First precinct  
will be divided by Almed avenue, all of the  
present precinct territory north of Almed  
avenue will be the Second. The present Fourth  
precinct of the Twelfth ward will be re-  
duced by attaching to the Third precinct  
the three blocks from Twenty-seventh to  
Thirtieth.

With these changes Councilman Berka  
and his colleagues believe the election  
precincts will be all right as at present con-  
stituted until after the next fall election,  
at least, and probably until after the next  
presidential election.

**Plumbers Near  
to an Agreement  
with Employers**

**Journeymen Inclined to Acceptance  
of Six Cents an Hour In-  
crease in Wages.**

**A Fierce Attack**—  
of malaria, liver derangement and kidney  
trouble, is easily cured by Electric Bitters,  
the guaranteed remedy. \$5.00. For sale by  
Bédatoff Drug Co.

What is substantially an agreement on  
a minimum wage scale of \$5.00 per day  
for journeymen plumbers is expected by  
the employers to prevent the threatened  
plumbers strike.

At a meeting of the journeymen plumbers'  
union held on Tuesday night, following a  
conference of the non-association employ-  
ers it was practically agreed to accept the  
offer of the "bosses," which amounts to  
a raise in the minimum of 6 cents per hour.

The agreement which is thus about to be  
closed extends only to the non-association  
employers. The members of the Master  
Plumbers' association will probably be re-  
quested to meet the same raise in the  
minimum wage. However, little difficulty  
is expected in that quarter, as most of  
the master plumbers are now paying above  
the scale.

Henry Bridwell, business agent for the  
plumbers' union, called on a number of  
the employers Wednesday. He expressed  
the opinion that the proposition of the  
non-association bosses would be accepted.

Recent increases in wage scales for  
workmen have given the carpenters \$4.00,  
bricklayers, \$5.50 and plasterers, \$6.00.

**W. G. Long, 21 years old, 211 South Thir-  
teenth, committed suicide at Fortnight  
and Leavenworth streets Wednesday after-  
noon, by placing his head between the  
couplers of two freight cars, just before the  
engine backed in. He was decapitated.**

Witnesses admit the possibility of it being  
an accident, but they are positive that the  
man saw where he was going and de-  
liberately took his life.

The man was seen wandering about the  
yards for an hour before his death. He was  
killed at 2:30 o'clock.

**Glenn Curtiss'  
Omaha Meet is  
Being Pushed**

**Committee Has Nearly Completed  
Work of Raising Funds and Will  
Soon Select Site.**

The Nebraska Aero club committee which  
is soliciting support for the Curtiss meet  
to be held here July 9 to 14, expects to  
have the pledges for the guaranty fund  
completed by Thursday morning. This com-  
mittee is working under the direction of  
C. G. Powell, who at a recent meeting  
was appointed manager for the meet and  
the campaign for its promotion.

As soon as the guaranty fund is com-  
pleted steps will be taken at once to make  
a decision on the site of the meet. Three  
or four locations are under consideration.  
Prospects indicate the choice of a field near  
Carter lake. The Fort Crook site is deemed  
technically desirable, but its distance from  
the city is held to be a factor to be con-  
sidered.

**REED FOR SENATORIAL TOGA**

**Former Partner of W. V. Allen Visits  
Omaha to Look Over the  
Situation.**

Judge Willis Reed of Madison, the most  
recent probability for the democratic sena-  
torial nomination, was in Omaha Wednes-  
day, sizing up the prospects of breaking  
through Congressman Hitchcock's lines in  
the Twelfth ward.

In the Twelfth ward the First precinct  
will be divided by Almed avenue, all of the  
present precinct territory north of Almed  
avenue will be the Second. The present Fourth  
precinct of the Twelfth ward will be re-  
duced by attaching to the Third precinct  
the three blocks from Twenty-seventh to

precincts will be all right as at present con-

**CITY REPAIR PLANT OPEN**

**Work Will Now Be Pushed on Resur-  
facing Streets.**

**START MADE THIS MORNING**

**Holes in Pavements Will Be Repaired  
from Now On as Fast as Possi-  
ble—Boiler Has Caused  
the Delay.**

The new asphalt repair plant built by the  
city engineer's department has been put into  
operation after a delay of two months or  
more. The new mixers were started this  
morning and the engineer's repair gang is at  
work today on Eighteenth street.

So far as the new building and the work  
that could be done by the engineer's de-  
partment is concerned it was ready long ago,  
but the firm that had the contract for  
supplying a new boiler sold to a private  
party the one built for and accepted by  
the city, after the city engineer had inspec-  
ted the boiler and gave it its approval.  
Then there was nothing to do but wait  
until a new one could be made. Repair  
work on many streets that need much re-  
surfacing will be pushed from now on.

**GIRL OF FOURTEEN ELOPES**

**Miss Ethel Barker of South Omaha  
and Man of Twenty-One

Three months ago Ethel Barker, 14 years  
old, met Clausen Miller, 21 years, at a  
moving picture show in South Omaha.  
Monday both of the young people dis-  
appeared.

Ethel is the daughter of Mr. and Mrs.  
R. R. Barker, 555 South Thirty-second  
street. Miller is an employee of the South  
Omaha Ice company.

They are believed to have gone to Sioux  
City and the police there are asked to  
look out for them.
