

Nebraska MONEY PLENTY IN BANKS YET

Despite Big Investments Much Cash is on Hand. SECRETARY ROYSE'S STATEMENT

Official of State Banking Board Says Deposits Show Increase of Four Millions for the Year.

LINCOLN, June 7.—(Special.)—Regardless of the vast investments that have been made by the people of Nebraska during the last few months and the amount of money put in lands of other states, banks indicate that the money had hardly been missed. Secretary Royse of the state banking board has issued a statement showing the condition of the banks at the close of business May 31, and of the statement he says:

"This department feels like congratulating the people of Nebraska on the unexpectedly strong showing made by the banks at this time. In view of the wide spread and unusually large investments made in lands and otherwise, it would be natural to expect an unusual heavy drain on the deposits of the banks of the state; such does not seem to have been the case, as the decrease from the statement made February 12, 1910, (the date of the high water mark for deposits in the history of the state), shows about \$1,000,000, and the increase over a year ago is \$4,431,373.46. In the loan item the increase between this and the previous year is \$1,212,137.16 and between this and a similar statement a year ago shows an increase of \$8,896,760.54. The fact that this statement is made at the close of a period marked by unusually heavy investments, the showing is certainly gratifying.

Amply Reserve. "The average reserve a year ago was 22 per cent, at the last previous call 30 per cent, and this statement shows an average reserve of 27 per cent.

"The actual cash on hand in the banks is shown by this report to be \$1,527,548.52, an increase of almost \$300,000 since February 12, 1910.

"The notes and bills rediscounted and bills payable are \$678,375.46, an increase of but \$12,154.42 since the February, 1910, report.

"This is the beginning of the season when loans decrease and deposits increase, so that while the condition of the banks is strong at this time, it will grow stronger from now on until fall."

Following is the abstract of the condition of the incorporated banks of Nebraska, at the close of business on the 31st day of May, 1910:

Paying No Attention to Politics. Ralph Clark, member of the house from Richardson county, called on Governor Shallenberger this afternoon and the two talked over the pleasures of old legislative days. "I have been attending to my private affairs," said Mr. Clark, "and really know nothing at all about politics and neither do I know whether any petitions are being circulated in Richardson county asking Mr. Bryan to run for the senate."

Mains Files for Congress. E. L. Mains, deputy food commissioner, filed his name this afternoon as a candidate for the democratic nomination for congress in the fourth district. Mr. Mains filed personally as a democrat and included in his filing a petition asking that his name also go on the populist ticket as a populist.

Calls on Bishop. J. W. Crabtree, formerly principal of the Peru normal school, was at the state house today and had a talk with Superintendent Bishop. Mr. Crabtree said he would not be a candidate for state superintendent if Mr. Bishop desired to run again, but that if the superintendent accepted the Iowa offer he may decide to run, though he had not fully determined the question.

Makes Three Speeches. Governor Shallenberger spoke three times yesterday at Broken Bow. First at the opening of the junior normal; then he made a speech on national issues in the afternoon and at night talked on state issues and the eight o'clock closing law, at a banquet that night.

Insurance Company Barred. The State Farmers Mutual Hall insurance company of Wasaka, Minn., has been denied permission to do business in Nebraska by State Auditor Barton, consequently it has no authority to do business in this state. The auditor says that any one soliciting business for this company lays himself liable to prosecution and those who take out insurance in this company and sustain a loss have no recourse in the Nebraska courts and the settlement will be entirely optional with the company.

Must Make Correct Change. The state railway commission has issued the following letter to the officials of all railroads doing business in Nebraska: Occasional complaints reach the commission that more than the statutory rate of two cents per mile is collected from passengers traveling between points in Nebraska, either by reason of the inability of station agents to make correct change or through conductors pulling an excessive number of miles from mileage books. The amount involved in each of these complaints is usually very small and indicates fault on the part of the employee rather than willful violation of law by the railroad company.

Although the two-cent passenger rate law imposes a heavy penalty upon any railroad corporation violating same, the commission does not desire to institute prosecutions except in cases where it appears that willful violation has been committed. The law's provisions are, however, very strict, and should complaints continue to be filed, it will be necessary to make an example of some offending carrier or employee or both.

In order that this course may not be made necessary, it is suggested that positive instructions be issued to all agents and conductors, cautioning them against the collection of more than the rate fixed by law under any and all circumstances.

Many at Summer School. PERU, Neb., June 7.—(Special.)—Large numbers of students are coming in for the summer school. It is generally believed that the attendance this summer will be very large. The additional faculty members for the summer are here and the registration for work begins this afternoon. Practically all the courses of the regular year are offered and additional courses for the graduate students who take a year of the summer school to go on with their education.

Nebraska Kearney Votes to Buy Water Works Plant

Third Time Proposition is Presented and Citizens Agree Without Long Fight.

KEARNEY, Neb., June 7.—(Special Telegram.)—At a special election held in this city today the citizens of Kearney voted by a good majority to buy the water plant at the figures offered by the American Water Company, which is \$135,000. The vote was heavy for a special election, although neither side did much at the polls, 527 votes being cast in favor of buying the plant and 218 against, which gives the three-fifths majority by a good margin. This election ends the pending question in Kearney and is the culmination of a long fight extending back over a period of five years. It is the third time the question was submitted to the people for decision. The first time bonds for \$100,000 were voted to build another plant, but were destroyed by a city council bill for some legal technicality. One year ago a proposition was submitted to the people to vote bonds in the sum of \$100,000 to buy the old plant and they were defeated decisively. This spring, the water company made a new proposition and the council voted a special election which resulted as above.

Raid City—A good share of the citizens of Bellwood, Neb., were present in Judge Coufal's court yesterday on an election contest case over some of the village trustees. It was claimed by the contestants that legal votes were cast at the election and that votes were counted for one party that should have been counted for the other side. The claim of illegal voting arose over the question as to whether or not certain territory really belonged to the village of Bellwood or not. After hearing the evidence Judge Coufal continued the matter for argument.

Nebraska Oregon Plan Stirs Up the Animals

Democrats Very Much Dislike Proposition and Bryan is Put Up Against Campaign.

(From a Staff Correspondent.) LINCOLN, June 7.—(Special.)—F. W. Brown, former mayor of Lincoln and Mr. Bryan's personal representative on the resolutions committee of the late democratic national convention, is unalterably opposed to the Oregon plan of choosing United States senators, which was enacted into a Nebraska law by the late democratic legislature. "I have been approached to run for the senate in this county," said Mr. Brown, "and I have told those who have mentioned the matter to me that if it were necessary to pledge myself to vote for the candidate for United States senator who received the highest number of votes at the polls in order to be elected, I would not be a candidate. "I cannot conceive how any democrat could make such a pledge. I have belonged to the minority party too long to give up the principles I have fought for in order to get a little office. I could never stultify myself by agreeing to vote for a candidate for the senate who is in favor of a high tariff. I would not object to voting for a democrat who stood for democratic principles, but I would never sign a pledge to vote for a republican who stands for the things which the democratic party has fought all through its existence. How many democratic candidates for the legislature will sign that pledge and agree to vote for a senator whose principles are just the opposite from the things his party has been fighting for, of course, I do not know, but it seems to me the candidates should give this question serious thought before signing up. Suppose the corporations of the state should get behind a senatorial candidate, it would not be such a hard matter to get him a majority of the popular vote if he belonged to the majority party. What democrat would vote for such a candidate? What good democrat who believes in democratic principles would agree to vote for such a candidate? The law is wrong in principle and as a self-respecting democrat I would never agree to its terms if I were a candidate."

Mayor Brown is not only a close confidential friend of Mr. Bryan, but he is on just as close confidential terms with Governor Shallenberger. The chances of the governor going to the senate practically fade away if the Oregon plan is agreed to by a majority of the legislative candidates, while Mr. Bryan will be forced to the necessity of making a campaign if he goes to the senate under those circumstances. The governor has been anxious for the former mayor to run for lieutenant governor, but so far Mr. Brown has made no effort to get his name on the ballot. If the governor should be re-elected and a democratic legislature, unpledged, is elected, then he holds the whip hand in the senatorial matter, so his friends insist, and in case of a deadlock, Mr. Bryan's election would be a certainty, his friends say. So the mayor's statement is liable to be very popular in certain quarters.

This afternoon the work of organizing the state county district officers for the convention was disposed of. District Court at Chadron. CHADRON, Neb., June 7.—(Special.)—A special term of district court was held here today. Hon. W. H. Westover of Rushville, presiding judge. The case of the state against Clifton Freeman, former clerk of the district, for embezzlement was dismissed, the judge holding that after the county commissioners had accepted all the money they claimed was due, with a recommendation to the court and county attorney to dismiss the case, it would be a reckless waste of public funds to try to prosecute.

Make a comparison with Omaha prices

You get that in South Omaha—The most for the least. The prices of the Home Furniture Co. are 20% below the prices charged in Omaha by any furniture house, either large or small. By this statement we do not mean to disparage the high motives and honest intentions of the Omaha furniture houses. They mean all right. They earn only a legitimate profit upon each transaction, though they do charge 20% more than we charge. It's not their fault. It's a condition existing in Omaha and not in South Omaha that forces the Omaha stores to charge 20% more than we charge, and yet make only the same amount of profit. In Omaha, expenses—rent, light, advertising, warehouse rent, etc.—are all but prohibitive. In South Omaha, expenses are practically nothing compared to Omaha—low rent, low operating expenses—You may have the benefit of all this saving if you ask for a transfer from any Omaha car to any South Omaha car and ride a few minutes longer, that's all.
