DEMOS AND OREGON PLAN

Doubt Exists Whether Committee Endorsed It.

SECRETARY HAS NO RECORD

Bryan and Shallenberger Men Are Up in Air Over Outlook—Cady Willing to Make Race.

(From a Staff Correspondent.)

LINCOLN, June 8.—(Special.)—Did the democratic state committee really endorse the Oregon plan of electing United States senators?

It was announced at the close of the meeting of the committee, which was held behind closed doors, that it had done this very thing. Others who were present at the meeting insist that nothing of the kind was done. This would leave the minutes of the secretary as the best evidence upon which to decide the matter.

The records of the meeting kept by Matthew, secretary to the state committee, and Governor Shallenberger's chief clerk, do not disclose that the Oregon plan of electing senators was endorsed. The minutes are silent on the question.

It developed today that only three members of the committee expressed themselves on the issue. One member, whose name was not recalled by Dr. Hall, Secretary Matthew or other in Lincoln who attended the meeting, made the motion that the committee endorse the Oregon plan and instruct the candidates for the legislature to file under its provisions. This did not pass.

Mr. Bryan, whose husband is serving a sentence of seventeen years for the murder of a man with whom he was fighting, called on the governor this morning and will probably ask for a hearing on an application for a pardon for her husband. According to her story, Turley was out shooting rabbits with his sons, when he ran into a man who was killing pigs with a pitchfork, that had broken into his field. Turley spoke to the man and in turn he was set upon, the man being armed with his pitchfork. In self defense, so the wife said, her husband shot the man and killed him.

At the first trial the jury hung and on a later trial Turley was convicted and sent up for seventeen years, which judgment was affirmed by the supreme court. Many persons have signed a petition asking for executive clemency. Turley has served in jail and in prison eight years. His wife still lives on the farm and has managed to support herself and children.

It has been figured out that the only person to secure an advantage under the Oregon plan would be Mr. Hitchcock, and the state committee is a shill-shill-shill organization and not a Hitchcock committee. Such a committee has no desire to help the Omaha man. Friends of Mr. Bryan would be glad to have the law ignored for the reason that if the legislature is democratic he could be elected to the senate without running the risk of being defeated by Mr. Hitchcock or Price or Reed at the primary.

So friends of the governor and friends of Mr. Bryan will look upon the democratic candidate who files under the Oregon plan, at least as a half-way enemy and a henchman of Mr. Hitchcock.

Ignores Oregon Plan.

J. D. Hatfield of Antelope county filed his name with the secretary of state this morning as a candidate for the senate from the Ninth district, on the democratic and populist tickets. He did not subscribe to "Statement No. 1." This district comprises Antelope, Boone and Greeley. Boone county is the home of Leo Matthews, who is secretary to the state committee and chief clerk to Governor Shallenberger, which may account for the fact that the senator will hold himself free to vote for a democrat for United States senator if the legislature is democratic. Hatfield was a member of the late democratic legislature.

Cady Not Adverse to Running.

A persona letter received from A. E. Cady of St. Paul at the state house today indicates that the former senator is not adverse to making the race for the republican nomination for governor, though not at all anxious to get into the running. Mr. Cady made the statement that he did not care at this time to cause another angle to an already many-sided fight by announcing his candidacy, but that he expected to come to Lincoln shortly and would talk with some of his friends. Peter Mortensen, while here the other day, insisted that Senator Cady would be the strong candidate if the party would nominate him.

Superintendent's Fees.

State Superintendent Bishop reports to the governor that during the six months ending May 31 he collected in fees \$4,254.72 under the teachers' certification law. All but \$3.77 was expended by the state superintendent, who ever filed with his report an itemized statement of his disbursement of fees. In the items is one for \$2 paid to W. H. Rhoads for fumigating the office. This fumigation followed a case of smallpox which developed there. Out of a total appropriation of \$13,000 for office expenses, Mr. Bishop has a balance of \$3,345.01; junior normals, \$8,837.35 remaining out of \$29,000; \$87,951.22 left out of \$75,000 for normal training.

Stock Yards Hearing on.

The stock yards hearing was resumed this afternoon before the State Railway commission. The commission is still hearing that part of the proceedings which has to do with the valuation of the real estate of the company. It probably will go into the matter of rates tomorrow.

Shireman to Penitentiary.

Sheriff Beal of Keith county landed Thomas F. Shireman in the penitentiary today to serve a term of three years. For bringing him back from Canada to stand trial Mr. Beal has filed with the state auditor a bill for \$567.72. Of this amount \$130 was paid to an attorney in Canada who assisted the officer when Shireman fought extradition; \$23.90 for copying depositions demanded by the courts; \$23 was paid to the judge, who is allowed a fee of \$10 for hearing each complaint; \$40 was for securing copies of papers filed with the department.

West Lincoln Grants License

Goodly License and Occupation Tax Beside, Charged for Privilege of Liquor Sale.

(From a Staff Correspondent.)

LINCOLN, June 8.—(Special.)—West Lincoln is to have a saloon, that Lincoln people may still live in a prohibition city and do their drinking outside the city limits. That is, the village has passed an ordinance to issue a saloon license, and it will become effective unless the committee of fifty which is looking after the morals of the surrounding country does not get it tied up in the courts and knocked out.

The ordinance provides that whisky can be sold in quantities of not less than one gallon and beer twenty-four quart bottles or thirty-six pints to the case and that no liquor shall be drunk on the premises. That a saloon in the neighborhood of Lincoln is a good thing financially for its owner is evidenced by the fact that the license fee was fixed at \$50 and in addition the successful applicant for license must pay an occupation tax of \$250. This occupation tax goes into a fund to be used in improving the streets. West Lincoln is just a good jaunt from the business part of the city and not far from Capital Beach.

In the meantime some of the establishment in Lincoln are getting ready for the wet spell, there having been forty-four barrels of empty bottles disposed of by one establishment during the week. Eva Williams and Lillie Brown, two colored women, were on the streets last night rather late and were hustled to jail. No raid was made on any drug store during the day. The police have returned to Bessie a van load of patent medicines and liquor taken a few days ago in a raid. The proprietor has appealed to the citizens to prevent further molestation by the police so long as he is lawabiding.

Fine Crop Prospects in Furnas.

BEAVER CITY, Neb., June 8.—(Special.)

The farmers of this section are shaking hands with themselves over the fine prospect for crops of all kinds and especially the small grain. Oats never promised a larger yield at this time of year. While the government reports place the wheat at 90 per cent, that in Furnas county was little injured by the winter weather, and the drought of the spring was broken by timely rains. At this time the crop is in as fine condition as was ever known, and the acreage is fully 50 per cent larger than last year. Corn is in good condition, a fine stand and free from weeds. New potatoes from local gardens have appeared on the market fully two weeks in advance of the usual date. The first crop of alfalfa was injured by the frost, but the yield is more than was anticipated.

JURY CLEAR HEDDENDORF

Find Young Not Guilty of Murder Charge Preferred in Harlan County.

HOLDREGE, Neb., June 8.—(Special.)—After being out less than ten hours the jury in the Heddendorf case returned with a verdict in which they found the defendant not guilty of the charge of murder on which he was held. The verdict was quite in keeping with Judge Dungan's instructions, and was looked for by those who had given the case the closest attention since its commencement a week ago. The murder for which the youth was held was committed in March, 1909, and the victim was William C. Dillon, a brother farmer, who lived alone in Harlan county.

Following an investigation, Heddendorf and a chum, George Critser, were arrested as the perpetrators of the deed. The young men both made confessions after being subjected to a grueling examination, and these the state made the foundation of their evidence to prove their guilt. The defense, however, showed substantially that the confession was extracted from Heddendorf by coercion, and numerous threats and inducements offered him by the Harlan county attorney, and that the lad was mentally an imbecile.

The case, which has attracted perhaps more attention than any other held in this section of the state for years, consumed a full week in the district court here, during which the testimony was listened to by interested spectators from scores of towns around. The verdict given yesterday virtually clears Critser's skirts, also, for had Heddendorf been found guilty, his chum, too, would have had to stand trial for being an accomplice to Dillon's murder.
