Eagles Receive Bids for Fifteen Sites for Aeries.

DECISION YET REACHED

Three-Story Structure to Be Placed in Business District-Rails Down for West L Street Car Line.

The building committee of the Fraternal Order of Eagles held an important meeting at the Commercial club rooms last night to consider the proposition of a site for the proposed \$75,000 aerie building. Bids were received for fifteen or more prospective sites, ranging in price from \$19,000 to \$5,000, Most of these were located on Twentyfourth street. The committee, after due consideration selected six propositions to present to the order as their choice. The several properties were the J. F. Good property, north of the Packer's National bank; the O'Neil-McCrann property, south of the city hall; the Carpenter property, between O and N on Twenty-fourth street; the McCrann residence and property; the John Doe property, at Twenty-fourth and J streets and the Harry Tavender property on N street, between Twenty-fourth and Twenty-fifth.

The South Omaha Eagles have a membership of over 700 and a building fund of \$5,000 in the treasury. It is proposed to huy a site in a favored business locality and locate there a three-story building. The lower floor is to be rented for store purposes and at the rear propably a theater. The second floor will be the club rooms and probably some business offices, The third floor will be the lodge room and its accessories.

work of erecting the building will be begun. By that time the surplus of the regular dues will amount to another \$1,000 or more and the rental of property, if such is possible, on the proposed site may yield an income of about the same.

The lodge will meet during the coming week to consider the recommendations of the building committee on the matter of the site. New Car Line Completed.

The rails are all laid for the new West finishing replacing the pavement. The schedule has been worked out by the company and will go into effect early in the fourth street, making a cross-town connec-

tion with Florence. This will make one of
