Returns From Niagara Falls—Trader H.
Inspector Wolfe and wife have returned from
Niagara Falls, N. Y., where Mr. Wolfe represented
Omaha at the convention of the
Master Boilermakers' association of the
United States. The convention of next year
will be held in Omaha, which beat out nine
other cities for the honor of entertaining it.
Hartman Placed in Jail—Louis
Hartman, who is charged with shooting at
D. C. Callahan, the superintendent of the
Prospect Hill cemetery on the evening of
May 31, with the intention of killing him,
was brought before Police Judge Crawford
Wednesday morning. He pleaded not guilty,
and was committed to jail, in default of
\$1,000 bond. The case was set for June 21.
Sheriff Swears in Jury—A coroner's
jury was sworn in at South Omaha Wednesday
morning by Sheriff Bralley to investigate
the death of Nicholas Jimka, caused
by a bullet wound he received during a riot
Monday night. The inquest will not be
held before the coroner of Carson City on
Friday. The coroner is in attendance at
the annual meeting of the Nebraska Funeral
Directors' association at Grand Island.
Pratt Divorce Case May Be Reopened—
Summons filed by the attorneys for Colonel
J. H. Pratt was served Tuesday evening
upon Mrs. Pratt, at the home hotel, preventing
her from leaving the jurisdiction
of the district court. Nothing can be learned
from either party as to what is to be done.
However, the petition for divorce filed by
Colonel Pratt against his wife still stands,
and Mrs. Pratt has settled all other legal
entanglements. Up until the time of her
return to her home at Carson City, she was
brought by attorneys Vinsonhater and
Brome for attorneys' fees, she was in the
east, and it was impossible to have her
appear in court.

Thursday Bargains
in the Big Stores

Merchants Making Big Day by Offering
Unusual Opportunities to
Buy at Low Prices.

A. T. Benson of Benson & Thorne says
the best bargain they offer for Thursday
selling is children's play suits, all kinds
and styles, at the remarkably low price
of 60c and \$1.00.

Hayden Bros. offer three big bargains
for Thursday—an entire new lot of the
popular Hindoo turbans, worth \$5.00, at
\$2.50; 50c embroideries at \$2.50, extra made
skirt flouncings, suitable for white dresses;
women's lingerie dresses at \$4.50, worth
\$10.00.

A special lot of women's untrimmed hats
in midsummer, an entire new lot of the
special bargain at J. L. Brandeis & Sons
for Thursday.

The \$2.50 and \$4.00 oxfords offered by the
Drexel Shoe company for Thursday selling
are special values.

The Bennett company will sell fine lingerie
waists worth \$1.50 for 88 cents Thursday.

Women Tip
Off Man's Name

John Henry Cox and Four Women
Cause Commotion in Arrest—
Gives Name as "John Doe."

John Henry Cox and a party of four
women in an automobile suffered arrest
at the hands of Policeman B.H. Wilson on
Fifteenth street, near Sixteenth, and an unusual
scene occurred Wednesday afternoon.
Mr. Cox, protesting earnestly against the
indignity being put upon him, caused the
policeman to look up a banker whom the
prisoner said was a friend.

Later, while a large crowd gathered
around, Wilson decided to ride in the
machine with his prisoner to the station.
Cox registered himself as "John Doe" on
the police sergeant's blotter, while the
women, sitting outside, inadvertently divulged
his real name. A charge of speeding
was placed against Cox, and he was released
on a \$10 bond.

Masourides Draws
Fourteen Years

Greek Convicted of Killing Officer
Lowery at South Omaha
is Sentenced.

Judge Redick Wednesday morning
pronounced a sentence of fourteen years in
the penitentiary upon John Masourides, the
Greek who was found guilty of killing
Policeman Edward Lowery. The judge had
the power to give the prisoner a sentence
of from ten years to life imprisonment.

In choosing nearly the minimum sentence,
Judge Redick explained that he was
actuated by the thought that Masourides,
being a foreigner and unfamiliar with the
ways of this country, was probably deserving
of leniency.

FOURTH INFANTRY DUE
TO ARRIVE THURSDAY

Troops Which Will Replace the Sixteenth
Infantry Now on
Way Here.

The Fourth Infantry, which will replace
the Sixteenth infantry at Fort Crook, is
expected to arrive in the city Thursday
afternoon. The Fourth left San Francisco
Sunday afternoon and will come over the
Union Pacific. The command consists of
sixteen officers and 525 men. As the Sixteenth
infantry does not leave until later,
Fort Crook will be called upon to house
two regiments for some time.

LOBECK RETURNS FROM EAST

Advocates Selling Bonds Back to People
of Community in Which
They Are Issued.

City Comptroller Lobbeck is home, after
attending the meeting of municipal accounting
officers in New York City. The Omaha
official presented to the convention his
idea of selling municipal bonds to the people
of the city issuing them, in small denominations. He found that St. Paul and
other cities have already tried the plan and
have found that it works very well. St.
Paul recently offered a bond issue to popular
subscription and it was subscribed twice
over in short order.

LIFE INSURANCE PAYMENTS

More Than Five Hundred Million
Dollars Total for 1909.

STORY OF THE YEAR'S BUSINESS

Figures Showing When Largest Payments
Were Made and Analysis
That Proves the Return
of Prosperity.

Life insurance organizations of the
United States and Canada distributed
\$522,000,000 in 1909, according to computations
by The Insurance Press. The payments
in the two countries to beneficiaries for
death claims, matured endowments, or
other benefits under the policies of level-premium
companies or the certificates of
various life insurance organizations—assessments
and the like—amounted to \$296,500,000. The estimated total of the amounts
paid by regular companies in dividends
to policyholders, for surrendered policies,
to annuitants and in claims in foreign
countries was \$195,500,000.

The regular life insurance business began
its return to normal conditions last
year, the reports from all of the states
showing increase of payments for death
claims and endowments. The reports of
the fraternal societies showed also increase
of payments for death claims and benefits.

Evidently the change of general conditions
of trade and business from unfavorable
to favorable, in the United States, and the
prosperity had effect in the life insurance
field sufficient to permit the carrying of
insurance without considerable increase
of liens through loans and also to reduce
to a normal extent the lapsation of
premium payments. With a large amount
of insurance taken by new insureds in
comparison with the records for 1907
and 1908, a decrease of ratio of insurance
dropped, naturally the companies had to
pay more claims last year.

According to the returns to the insurance
department of the state of New York,
where 90 per cent of the insurance in force
must be accounted for, there was an
apparent increase of about \$3,000,000 in
loans on policies, as compared with 1908,
\$72,687,335 in 1907, and \$27,279,825 in 1906.

In the last three years the appreciation
of the value of life insurance policies for
the protection through loans, and the
credit and the alleviation of temporary
embarrassment in minor affairs was a
feature of the business sufficient to require
the cognizance of executives of companies,
who uttered warnings against allowing
the loan liens to remain unpaid. The records of many of the companies
indicated large repayments, but at
the close of 1909 the outstanding loans on
policies amounted to \$296,993,588 for the
companies that reported in New York,
reducing the protection of \$1,110,457,173 of
ordinary insurance to \$817,463,585.

According also to the returns to the
New York insurance department, the
apparent increase of disbursement for surrendered,
lapsed and purchased policies
in 1909 was \$3,059,050, compared with an
increase of \$1,545,681 in 1908.

For other living policyholders, those who
have been able to hold on in rough and
easy places and maintain their insurance
protection, the record of dividends paid
in 1909 by the companies that reported to
the New York department showed an
increase of \$2,136,734, compared with an
increase of \$1,730,137 in 1908. Besides increase
of the amount paid, the item of dividends
due and unpaid showed an increase of
\$1,361,864. The account of dividends declared
or apportioned to annual and
deferred dividend policies in 1909, and
payable in 1910, was for \$99,632,494, an
increase of \$23,245,611. This amounts set apart,
calculated or provisionally ascertained
upon deferred dividend policies had a total
of \$267,259,334 at the close of 1909, an
increase of \$74,832,163, compared with an
increase of \$41,095,210 in 1908.

BANISH THOSE GRAY HAIRS!
Kill the Dandruff Germs—Stop Hair Falling
Thousands of mothers are looking younger. Their gray hairs are gone. The natural
color has come back, and with it a new growth of soft, glossy, luxuriant hair. Why should
you look old before your time, when you can look years younger by using
WYETH'S SAGE AND SULPHUR HAIR REMEDY
Dandruff Cured
Three applications removed
all the dandruff and left my
scalp clean, white and smooth.
Wm. Crook, Rochester, N. Y.
It is Positively Guaranteed to Restore
Faded and Gray Hair to Natural Color
If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S
SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly
as represented, your money will be refunded.
PROFIT BY OTHERS' EXPERIENCE
Gray Hair Restored
My hair was getting quite gray and falling out rapidly,
and I was troubled with a terrible itching of the scalp.
My head was full of dandruff, which fell on my necks
and kept me continually brushing it off. While on a
visit to Rochester I heard of your Sage and Sulphur
for the hair. I got a bottle and used it. A few applica-
tions relieved the itching, my hair stopped falling
out and gradually came back to its natural color. It
is now a nice dark brown color, soft, glossy and pliable.
Several of my friends want to use it, and I want to
know what you will charge me for six bottles of it.

Solid Comfort Going
to New York on
"The Pennsylvania Special"
The 18-Hour Train
Going to New York when the day's work is done, by the short line,
now embodies the solid comfort of a luxurious metropolitan hotel.
Aboard "The Pennsylvania Special" means an 18-hour trip, but not
at a high rate of speed, for you go absolutely direct; hence, no necessity
for uncomfortable speed. No jarring, no jolting—purely and simply a
synonym for comfort.
"The Pennsylvania Special" leaves from the Union Station,
Canal and Adams Streets, Chicago, quarter to three each afternoon, arriving
in New York the following morning at the ideal New York business
hour—9:45.
Other New York trains leave Chicago 8:15 a. m., 10:05 a. m., 10:30
a. m., 3:15 p. m., 5:30 p. m., 9:45 p. m. and 11:45 p. m.
You will gladly be furnished with further information—a booklet, if
you desire—by calling at or addressing
Pennsylvania
Lines—

RUPTURE
I have a certain cure for rupture without
surgical operation. I am the only reput-
able physician in this line of work who
will take such cases for treatment upon
a guarantee to cure, or make no charge.
You may deposit the money in a bank in
your city in your own name, and when
you are satisfied a cure has been made
you may deposit the money in a bank in
my name. By doing this you are absolutely
certain of a cure, or it will cost you
nothing. If I was not perfectly sure of
my work I could not do business in this
way very long, but instead have been
doing so for 18 years, and adopted this plan
because so many have been swindled by
quacks and fakery. Not one of them will
permit a patient to deposit his money until
a cure has been made.
When making my treatment patients
must come to my office, and if they live
near by, can return home the same day.
Call or write for literature.
