NEVER was a more successful buying trip made for this store. Successful, we mean, through the acquisition of advantageous purchases. As everybody knows summer goods don't sell with march weather flirting with May and June. New York wholesalers found traffic at a standstill; merchandise that months ago should have found a market, still filled the warehouses. Every day's delay made the situation more critical. Finally the order was given to sell, sell at a loss if need be. Our New York offices wired to send buyers at once as time was ripe for great bargains. For two weeks a corps of managers working in conjunction with our New York forces, scoured the markets. Ready cash coupled with our great outlet turned nearly \$100,000 worth of new summer goods Bennettward at lowest prices known in the trade. The choicest silks; the newest in summer apparel for women; a dozen cases of embroideries; almost a carload of dinnerware; New wash goods; linens, domestics, men's clothing and shoes, make up the bulk of the purchases. Tomorrow the selling begins. Not even August's clearing sales ever had better bargains. It's a momentous occasion for you. You save money by spending it at Bennett's during the progress of this sale. Come with the throngs tomorrow.

It's a glorious opportunity for the women of this community—Plain and fancy silks, Peau de Cygne, foulards, taffetas, megalines; all are select colors and shades; and the patterns are especially pleasing. You couldn't ask for better styles. Poor business compelled the wholesaler to sell at a loss. We took quantities and got the inside price—per yard, now at.....

### June Sales in Women's Summer Apparel That Will Surely Set the Town a Talking

The force of these bargains is not fully realized until one has seen the garments. Manufacturers were clamoring for business. We foresaw the outcome the off season would bring. It's what going to bring the year's best crowd tomorrow, unless we miss our guess.
