

Fundamental Objections to Woman Suffrage

PART I. The transition of a prominent advocate of woman suffrage to an opponent of the cause, with her reasons for the change, are detailed with impressive force in the statement submitted by Miss Phoebe W. Cousins...

Stay-at-Homes in the Majority. In the last election (November) in Seattle, where 4,000 women are registered to vote on school questions, only 1,000 registered, and among the delinquents were speakers who had been exported to the east in a recent campaign to paint in graphic language the resultant evils of women not voting.

Man's Moral Responsibility. In the summing up of the march of civilization man has demonstrated that he is not only a sharer with woman in moral responsibility at home and abroad, but as a composite citizen or a vicious compound, a weakling or a villainous compound.

Man's Two Souls. Man by nature is endowed with a preponderance of intellect and passion. This must be so because of the tremendous struggle which he is compelled to make to gain a foothold.

Women's First Vote in Colorado. Of my own observation, I can bear convincing testimony as to its truth, in one at least. I was an eye witness of woman's first vote in Colorado in 1894, arriving in June, and remaining until after November.

A Temporary Expedient. That woman looks upon her work as but a temporary expedient, and not a life-long effort, is continuously illustrated in the swiftness and alacrity wherein she accepts a public office, and in the way that she can do this when the wolf is at the door, and food, shelter and clothing are demanding the struggle, but after all that may be said it is merely a makeshift.

A War Time Picture. From my window in Washington I see day by day a vast army of women marching to and from the war, navy, state, treasury and other departments of the government, filling the numerous rambling offices, and doing their part.

Essential Political Duties. Moreover, the caucus, primary, and nominating conventions are the points where center the motive power of the voting privileges. The casting of the ballot is but a secondary consideration, and I know of no states wherein woman already enfranchised has exercised a decided influence on these centers of gravitation, from whence emerge the cohesive power of political plunder, the distribution of the loaves and fishes, the carrying of the banner, and the juggernaut of the victorious legions.

above, three reels of Gayety's own flickerless moving pictures will be shown. Patrons may drop in at the Gayety at any time and stay as long as they like.

There will be two plays at the Summer theater, corner Eighteenth and Douglas streets, this week. Commencing tonight the Hillman company will present a farce comedy in three acts entitled, "A Night Session."

Animation and joy took a jump with the mercury over at Lake Manawa. The bright, warm sun is as propitious for this popular resort as it is for the developing crops, and its effects for the good were manifest during the past week.

Wilton Lackaye, who made a big hit in "The Pit" several years ago and who since has been starring in problem plays, has attained his ambition. Mr. Lackaye did not aspire to paint a canvas which would go down into future ages to command a fabulous sum at some future auction; he did not allow ambition to lead him into the paths of literature, strewn with rocks and pitfalls and rejection slips; he never listened to the lure of tinsel alley and in listening tried to outwit Clough or Chopin; he has not tried to make a billion dollars, but he always has wanted to have a command of epigram.

At the Theaters. "Rejuvenation of Aunt Mary" and a New Play at the Brandeis-Closing of Stock Season at the Boyd.

One of America's greatest comedienne will be seen at the Brandeis theater, when May Robson appears in "The Rejuvenation of Aunt Mary," by Anne Warner. Miss Robson is a delightful actress, with a piquant talent for eccentric comedy and ability for more serious acting when demanded.

At a Tuesday matinee Miss Robson will produce for the first time on any stage, a new play, written for her by R. C. Carlton, entitled "The Rich Mrs. Repton." She expects to star in next year. This should be of much interest locally, as it is seldom that the first performance of a play is held in this city.

For the closing week at the Boyd, a splendid comedy will be given, showing Miss Lang in still different roles. "Sweet Kitty Bellairs" is a four-act comedy made up of David Belasco from Egerton Castle's novel, "The Bath Comedy." It was played by Miss Croaman at the Belasco theater in New York and in a few of the larger cities, but never seen in Omaha.

Fun lovers will have a gala week at the Gayety theater beginning this afternoon. One of the three acts to be seen the first half of the week will be that by Clements & Lee, who will present their sure-laugh comedy play, "The Marriage a Failure."

It was estimated that sufficient money to provide the rest of those outlays to have provided the poor of the city with four months' food and clothing for one whole year. The Broadway theater, another of the luxurious and expensive buildings, was rented for the entire campaign and as extravagantly decorated for club processions and speeches.

It was estimated that sufficient money to provide the rest of those outlays to have provided the poor of the city with four months' food and clothing for one whole year. The Broadway theater, another of the luxurious and expensive buildings, was rented for the entire campaign and as extravagantly decorated for club processions and speeches.

When a woman speaks of her silent secret suffering she trusts you. Millions have bestowed this mark of confidence on Dr. R. V. Pierce, of Buffalo, N. Y. Everywhere there are women who bear witness to the wonder-working, curing-power of Dr. Pierce's Favorite Prescription.

Savings accumulate very fast at Six Per Cent per annum, interest and fortunes are soon made by the thrift of saving. Try a savings account with the Omaha Loan and Building Association; \$1 to \$25 per month accepted and lump sums of not over \$5,000. Supervised by the State Banking Board. Ask for booklet "A" and other information.
