OFFICIAL CANVASS FINISHED

Board Follows Ruling of County Attorney on Supervisors.

The official canvass of the official vote cast at the primaries has been finished by the County Board of Supervisors and the board has adjourned. Following the ruling of County Attorney J. J. Hess, the board has not certified the nomination of either of the republican candidates for the Board of Supervisors for the term beginning in 1911, on the ground that none of them had received the necessary 35 per cent of the votes cast. This will throw the nomination of these candidates in the county convention, which meets June 25. Under the same opinion but one of the democratic candidates was nominated at the primaries, Frank M. True. True received 68 votes and 64 votes are required. F. W. Beck, the candidate who received the next highest number of votes, received 61 votes, and therefore failed of nomination.

MAKES TROUBLE FOR MAYORS OF IOWA

STATE SENATOR COUSON.

MASON CITY, Ia., June 18.—(Special)—Under the Cosson law the executives of cities are not finding their paths of duty strewn with flowers. Mason City's popular mayor, who started his career by appointing Dr. W. W. Carlton, pastor of the Methodist Episcopal church, to the police force, and followed this up later by sentencing some who were convicted of drunkenness to thirty days attendance on the Salvation Army meetings, finds himself in trouble with a threatened application of the Cosson law upon him. Thursday the fifteenth annual picnic of the Modern Woodmen of America was held in this city, bringing several thousand officers and friends with them. It was alleged that a blind pig was in operation in one of the prominent parts of this city. According to C. C. Vittoes he carried this information to Mayor Kirschman and asked that a search warrant be issued. This was not issued. Later in the day 300 Vittoes swore out information which was placed in the hands of the sheriff and his deputies, and upon searching the place forty-five cases and twelve barrels of beer were confiscated. Mr. Vittoes says that it is not to end here. "Impeachment proceedings will immediately be issued against the mayor for his action in not issuing a search warrant when it was asked for. The case will be pushed," are the words alleged to have been spoken by Mr. Vittoes. Mayor Kirschman when seen appeared a little nervous over the position in which he was placed and says that the seizure of a search warrant by the mayor is without precedent in Mason City. He had no blanks at the time and he considered the affair was plainly a matter for the justices to attend to.

Governor Hadley Advises Class on Duty of Citizens

Missouri's Chief Executive Addresses Graduates at University of Indiana.

BLOOMINGTON, Ind., June 18.—Speaking at the University of Indiana, Governor Hadley of Missouri last night emphasized the duty of citizenship which too often, he declared, had given place to the "dominant spirit of commercialism," which absorbed the efforts of those especially fitted to contribute to the good of the nation. Governor Hadley then discussed the trust question and the regulation of public service corporations and the influence that both of these questions have had upon public and economic conditions, and in conclusion said to the students: "What I would impress upon you today is that the performance of political and

official duties is a practical and not a theoretical proposition. Public life in America today needs no parlor politicians or idle theorists to discourse upon our theories of government. It does need men of courage and education and ability to do in a practical way all that can be done to promote the cause of good government. It does need men of education, courage and ability who will discharge the duties of public office as they would perform the duties of a private trust. "I do not indulge in quixotic hope that we can ever secure the perfection of public or private morals or entirely eradicate dishonesty, trickery and illegality from our public service, or from any other department of human activity or thought. But I do believe that through the influence of our colleges and our universities there can be brought to our public life that one essential of efficient, disinterested public service, the absence of which has caused the fall of every nation that has gone to its decline through evils that came from within and not from without."

Attorneys John M. Lucas and Frank P. Walsh spoke in behalf of Dr. Hyde today. They entered their allegations of error in the first trial upon Judge Latschaw permitting testimony regarding incidents other than those connected with the death of Colonel Thomas H. Swope to be given before the jury. The attorneys alleged this caused the jurymen to become prejudiced against Dr. Hyde. All has not been serene between the con-

Hyde Angry at Lawyers While Urging Retrial

Physician Appears Pale and Tired in Court During Arguments—Decision Today.

KANSAS CITY, June 18.—Arguments on the motion of Dr. R. C. Hyde for a new trial were not completed before Judge Ralph S. Latschaw. Attorneys John M. Lucas and Frank P. Walsh spoke in behalf of Dr. Hyde today. They entered their allegations of error in the first trial upon Judge Latschaw permitting testimony regarding incidents other than those connected with the death of Colonel Thomas H. Swope to be given before the jury. The attorneys alleged this caused the jurymen to become prejudiced against Dr. Hyde. All has not been serene between the con-

victed physician and his attorneys, it developed today. Since the verdict was rendered lawyers for the defense have taken vacations. This angered Dr. Hyde and he made a loud complaint. "It is not right," he said to a friend, "that I should lie here in jail while my attorneys are resting. I have been under just as much, or more, of a strain than they. I should be out of here." Regardless of how Dr. Hyde feels about the actions of his counsel, however, it is improbable that there will be any change in the legal force. Mrs. Hyde, who is financing the defense, says she is well satisfied with the efforts of her husband's attorneys. Jail life is telling on Dr. Hyde. He appeared pale and tired when he came into court today.

Sugar Detective Gets Big Reward Richard Parr to Receive \$100,000 for Aid in Recovering Money in Underweighing Frauds.

WASHINGTON, June 18.—Richard Parr, the customs deputy at New York, who materially assisted the government in recovering over \$2,000,000 in the sugar underweighing frauds, is to be given a reward of \$100,000. The decision to reward Parr in the amount named was reached at a conference between President Taft and Secretary McCreagh today. There is not money enough available in the treasury fund in the treasury from which rewards are paid to cover the amount agreed on, so that unless other arrangements are made an appeal to congress will have to be made for the necessary appropriation.
