### Your Health is Secure at Melcher's

The prescription department of a drug store should be, and is at Melcher's, the most scrupulously clean spot about the place. Nevertheless, you have observed with what utter carelessness so many druggists simply sweep the litter from their store into the prescription department, haven't you?

You can avoid all this. Just send your prescription to Melcher's—The place is clean, the stock is new, and the pharmacist quite an expert.

People are becoming strong for our fresh crushed fruit sanad.

#### ROCK ISLAND ROAD DEFUNCT

Neglected State Corporation Tax Imposed by Law.

#### MAY HAVE TO REINCORPORATE

If such is Case System Will Be Obligated to Pay Forty-Eight Thousand for Little Oversight.

(From a Staff Correspondent.) LINCOLN, June 24.—(Special.)—Among the big corporations in this state which are defunct according to the proclamation of Governor Schallenberg under the occupation tax law is the Rock Island railroad. The time has passed when this corporation can pay the occupation tax and secure a permit to do business in Nebraska and unless there is some technicality that can be discovered it will be up to the railroad to reincorporate, which will cost it in the neighborhood of \$48,000. Had it paid the tax when due the cost would have been \$200, the fee for corporations with a capital stock of over \$1,000,000.

The governor issued his proclamation some months ago, in fact, last September, but the statement evidently was overlooked by those having charge of this department of the railroad, for the record shows that it is one of the big concerns which have not yet paid its fee. The legality of the tax has already been upheld by the supreme court.

Running Own Department. Labor Commissioner Maupin is very indignant at the Beatrice correspondent who sent out the story that he had dismissed a complaint against Joseph Samish, charged with violating the female labor law, at the instance of the governor. "The story is absolutely untrue," said Maupin. "The governor did not even know that I had filed that complaint, and so far as I know he has not heard of it yet. I filed that complaint in order to get a compliance with the law. The merchant promised me that hereafter he would observe the law and upon a promise to pay the costs of the case I asked that it be dismissed. I have no desire to have any one fined. Where frequent warnings are of no avail it has been my practice to file complaints, then if the defendant appears to me that he is satisfied to obey the law and will pay the costs, I have dismissed complaints."

Appointment Held Up. Governor Schallenberg has not yet appointed a successor to President Childs of the State Normal board and the indications today are the appointment will be held up until after the primary election. There are a lot of men who want the job. The citizens of Wayne, of course, desire a member of the board, for there is a normal school at Wayne, while Chadron insists that it is entitled to a member of the board. There are a lot of citizens who have recommended Judge Westover for the place. Should the appointment be made now many persons would be disappointed when disappointments count, while after the primary disappointments count for less. In the meantime, as the governor still talks non-partisanship for republicans to follow, many insist that he should reappoint President Childs even if he is a republican. Mr. Childs stood by Principal Crabtree of the Peru school, who said the governor promised to keep him in his job.

Wants Lower Oil Rates. Victor Wilson of Polk county, a member of the late legislature, has filed a petition with the State Railway commission asking that a date be set for a hearing for the purpose of securing a reduction on oil rates in this state. In his brief filed with the petition Mr. Wilson sets out that the average rate on oil in this state is 30.05 cents, and coal 7.475 cents per 100 pounds. The average rate petitioned for is 8.09 cents, on single line, and 9.04 cents on double line. This rate asked for, Mr. Wilson says, makes the rate 2 cents greater on single lines and 22 per cent greater on double lines than coal. The only reason he does not ask for the same rate, he said, is because of the existence of a precedent for the rate prayed for. Kansas, he said, has by statute fixed the rates as asked for here, and these rates have not been contested in the courts of that state.

Mr. Wilson sets out in his brief that the selling price of oil at the wells in Kansas and Oklahoma is only 1 cent, and even less, per gallon, and that many wells are idle because of a lack of a market, due to the high freight rates. He says 147 pounds of oil is equivalent to a ton of coal, and the people of Nebraska are entitled to a freight rate which will enable them to get this cheaper fuel.

Norfolk Assessment is Raised. MADISON, Neb., June 24.—(Special.)—The Board of Equalization raised the assessment of the city of Norfolk 25 per cent, the returns brought in by the assessor being \$28,779 less than the assessed valuation a year ago. Tilden will be raised 10 per cent, Grove precinct 15 per cent, Green Garden precinct 10 per cent, the city of

Madison 15 per cent, and Schoolcraft 25 per cent. Entries were reduced 15 per cent, Emerick 15 per cent, Shell Creek 10 per cent, Newman Grove village 15 per cent, and Madison precinct 5 per cent. The other precincts of the county will remain as returned by the precinct assessors.

#### Broken Bow Has Big Program

Celebration of Fourth Begins at Sunrise and Ends at Midnight—Something Doing All the Time.

BROKEN BOW, Neb., June 24.—(Special Telegram.)—The \$1,500 Fourth of July celebration is given here in reduced scale, making great headway in the preparation and the program is about complete. It will be the biggest Fourth Broken Bow has ever had and ample accommodations have been made for the crowds that will flock in from all over the county. The program will include a given ball, a baseball, a grand auto floral parade in which 100 cars will be in line, a comic parade, an address by Prof. R. I. Elliott and a balloon ascension, in the forenoon. The afternoon's program will consist of a high dive, base ball, a program of sports, including racing of all description; laying the corner-stone of the new high school building, under the auspices of the Masonic fraternities, a ten-round professional boxing match, balloon ascension and, by special arrangement, the returns from the Jeffries-Johnson fight by rounds. This last feature will take place in one of the large open spaces, where all can see and hear. In the evening there will be a grand display of fireworks, dancing, a dramatic stock company under canvas, several moving picture shows, merry-go-round, slide-shows and band concerts.

Loyal Temperance Legion. FREMONT, Neb., June 23.—The Nebraska Loyal Temperance Legion closed a three days' session today with a picnic at Pierce's grove. The session opened Tuesday evening at the Women's Christian Temperance union temple, with Miss Zoe A. Warden of Wynore presiding and Miss Mildred Atkinson of Pawnee City secretary. The program of sessions yesterday morning and afternoon consisted of reports of officers and brief talks on the work of their respective legions by their representatives. At the afternoon session Miss Emma McCreary and D. B. Gilbert were the principal speakers. The following officers were elected: President, Miss Zoe A. Warden, Wynore; vice president, M. McKenney, Edinburg; corresponding secretary, Miss A. L. Vance, Alliance; recording secretary, Miss Mildred Atkinson, Pawnee City; treasurer, R. R. Rausch, University Place. Last evening a medal contest was held. Miss Stella McCaig of O'Neill was the winner and was presented with the medal by Miss rural, Forbes of the Fremont Normal school faculty. The work of the temperance legions is principally in the nature of the reports of the officers showed much progress during the three years of its organization.

Nebraska News Notes. LYONS—Mrs. Catherine Heintz, aged 56 years, died Thursday at the home of her grandson, William Gubi, who lives in the German settlement of this city. CALLAWAY—The hot weather of the last ten days has caused corn to grow very rapidly in this locality. Wheat and other grain, however, are needing rain badly. RED CLOUD—An extra \$1,000 was subscribed today by local fans to meet the expenses of the baseball club. The agreement now has ample funds to last throughout the season. FERRIS CITY—Mrs. W. T. Collings and her daughter, Clara, were poisoned last evening by ptomaine, which was in food eaten for supper. The condition was serious, but prompt medical assistance brought relief. HARVARD—The \$20,000 school bonds voted a few weeks ago to build and equip another school building have been tied up by injunction proceedings and the final outcome regarding the building is quite uncertain. LYONS—Emory Russell, the oldest son of pioneer James H. Russell, is at the death. On performing an operation for appendicitis it was found that the appendix had broken and much pus was in evidence. His condition is exceedingly critical. CALLAWAY—One hundred and seventy-six cans of cream were shipped from the Callaway station last week. The total value \$6.00 per can, or a grand total of \$1,026.50, which the cows distributed among the farmers of the community during the week. RED CLOUD—C. C. Cowden of this city died in a Chicago hospital, Saturday, of dropsy. The body was brought to this city, Tuesday, and following the funeral at St. Andrew's Catholic church, was buried beside her husband, the late Cornelius Conway of this county. The body was accompanied by Tecumseh by Mr. and Mrs. J. C. Grimes of Chicago, Mrs. Grimes being a daughter; William Conway, a son, of St. Joseph, Mo.; Mrs. Riley Tucker, a daughter, of Diller, and Thomas Conway, a son, of Ida Grove, Ia.

### IF "PRICE"

means anything to you

We'll expect you to come Saturday and be fitted with one of our quality suits. "Price" is the medium that has made this the most patronized clothing store in Omaha. To sell lower than we do requires a better organized merchandising force than ours. No store has it—To sell as low as we do requires an organization as good as ours—No store is even that well organized. Hence we say that if Price means anything to you we'll expect you to come in and begin to enjoy the clothes satisfaction that our other customers enjoy.

"You don't seem to have the best located clothing store, but you seem to have the best patronized clothing store in town, must be something more to this clothing business than mere location," said a man last Saturday, and he was right. When we started we had a notion that our methods and prices would cause many men to forsake the beaten path of the old time "clothing district," but we hardly expected so many to find us out so quickly. Our trade is a flattering compliment to our judgment and methods.

### Dalzell Wins Fight in Court

Judge Issues Permanent Injunction Against Further Recount of Ballots.

PITTSBURG, June 24.—In a restraining order handed down by Judge Josiah Cohen in common pleas court today, the commissioners of Allegheny county are permanently restrained from opening the ballot boxes in the thirtieth congressional district and recounting the vote cast in sixty-six precincts contested by Black, and twenty-three precincts contested by John Dalzell, both of whom, with Clarence V. Tiers, were candidates for the republican nomination in the district in the primaries of June 4. Unless attorneys for Dr. Black appeal to the higher courts, the vote announced by the county commissioners shortly after the primary, now stands, and Congressman Dalzell receives the nomination.

Dalzell claimed the congressional nomination over Black by 197 votes and Black contested the election by filing a petition with the county commissioners, claiming fraud in sixty-six precincts. The petition

was granted and the commissioners had opened eight ballot boxes and were recounting the vote when they were restrained from further proceedings by injunction issued on prayer of Dalzell demanding that if any ballot boxes were opened in the district the entire vote should be recounted. These temporary writs and petitions are all dissolved by Judge Cohen's order of today.

It is stated positively that Dr. Black will now run independently against Mr. Dalzell in this district. Dr. Black has already been endorsed by the prohibitionists. Judge Cohen, in his opinion, avers that the charges of fraud brought by Dr. Black, were not specific and were insufficiently supported.
