EDUCATIONAL

Eight Months' Preparation for Business

THE STUDENT WHO ATTENDS EIGHT MONTHS AT THE Mosher-Lampman College

will have eight months' instruction and drill in preparing for business. It will not be a mixture of foot ball, basket ball, base ball, dancing and study. At the MOSHER-LAMPMAN COLLEGE every day, every hour, every minute of school is devoted to preparing young people for success. A student cannot successfully study bookkeeping and foot ball or shorthand and dancing at the same time, for "Either he will hate the one and love the other, or else he will hold to the one and despise the other." You cannot afford to pay money to have your son or daughter instructed at a business college and then have the time that should be devoted to study and drill be devoted to outside matters. The so-called "College spirit" may make a good advertisement for the school, but it is a bad thing for the student. At the MOSHER-LAMPMAN COLLEGE the student is in a business college that is located in a business block, and is surrounded by a business atmosphere and everything from the time the student enters the building in the morning, until he leaves it at night. This means success. This is the reason why business men prefer MOSHER & LAMPMAN trained students. This is the reason why you should have your son or your daughter trained at the MOSHER-LAMPMAN COLLEGE. For catalogue address

A Dewey Ave. Landlord says this about the Bee want ads:

I used a five line want ad in The Bee to advertise a house I had to rent. The number of inquiries truly surprised me. Could have rented the house a dozen times over to an extra good class of tenants. Losing a tenant has no terrors for me any more.
