Midsummer Picate at Gowrie. LAKE CITY, Ia., June 27 .- (Special.)-The annual midsummer picnic's was held at Gowrie this year, Thursday and Friday, under the auspices of the Modern Wesmen order and the Farmers' Elevator co.npany. A large contingent from all the surrounding towns, Lake City included, was in attendance. The amusements consisted of addresses, street sports and other attractions. In the afternoon a base ball game took place between the Eldora and Lake City teams, which was won by Eldora in the tenth inning, 3 to 4. Wilkins pitched a fine game for the locals and deserved to

UNIVERSITY OF NEBRASKA

Chancellor Avery Sums Up the Year in Growth and Effort.

PROGRESS MADE IS ENCOURAGING

Expansion in Lands, Improvement in Behavior, Advance in Scholarship, Gain in Attendance and Increase in Payroli.

Chancellor Avery of the University of Nebraska, in a brief resume of the year's work in that institution, speaking from the nandpoint of the executive official, made the following statement Saturday after-

"We have completed and brought into use the new mechanical engineering labor-This laboratory is said by experts to be one of the very best in the country. Its creation is most creditable to Dean Richards, who acted as the architect and very largely as the superintendent of construction. The total cost of the building and equipment is not far from \$175,000. Experts pronounce this building the most pleasing in appearance of any of the buildings we possess. I am pleased to say the regents of our university are recognizing more and more the technical service which portion seems to prevail throughout the the members of the faculty can render to

"This year represents atso the beginning of a policy of expansion in grounds. Aside from the little matter of convincing the legislature of the need of appropriating noney for this purpose out of the general fund, a service rendered by so many that t is impossible to give individual credit, he chief credit of securing a new athletic field belongs to Mr. Coupland, who was exceedingly active in pushing purchase of real estate with the former owners, and also to the manager of athletics, Mr. Eager, who gratultously gave his time to the superintending of the grading and the erection of the new bleachers. Special credit should be given also to the admirable work of the athletic board. The board vestigating committees, one appointed in has expended a number of thousands of dollars in equipping the grounds, and in the senate, the other in the house, as a dollars in equipping the grounds, and in recognition of their distinguished services, result of Senator Gore's charge of atfaculty members to continue in their positions for another year. I feel that it is one day coach and two common, ordinary a matter of congratulation that the work cattle cars. Most of the picnickers rode in of the athletic board has been so generally appreciated during the last year, when we remember that the subject of athletics is always a live wire.

"Several acres of ground in close prox-

work on our great farm plant. Reorganisation of University.

"The act of the legislature reorganizing the university into seven colleges went five civilized tribes in Okiahoma. Mr. Burke into effect at the beginning of the first the associate deans assuming the position of full deanship gracefully and effeciently. The good result of this action is shown on the part of the engineers and agriculturalists, without in any way decreasing their general university loyalty.

"The scheme of registration planned by Mr. Harrison and myself, the details of which were entirely worked out in his office, has been applied this year with the most gratifying results. According to which the student has spent in consulting with his professors, from three hours to a

"The general attitude and deportment of the student body has been excellent. > > Total of Registration. "I am now able to announce for the first time the grand total registration of un-This increase of 331 in a year when there Barbara, have been comparatively few increases in registration in sister states, and in many cases a decrease, is most encouraging. Generally speaking, this has been an off year in attendance in the schools of the country,

REFRESHING TONIC

that affords quick relief when you feel exhausted, depressed or weary from Summer heat, overwork, or insomnia. Its nutrient and tonic effect gives tone and vigor to brain and

Horsford's Acid Phosphate

yet it is our year of greatest gain. Last year we had an increase of Mt but last

year was a year when the state universities generally showed marked increases. The year before that, 1907-08, was also a year of general increases. Our total increase during that year was 107. These increases are encouraging in that they show the appreciation of the people of the state for the institution. Locally they are an embarrassment to us, as our revenues do not increase with our attendance

Increases in Payroll. "While our building operations have been practically at a standstill, we have made advances along other lines. In spite of the increased cost of living, it has been impossible to raise the standard of salaries. but many of the faculty who were working below the traditional scale for their positions have been recognized in a financial way. Our payroll is now \$16,822.50

greater than it was a year ago. "During the year two alumni of the university have been given the rank of head professor; ten alumni have received promotions of one sort or another. The members of the faculty have exhibited, even under trying circumstances, a most commendable spirit of fraternal concord. Regents, faculty and students worked together in the greatest harmony. I believe that the year just past is the best in the history of the institution, and we look hopefully toward the

FARMERS IN PULLMANS
