Senators' Meeting at Columbus

From a Staff Correspondent.  
LINCOLN, June 28.—(Special.)—Pilgrims  
from the democratic meeting at Columbus,  
returning to Lincoln on the morning train,  
brought various reports of that gathering.  
The object of the meeting, as set out in  
the bill was to organize a democratic club.  
This was not done because many went  
there tonight expecting a fight over the  
control of that organization, as a committee  
was appointed to select the officers and  
report on the day of the state conven-  
tion. This left nothing else to be done  
except to talk harmony—"conversation  
harmony" being the only kind present.

Stock Market  
Takes Another  
Downward Drop

Number of the Prominent Shares  
Reach Lowest Point of  
the Year.

NEW YORK, June 28.—Stocks took an-  
other downward plunge today, carrying  
prices in a number of prominent shares  
to the lowest of the year. St. Paul, Atchafalaya,  
the Hill stock, United States Steel  
and Amalgamated Copper were prominent  
in the list. The sudden and substantial re-  
covery which followed in the course of the  
first hour's trading reflected the industry  
with which the hour element was pur-  
suing its operations.

The principal factor in the drop was the  
sympathetic effect of yesterday's rapid de-  
cline. The impairment of margins which  
resulted in the uncovering of stop loss  
orders and the general feeling of uncer-  
tainty engendered among top holders of  
stocks precipitated the falling tide of the  
market.

The dealings in the first half hour were  
very large, St. Paul having declined an  
extreme 2 1/2 and Union Pacific, Great  
Northern preferred and Canadian Pacific 5.  
The rally ran to a point in the active  
stocks.

The stock market was quiet during the  
latter part of the day with gradual re-  
covery of the losses of the first hour. Deal-  
ings fell to a minimum, with prices at  
about last night's level, but there was no  
important renewal of selling pressure. Oc-  
casional recessions in the market uncer-  
veiled supporting orders, which acted as a  
check.

Senator McEnery  
Dies Suddenly

Louisiana Legislator Expires After  
Day's Illness—Governor Sanders  
Will Succeed Him.

NEW ORLEANS, La., June 28.—United  
States Senator Samuel Douglas McEnery  
died at his home here this morning.

Senator McEnery arrived from Wash-  
ington yesterday morning suffering from an  
attack of indigestion. He was taken to his  
home here, where physicians were sum-  
moned. The senator rallied somewhat  
after treatment, but late last night his  
condition took a turn for the worse and  
early this morning he lapsed into uncon-  
sciousness and died shortly before 10  
o'clock.

Senator McEnery was in his seventy-  
fourth year and his health had not been  
good for several years.

Senator McEnery served as a lieutenant  
in the confederate army. He was elected  
lieutenant governor in 1870 and succeeded  
Governor Wilcox on the latter's death in  
1881. He graduated from the University of  
Virginia and was a member of the Phi  
Kappa Sigma fraternity. Funeral arrange-  
ments have not been made.

BATON ROUGE, La., June 28.—Governor  
Jared V. Sanders will succeed the late  
Senator McEnery in the United States sen-  
ate, according to party leaders gathered  
here. The legislature is in session and  
Sanders' election is being arranged for.  
Lieutenant Governor Lambrecht will suc-  
ceed Sanders.

Folk Boomers in  
New England

Six Ozarkers Will Start Publicity  
Campaign in Connecticut  
Today.

NEW YORK, June 28.—A new idea in  
political campaigning originated in the  
interest of the candidacy of ex-Governor  
Folk of Missouri for the democratic pres-  
idential nomination is on the eve of prac-  
tical execution on the eve of practical  
working out with New England as the  
field for the experiment.

Six Missourians from the Ozark moun-  
tain region are in New York today ready  
to start tomorrow on a tour of New  
England to tell the people of that section  
what Governor Folk has done and to  
organize the Folk sentiment in each town  
they visit.

The trip tomorrow will be utilized by  
the campaigners to preach Folk gospel to  
Connecticut.

The Ozarkers say they expect to identify  
themselves so thoroughly with Governor  
Folk's cause that they will see stand in  
the same relation to the Missourian as the  
rough riders now do to Colonel Roosevelt.

Browne Jury Called

Judge McSurely Gives Panel, Which

More Instructions.

CHICAGO, June 28.—The great strain at-  
tending the ninety-two hours' session of  
the jury which has the onerous charge  
against Lee O'Neil Egan under con-  
sideration was slightly relaxed at noon today  
when Judge McSurely on his own initiative  
brought the twelve men into court to give  
them further instructions.

Attorney Forrest of the defense objected  
to the instructions, declaring that they  
were not applicable to law or the evidence.  
He was overruled and the court proceeded.  
"It is important to the state and the  
defendant in this case that the jury should  
adhere to a verdict."

LAD'S ARRAIGNMENT POSTPONED

Hearing Set for July 18 After  
Appearance in Court—Curious  
Crowd Gathers to See  
Him.

NEW YORK, June 28.—Porter Charlton's  
case now awaits on the result of exchanges  
between the State department at Wash-  
ington and the Italian government. His  
arrest today in asking that his formal ar-  
raignment be postponed promises that no effort  
would be made under habeas corpus, in-  
surrender or other proceedings to take the  
prisoner out of the hands of the New Jersey  
authorities pending the adjourned ar-  
raignment, which after some argument was  
set for July 8.

Meanwhile it is expected that the inter-  
national aspects of the case will have ad-  
justed themselves and a decision be reached  
as to whether Charlton shall be delivered  
to the Italian authorities on extradition  
proceedings.

Charlton in Court.

Charlton, pale and thinner than when  
last seen out of doors, was brought from  
the jail to the court house under escort of  
the warden and sheriff, followed by a  
curious throng of spectators. He was  
brought from the jail to the court house  
by means of a partly opened newspaper. He  
sat with eyes fixed upon the floor while  
attorneys conferred with Judge Blair.

With the arrival of Gustave Di Rosa,  
the Italian consular representative in New  
York, the proceedings were interrupted by a  
telegram from the state department.

Prosecutor Garvin said he had no  
objection to offer provided it be agreed  
that Charlton be kept meanwhile in the  
Hudson county jail and that no proceed-  
ings were instituted to take him out of  
the custody of the New Jersey authorities.

This promise Charlton's counsel readily  
made, and Judge Blair set the hearing for  
July 8.

Position of United States.

Copies of Italian evidence of the crime  
are in the hands of Gustave Di Rosa, the  
Italian consular representative in New  
York. He immediately requested the pro-  
secutor to produce the evidence. The pro-  
secutor refused to do so, and the Italian  
consul demanded that the evidence be pro-  
duced. The state department has refused  
to do so, and the Italian consul has de-  
manded that the evidence be produced.

Local railroad men, on the Union Pacific

and other roads, are hoping that the civil  
service principle which has been in vogue  
with the Harriman system for some time,  
will operate in this case and lead to the  
promotion of William H. Murray to be-  
come general passenger agent for the Om-  
aha division. Mr. Murray has been as-  
sistant general passenger agent for the  
Omaha division for some time, and is well  
known to the public. He is a native of  
Illinois and has been in the employ of  
the Union Pacific for many years. He is  
a man of high character and ability, and  
is well qualified for the position of gen-  
eral passenger agent. His promotion would  
be a great benefit to the Omaha division,  
and would also be a benefit to the public.  
It is believed that his promotion is a  
matter of course, and that he will be  
appointed to the position in the near fu-  
ture.

C. P. OFFICIALS' NEW TITLES

Gen. Ware, Fuller, Huntley and Lin-  
coln Assistant General Managers.

The Union Pacific has made five new  
assistant general managers at the Omaha  
headquarters. This is in accordance with  
the new unit system recently decided upon  
by the company. The new assistant gen-  
eral managers are Charles Ware, C. E. Fuller,  
R. L. Huntley, W. D. Lincoln and T. M. Orr.

A circular will be sent out from the of-  
fice of A. L. Mohler, vice president and  
general manager, dated July 1, which tells  
of the new appointments. It is signed by  
Mr. Mohler and by Julius Kruttschnitt,  
director of maintenance and operation. Each  
of the new officials will have the same  
responsibilities which he now has, but  
the new system will effect a change in  
the present way of doing business at the  
Omaha headquarters. When the Union  
Pacific is reorganized, the new assistant  
general managers will take charge, and there  
will always be someone in authority at the  
main office.

The titles, general superintendent, super-  
intendent of motive power, chief engineer  
and superintendent of transportation will  
be retained by the present holders or their  
successors to such extent only as may be  
necessary for a proper compliance with  
law and existing contracts.

The plan is similar to that adopted a  
couple of years ago, when the several heads  
of departments were made assistant super-  
intendents, thus materially reducing the  
amount of work to be done in the offices.

religious declaration of the sovereign upon  
his coronation. The measure was passed  
at its first reading by a vote of 285 to 42.

and traffic manager of the Western Pa-  
cific road, with offices in San Francisco,  
was confirmed Tuesday morning at the

Union Pacific, said that the report was

Lomax leave the Harriman system. A  
telegram reached the headquarters build-  
ing Tuesday morning from Mr. Lomax,  
which stated that the dispatches from San

true and that it became effective July 1.

HALF MILLION-DOLLAR  
FIRE AT PATTERSON, N. J.

All Buildings on Main Street Be-  
tween Ward and Market  
Destroyed.

PATTERSON, N. J., June 28.—Fire early  
today swept a block on Main street from  
Ward to Market streets in this city and  
caused a loss estimated at \$500,000. Five  
firemen were injured by a falling wall and  
others had narrow escapes. Help from  
outside had to be asked by the local fire  
department.

The burned buildings include the Van  
Dyke Furniture company's store, where the  
fire started; the Lockwood Bros' fur-  
niture store building, the Donahue  
building, Daly's moving picture house and  
a number of smaller structures.

The burned area is only a block away  
from the path of Patterson's big fire of  
1902.

Victim of Taft  
Auto Improving

Laborer Run Down by Car Driven by  
President's Son Not Yet Out  
of Danger.

BEVERLY, Mass., June 28.—Because of  
the serious condition of Michael Thisthwaite,  
the Italian workman who was in-  
jured by one of President Taft's automo-  
biles yesterday, Robert A. Taft, the presi-  
dent's elder son, will not go to New London  
for the Yale-Harvard boat race Thursday.

The injured man was reported to have  
passed a very comfortable night with im-  
proved chances of recovery, but his name  
still continues on the "dangerous" list.

The case is in charge of Dr. S. J. Mixer  
of Boston, who came here yesterday at the  
earnest solicitation of the president.  
Robert Taft keeps closely informed of  
Thisthwaite's condition.

WASHINGTON, June 27.—President Taft  
was greatly distressed when he learned of  
his son's unfortunate accident at Beverly.  
He immediately sent a long telegram to  
his son, the text of which was private,  
but which is said to have contained in-  
structions to do everything possible for the  
injured man. The following telegram was  
sent to an old college friend of the presi-  
dent:

"Samuel Carr, Boston, Mass.—By unfor-  
tunate automobile accident at Beverly,  
Mass., my son, Robert, struck a street  
laborer, fracturing his skull. He is at  
Beverly hospital. Will you not call up by  
telephone the best surgeon in Boston and  
have him visit the hospital at once and  
tend to the injured man. I am sure you  
and do all he can for the injured man."  
"WILLIAM H. TAFT."

The president then sent a personal tele-  
gram to the injured man expressing his  
profound regret over the accident and con-  
veying to the victim his earnest hope for  
a speedy recovery. This telegram was not  
made public.

Harvard Law School  
Commencement

Address to the Alumni is Made by  
United States Attorney Gen-  
eral Wickersham.

CAMBRIDGE, Mass., June 28.—The Har-  
vard law school set the commencement pace  
today although class celebrations, especially  
that of 1880, in which former President  
Roosevelt was graduated, also held atten-  
tion. The law school alumni had an orator  
of the day. Attorney General Wickersham,  
who spoke to a large assembly in Sanders  
theater.

The Roosevelt class of '90 journeyed out  
to the Housick Whisk club in the Blue  
hills, where all sorts of sports were en-  
joyed by athletes of thirty years ago. As  
Colonel Roosevelt had already notified the  
secretary that he would not be at these  
observances, the members were undisturbed  
by a curious throng.

Seven classes lunched and dined at the  
Country club at Brookline, while later in  
the day many of the officials of the uni-  
versity were busy welcoming candidates for  
honorary degrees to be conferred at com-  
mencement tomorrow.

The names of those who will be honored  
by Harvard tomorrow will not be made  
public, until just before the exercises, for  
it is the custom at Harvard to confer no  
degrees unless the recipient is present.

CASE AGAINST PEARY CALLED

Explorer's Attorneys Hold that Ber-  
lin Court Has No Jurisdiction.

BERLIN, June 28.—The charges concern-  
ing the disposition of Arctic trophies left  
by him at Etah which Dr. Frederick A.  
Cook made against Commander Robert E.  
Peary during the highest of the contro-  
versy over their claims of discovery of  
the North pole were aired in a German  
court today, when the suit instituted  
against Peary by Rudolph Franke was  
opposed.

Franke who was associated with Cook  
in polar exploration, demands \$10,000 in sat-  
isfaction of prizes of the hunt, which he  
alleges Peary required him to surrender  
in consideration of bringing him back to  
America.</
