GOVERNOR MAY BE ROASTED

Refusal to Call Special Session of Legislature Likely to Bring Open Break with Chief Executive.

(From a Staff Correspondent.)

LINCOLN, July 1.—(Special.)—W. J. Bryan is expected to reach Lincoln tomorrow afternoon over the Rock Island at 2:25 o'clock.

W. B. Price, who has filed for the senate, has a carload, more or less, of handsome photographs of a would-be senator, gracefully sitting in a chair, waiting for the word to turn them loose on an unsuspecting public.

Attorney Hatfield is very much interested in the coming of the big chief, for he has gone to considerable trouble to send out petitions for signatures advocating the candidacy of Mr. Bryan for the senate.

George W. Berge is very much interested in the return of the traveler, because if Mr. Bryan should say "I need not have a county option candidate for governor," Mr. Berge could fill the bill.

Others are interested in the return of Mr. Bryan, for they are anxious to know what he will say when Brother Carley shows him enough pledges to have passed the initiative and referendum with the refusal to call the extra session by the governor.

C. W. Bryan had nothing to say today for publication, as the presidential candidate will be here tomorrow, when he can do his own talking.

Sample Dakota Ballot. An argument on the question of the initiative and referendum was received in the office of the governor today.

The ballot is six feet and one inch in length and ten inches wide. It contains only six lines printed in nonpareil type.

The proposed laws include county option, providing headlights of a certain candlepower passenger engines, authorizing the governor to remove officials who are not subject to impeachment when they are derelict.

A Live Stock Story. The railway commission has a case which it is willing to permit any well balanced person suggest the answer.

The agent at Midland counted only the ten head of stock and charged accordingly. The agent at Bennett counted twelve head.

The agent at Bennett demanded payment for the shipment of the two additional head of live stock.

and the officials there passed it on to Chicago and the latest reports indicate that the Interstate Commerce commission will have to decide the case.

Kucera Opposes Oregon Plan. F. O. Kucera, republican candidate for representative of Saline and Gage counties, is not in favor of the so-called Oregon plan of electing United States senators.

My view of that law is that by signing the statement No. 1 the candidate would be ignoring the principles of his own party, and the use thereof would be to seek the nomination regardless of party lines.

rather directory and not mandatory, I prefer to remain faithful to my party rather than to seek the nomination upon the statement of a nominee unaffiliated to my party and its principles.
