## BRYAN CALLS ON SATRAPS

Peerless Leader Gives Personal Orders to His Lieutenants.

## FRANK HARRISON IN THE LIST

Headquarters at Fairview Visited by Many Workers in Response to Calls from the Head of Democratic Party.

(From a Staff Correspondent.)  
LINCOLN, July 6.—(Special.)—Mr. Bryan does not intend to let the grass grow under his feet in his fight in the ranks of his party, and it is very evident he is expecting help from other quarters. Monday he held a conference at Fairview at which Frank Harrison and L. L. Abbott headed the visiting delegation. With Mr. Bryan these went over the county option fight, and to them Mr. Bryan outlined what he proposed to do as published this morning and to them he gave his reasons for entering the conflict. Frank Harrison has become one of the Bryan lieutenants, having been given credit for securing a county vote for the county option fight, and to them Mr. Bryan outlined what he proposed to do as published this morning and to them he gave his reasons for entering the conflict. Frank Harrison has become one of the Bryan lieutenants, having been given credit for securing a county vote for the county option fight, and to them Mr. Bryan outlined what he proposed to do as published this morning and to them he gave his reasons for entering the conflict.

Chairman Byrnes of the democratic state committee and Edgar Howard went out yesterday and took a course of lectures on their duty to the party, and today F. W. Brown, former mayor of Lincoln, was called out of his retirement to report for duty. Ralph Clark of Richardson county, candidate for the Republican nomination for lieutenant governor, was in the city, but he said he had not been summoned to Fairview.

The statement of Mr. Bryan acted as a padlock on the mouths of leading democrats around here and none would say for publication. They were asked if they intended to fight an endorsement of Mr. Bryan's position in the Lancaster county convention next Saturday and several admitted that if Mr. Bryan desired the convention to endorse county option he would have his way. Even those who oppose this program admitted they would put up no fight.

Mr. Bryan expects to start out the first of the week and hold several meetings prior to primaries and he is now at work arranging his itinerary. He probably will start out speech-making in the southeast part of the state.

William Shaver, who signs himself "General Secretary, Union State Christian Endeavor," has sent the following telegram to Governor Shallenberger:

Boston, Mass., July 6.—Governor A. C. Shallenberger: I have just received your letter of the 5th inst. regarding the proposed amendment to the constitution. I am glad to hear of your interest in the subject. I am sure that the amendment will be passed and that the state will be benefited thereby.

H. B. Fiehart, of St. Joseph, Mo., is now full-fledged candidate for the democratic nomination in the Second district. Sophia Noble paid the \$100 filing fee to get Fiehart into the game and a lengthy petition was sent down by J. E. Nelson, asking that the name of Fiehart be placed on the primary ballot. The petition was evidently circulated in the packing houses. Mr. Stoeker, who called down a member of the legislature because he was "out of motion," did not go to the trouble of sending a petition, but paid his own fee and sent down his personal application to have his name placed on the ballot.

Because Mr. Bryan is busy looking after Nebraska democracy and county option he is not overlooking his own party in other states. John L. Garber, a brother of the national committee man of Ohio, was a caller at Fairview this afternoon and he and Mr. Bryan went over the Ohio situation. Mr. Bryan is very much put out at the way Governor Harrison has been acting and he has expressed his disapproval of the Ohio governor on several occasions.

The monthly report of Warden Smith of the state penitentiary shows the population of the institution at the close of the month to have been 1,100. Eleven were received during the month and one died. Two were paroled; eight were discharged; two paroled and one pardoned. Three were remanded.

Two candidates for the legislature filed with the secretary of state today. L. A. Varner of Sterling asks that his name be placed on the republican ballot as a candidate for senator in the Second district and C. L. Barnes of Albion asks that his name be placed on the democratic ballot as a candidate in the Ninth district. Neither has signed statement No. 1.

The women who wished to curse on an automobile which covered the passengers on an Omaha street car with dust the other day may be interested in knowing who owned the car. The number of the machine as given was 112 Nebraska. According to the afternoon file as a candidate for state treasurer on the republican ticket. Mr. Sadtler has served the citizens of Saline county as treasurer. He is a farmer and banker.

The second quarterly meeting of the board of directors of the Nebraska Prison association will be held in the parlors of the Leland hotel tonight at 8 o'clock. A full attendance is especially requested.

John Wilson, Jr., Makes Claim.  
TETUMSEH, Neb., July 6.—(Special.)—John Wilson, Jr., of Houston, Tex., claimant for the estate of the late Judge and Mrs. John Wilson of this city, today went into the probate court here and made his presence here known officially. He made claim for the estate known to the will, Judge James Livingston will now notify the nephews, James and Duncan Kinneburg and Donald Black of this county and the case will come up for hearing within three weeks.

## Strikers Disturb Peace of Wymore; Shops May Move

Burlington Threatens to Remove Its Shops from Town Harassed by Warring Workers.

BEATRICE, Neb., July 6.—(Special Telegram.)—A report reached here today that there is a probability of the Burlington shops being removed from Wymore because of the constant trouble between the striking boiler makers and strike breakers. H. E. Byram, second vice president of the Burlington, was in Wymore yesterday, and after learning of the feeling existing between the men threatened to remove the shops and ship-track away from Wymore. A mass meeting of the citizens of that place was held last night, at which committees were appointed to confer with Mr. Byram relative to the matter and with a view of heading off any move to take the shops away from that town. About 200 men are employed for the place by the road and the removal of the shops would be a severe blow to the town.

## Bryan Will Save Party as Private

Just to Show His Gratitude to His Fellow Citizens, He'll Not Run for Office.

(From a Staff Correspondent.)  
LINCOLN, July 6.—(Special.)—In order to save his party from becoming a tail of the wind and to reward the people of Nebraska for all they have done for him, Mr. Bryan will not be a candidate for the United States senate. He doesn't propose to take any unnecessary chances on possible defeat in the state. His present position is defined in the following statement given out at the Commerce office today:

"Mr. Bryan on his return home learns that Mr. L. H. Hatfield of Lincoln and friends in other parts of the state have been circulating petitions asking him to allow his name to be used as a candidate for the United States senate. Mr. Bryan sent for Mr. Hatfield and after expressing his appreciation of the kindly sentiment embodied in the proposition, he asked him to abandon the project. In explaining his position, Mr. Bryan said:

"I stated some months ago that I was not a candidate for the senate and did not expect to be. I told inquiring friends that while I would not promise anyone to become a candidate, I regarded the possibility of my becoming a candidate as too remote to be considered by anyone desiring to be a candidate, and I am glad when others announced their candidacy. There were a number of reasons which combined to convince me that it was not advisable for me to enter the race. One reason was that I saw the fight on the liquor question coming up and thought it probable that I could do my duty better without being hampered by a candidacy for any office. Later developments have justified me in the decision not to be a candidate. I am needed in this state fight and shall have plenty to do. The people of the state have a great deal to do for me, and I have not had a chance to do much for them in return. I have an opportunity now and I shall show my gratitude for past favors by rendering such service as a private citizen can render by helping to keep our party from becoming the tool of the liquor and other special interests."

## Sun Dance at Rosebud Agency

Ancient Indian Ceremony a Part of Big Celebration of the Fourth.

VALENTINE, July 6.—(Special.)—The Fourth of July celebration at the Rosebud agency was pulled off according to the program, there being about 10,000 Indians present and several hundred whites. The first thing in the morning was the raising of the American flag, and the Indians on horseback took part, charging down on the camp dressed in their war paint, yelling and shooting like so many demons, making a scene that would be long remembered. Then came the sham battle in which the warriors all took part, showing the cunning of the Redskins, and it was well played out. After dinner the chief event of the day was the sun dance, in which over 100 warriors dressed in loin cloth and paint took part, the principal chiefs standing in the center near the totem poles. They all faced the sun chanting.

The chiefs had whistles on which they blew, keeping time to the beating of the tom-tom. The Indians danced in toward the center and then back again, making a weird sight, all painted up and dancing in the broiling sun, stopping every once in a while to hold their hands out and up toward the sun, the poses showing off the fine figures, making them look like statues of bronze. The dance continued until dark and was resumed again on July 5. This is the first sun dance since 1884 and was the last dance, saving out the torture of the old custom and the dancers to run sticks through the sinews of their backs and breasts and then fasten them to ropes which were tied to the center totem pole, then dancing until they dropped from exhaustion.

Before the sun dance began a big Omaha dance was pulled off, the squares taking part in this, but no squaws were allowed in the sun dance.

## AUTO CRASHES INTO TEAM

Beaver City People Narrowly Escape Injury when Mitsu Occurs.

BEAVER CITY, Neb., July 6.—(Special Telegram.)—An automobile load of Beaver City people, returning from Almena, Kan., crashed into a team ten miles south of here at 1:30 this morning and both parties were wrecked. The team was standing in the road partially concealed by a patch of weeds, and the driver was asleep. The front seat of the car was occupied by Mr. and Mrs. Ira Wooster and the horse was thrown into the air and landed on its back, badly damaged and the buggy was smashed.

Two Persons Injured.  
TETUMSEH, Neb., July 6.—(Special.)—Two young men were injured in Tetumseh on the Fourth. Charles Stewart was struck in the face with a batted ball and his nose was broken. Harry Hickey, a jockey, suffered a broken shoulder. His horse fell with him in a running race and rolled completely over him.

## STOCKMEN HEAR REPORTS

Inspectors at South Omaha Recover Many Estray Animals.

## NATIONAL SECRETARY'S ADDRESS

Mr. Tomlinson Blames President Taft for Removal of Duty on Hides—Governor Praises Resources of State.

ALLIANCE, Neb., July 6.—(Special Telegram.)—The annual session of the Nebraska Stockmen's association was opened this morning at 10 o'clock by R. M. Hampton, president, after a musical prelude. The business of the session began by the report of the secretary, E. M. Serle. His statement was as follows:

Cash on hand, \$741.23  
Total collections, \$4,884.41  
Disbursements, \$4,780.88  
Balance, \$48.76

He was followed by the Hon. C. L. Talbot of South Omaha, who stated that the year ending March 31, 1910, Nebraska sent 286,670 head of cattle to the South Omaha market. The largest number of animals sent in any one month was 52,078 head. Speaking of the work of the inspectors, regarding estray cattle, he stated that during this year stock aggregating in value \$101,374 was discovered, and laid much stress upon the importance to stockmen of having their brands correctly recorded at Lincoln.

Price of Hides Lower.  
T. W. Tomlinson, secretary of the American National Live Stock association, addressed the stockmen. He referred to the high cost of living, and stated that there was a tendency to make the high price of cattle a favorite target of attacks. He did not believe this to be the cause. There was a shortage in certain classes of stock, but that there was no cause for alarm as long as we can export the enormous number of cattle which we do at present. He predicted that as soon as the winter was more settled the small stockgrower will, in the aggregate, raise more stock than at present the large breeders do. As a result of the removal of the duty on hides, the price is now 4 cents less, which averages about \$2.50 per head. He described this as a "little from Spain." It was written in a very good hand, but poorly spelled, and informed Mr. Ayres how he might obtain a share in a large fortune by complying with the usual conditions. Mr. Ayres has decided that he will let the writer of the appeal languish behind prison walls for a while as he is too happy to attempt to rescue him, notwithstanding the generous offer to share a large fortune.

Address of Governor.  
Governor Shallenberger compared the intrinsic value of the soil to that of the more transitory value of minerals, and said that in old countries, where the soil has been cultivated for a thousand years, it is now more productive than it ever was. He did not touch upon politics, but said that the stockmen, the men who are essentially the backbone of the nation, had a reasonable right to expect that bills which would essentially affect their welfare should be passed in congress.

During his speech he related several amusing anecdotes, and when he sat down it was amidst thunders of applause.

The races at the fair grounds were much faster and better than yesterday. The trot, with purse of \$100, was won by Miss Ruby in 2:34. Alliance King second and Philmore third.

The quarter-mile dash, with purse of \$100, was won by Jetties in 0:54. First, Deway M second and Beauty Book third. Pace with purse of \$100, best two out of three, won by Antisene of Spearfish, S. D.; first time 2:34. Queen L. second and Frank Walker third.

Lead Weaver beat her record of yesterday in one mile pace against time. Today's record was in 2:30.

Broncos busting was won by Sam Hoagland. In the evening a moving picture show was given by the South Omaha delegation, showing stock yards and packing house scenes.

## NEBRASKA CITY BASE BALL PLAYERS ARE ARRESTED

Members of Mink League Team Are Charged with Sabbath Desecration by Four Ministers.

NEBRASKA CITY, Neb., July 6.—(Special.)—The base ball boys who played here on Sunday, June 26, at the new driving park were arrested by Sheriff Fischer yesterday and taken before Judge Wilson, who continued their case until August 6, and they were released on a bond of \$100. They were arrested on a complaint of four ministers of this city. Prior to their arrest a number of citizens met with the ministers and tried to adjust the affair, but the ministers refused to drop the matter.

Beaver, one of the men whose name appeared in the complaint, was arrested at Auburn and brought here and placed in jail. He was afterwards released and the complaint against him being dismissed, it being shown that he was not even in the city at that time having left the day before. He has retained an attorney and threatens to file a heavy suit against the ministers for false imprisonment. There is considerable feeling over the matter and many of the citizens threaten to boycott everything that the ministers have anything to do with. If that is done the churches and other things which have been planned may be a failure because most of the business men have pledged their support to the base ball boys in their fight.

## A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and a clean, healthy system. The man who is clean in this way will look it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

## Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and cleans healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.
