Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long, dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was fast coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.
