Wilhelm

KIDNEY REMEDY

is a perfectly safe and harmless remedy, which has been carefully and scientifically compounded by the great American Druggist Syndicate of 12,000 responsible druggists for the purpose of enabling. those people who cannot see a paysician to get the next best treatment for the kidneys and take it at home.

Its action is quick, pleasant and thorough, and you should take it in preference to experimenting patent medicines, which neither you nor your druggist know anything about. Get it at any A. D. S. drug store.
