

PEACE PACT IN STOVE CASE

Labor Federation and Founders' Association Make Agreement.

LABOR PRESIDENT ON MISSION

Five Articles of Agreement Made Public Late at Night After Meeting Behind Closed Doors—Union Wages Granted.

CINCINNATI, July 20.—A peace pact of great importance to organized labor and to the country as well was reached last night between officers of the American Federation of Labor on the one side and members of the Stove Founders' National Defense association on the other. The object of this agreement is to end the bitter warfare between the federation of labor and the Stove and Range Co. of St. Louis. The association and the stove company through its representatives here announced their withdrawal from the prosecutions against President Gompers, Vice President John Mitchell and Secretary Morrison of the American Federation of Labor in the contempt cases now pending against them.

Samuel Gompers, president of the American Federation of Labor, arrived here this morning and spent the day here. His mission in this city was shrouded in mystery until late at night, when an authorized statement was given out.

Attorneys Out of Case.

While the prosecutions hanging over Messrs. Gompers, Mitchell and Morrison of the Federation of labor have passed out of the hands of the stove company, which instituted them, and are now pending in the United States Supreme Court at Washington, representatives of the stove company and of the National defense association, by articles signed tonight, agree to withdraw their attorneys from the case.

Whether the appeal of the three men from jail sentences imposed upon them for alleged violation of an injunction shall be fought to a finish in the supreme court is said to rest now with Attorney General Wickersham.

The five articles of the agreement are as follows:

1. A conference to be held by officers of the labor organization and the stove company within thirty days of date at St. Louis.
 2. The agreement in regard to wages, hours, and conditions of employment shall take effect ninety days from this date, based on wages and conditions existing in shops of competitors in the city of St. Louis operating under shops.
 3. The labor unions will make known that the difficulties between the two organizations have been satisfactorily adjusted.
 4. The Stove and Range company will withdraw all suits now pending against the labor organizations.
 5. A copy of the agreement will be published in the journals of the labor organizations and displayed in the labor departments of the stove company.
- The agreement was signed by William H. Crobb and Thomas J. Hogan of Chicago, representing the Stove and Range company and the Stove Founders' National Defense Association; Joseph Valentine and John H. Frey of Cincinnati, representing the International Molders' Union of North America; T. M. Daly of New York and Charles E. Asherton of Cincinnati, for the Metal Polishers' Buffers' Platers' and Brass Workers' International Union; Frank Grimschaw of Piqua, O., and J. H. Kaefel of Detroit, for the Stove Makers' International union; George Bechtel of St. Louis, for the International Brotherhood of Foundrymen and Shipbuilders; and Messrs. Gompers, Mitchell and Morrison of the American Federation of Labor.

JEWS EXPELLED FROM KIEV

Many Return and Are Escorted to Destination by Relays of Police.

KIEV, Russia, July 20.—The expulsion of Jews from Kiev continues at the rate of forty-five individuals a day. From July 4 until July 15, 877 were expelled by what is known as the second method—that is, they were forced actually to leave town. During the same period 1,121 persons were expelled by the first method, which in effect is a warning for their departure, but permits them time for a settlement of private affairs. In the majority of cases the latter method proved ineffective, as the Jews in that category are prone to return to Kiev after temporary absence.

During the twelve days mentioned there were 166 expulsions from Solomenka and 123 from Demefka.

Since May 14, when the imperial decree ordering that all Jews who could not establish a legal right of residence elsewhere should be returned within the pale, the restricted district of the Polish provinces and the Ukraine, became effective, there have been expelled from this city, Solomenka and Demefka suburbs 3,011 persons by the second method and 3,841 by the first method. However, in making this total of 6,852 expulsions must be made for a large percentage of duplications in the count. Many have been expelled only to return and be sent away again, while the expulsions from Solomenka and Demefka are largely composed of those who were originally expelled from this city.

WOULD UNIFY FOUR GREAT IRISH SOCIETIES AT MEET

Biennial Convention of Ancient Order of Hibernians at Portland.

PORTLAND, Ore., July 20.—The forty-seventh biennial convention of the Ancient Order of Hibernians was called to order in this city today but adjourned within a few minutes until tomorrow. The only business transacted was the appointment of a credentials committee.

Three important subjects are scheduled to come before the body for action. First is a proposition to unify the four great Irish societies—the United Irish League, the Selin Feins, the Gaelic League, and the Ancient Order of Hibernians.

The second proposition is the inauguration of a movement which seeks to induce the Irish to leave the large cities of the east and take up agricultural pursuits.

The third will be an effort to organize a national Irishman insurance society and to include a provision making it compulsory for all members of the order to take out insurance.

The Massachusetts delegation today adopted a resolution favoring the re-election of Matthew Cummings as president.

FIVE THOUSAND IS PRICE SET FOR LYNCHING MAN

NEWARK, O., July 20.—George Bohon, president of the Mercer National bank at Haroldsburg and administrator of the estate of Carl Etherington, the anti-saloon detective lynched here on July 7, today made formal demand upon the Licking county authorities for the \$5,000 damages authorized by the state to be paid by the county to the estate of Etherington.

Constitutional Bohon stated that he would bring suit in federal court for \$40,000 damages against former Sheriff Link and his bondsman.

Colonel Wants a Progressive Ohio Platform

Declines to Exert Influence for Any Candidate Before Convention—Confers with Kinkadee.

NEW YORK, July 20.—Theodore Roosevelt hopes the republicans in Ohio will adopt a progressive platform, but taking an attitude in line with that of President Taft, he declines to exert influence for any candidate in the ante-convention situation. He made this plain in New York today after a conference with Judge Reynolds Kinkadee of Toledo, who is regarded as the second choice of those Ohio republicans who are supporting James R. Garfield, ex-secretary of the interior for the gubernatorial nomination.

Neither Colonel Roosevelt nor Judge Kinkadee would discuss their conference nor would either of them reveal the contents of the letter which Judge Kinkadee bore from President Taft, with whom he talked on Tuesday.

"I cannot support any candidate for a nomination. I can only say I hope a progressive platform will be adopted in Ohio," the ex-president took luncheon with C. A. Wilson, assistant president of the Brotherhood of Locomotive Firemen and Engineers, and with the secretary of the Brotherhood of Locomotive Engineers and Firemen of England. They talked of labor conditions in this country and Europe.

Booker T. Washington called on Colonel Roosevelt today to ask him to speak before the National Negro Business Men's league, which is to hold a convention in this city on August 17, 18 and 19. Dr. Washington is president of the league.

Colonel Roosevelt promised to make an address on August 19.

Colonel Roosevelt left late this afternoon by automobile for Oyster Bay.

Irrigation Ditch Proves Death Trap

Little Girl Playing with Dog Pitches in, Her Arms in Mud Holding Her Till She Drowns.

GILLETTE, Wyo., July 19.—(Special.)—The playful lunge of an affectionate dog which she was sending into a flooded irrigation ditch after sticks proved fatal to 3-year-old Jennie Bannerman, daughter of M. A. Bannerman, a recent arrival from Scotland. The weight of the animal caused the little girl to pitch headforemost into the stream. She extended her arms instinctively and they sank into the muddy bottom of the stream to the elbow, the grip of the ooze holding her body down until death had occurred and for two hours thereafter, when the corpse was located by the child's father. The accident occurred at the ranch of Alex Archibald, five miles south of Gillette, and the first news of the accident was received here when Will R. Tarrant arrived with the body, which he brought in an automobile.

HURON, S. D., July 19.—(Special.)—Fifteen hundred people heard Colonel G. A. Gearhart of Buffalo deliver the closing number of the Huron chautauqua Sunday night. It was one of the most forceful and eloquent lectures ever heard in this city and was the pleasing climax to the splendid program enjoyed by thousands of people during the chautauqua, which has been in session for ten days. The program throughout was one of much interest and included some of the best speakers, readers and impersonators in the country. So successful has the chautauqua been that arrangements have been inaugurated for a similar program to be given here next year.

Dentist Leaves Bride Waiting at the Bank

DETROIT, July 20.—Charged with swindling a Brooklyn, N. Y., woman out of \$15,000 cash and several valuable bonds, after marrying her, Dr. Henry B. Keeler, said to have once been a prominent New York dentist, was arrested in Detroit today. In line with his usual practice, he held at police headquarters, where it is alleged, posed as his sister and assisted him in getting the \$15,000.

According to the police, the authorities of America and Europe have been searching for the pair. They say the doctor has been searching the world over in pursuit of health. He came here for treatment. The sister was recognized by detectives and when they heard her telephone the doctor to leave the place, meet her and take a train for Chicago, because they were being watched, the arrests were made. New York officers are after them now.

It was two years ago at Ocean Grove that the doctor is alleged to have met Mrs. Wilhelm Lynch, whose money he is said to have taken. He made love to the woman and told of his fabulous fortune in Mexican land properties. Soon he married her.

One day after their marriage, so Mrs. Lynch is said to have told the police, Keeler is said to have told his bride that he was in trouble with the federal authorities over his Mexican land. He is alleged to have told her that it would take considerable money to straighten the matter up and Mrs. Lynch says she went to a Manhattan bank with the doctor and his "sister" that he might get \$15,000 of her savings.

They went in an automobile, she told the officers, and the doctor and the "sister" went in the bank after the money. She waited outside, and finally becoming anxious, proceeded to investigate and found, according to her story, that the doctor and "sister" went out another door.

Censured Marine Officers Forced to Change Posts

Members of Staff Long at Washington Scattered Throughout World as Result of Court Report.

WASHINGTON, July 20.—As a consequence of the report of a court of inquiry that unsatisfactory conditions existed in the marine corps largely as the result of many officers having been in Washington too long, members of the headquarters staff, with only a few exceptions, were today ordered to new posts in different parts of the world.

Colonel Charles L. Lauchheimer, headquarters adjutant and inspector, who requested the appointment of the court of inquiry, was ordered to the Philippines and Lieutenant Colonel Henry C. Haines, his assistant, was directed to assume charge of the adjutant's office.

Another officer who was censured as a result of the inquiry, Colonel Charles Doyen was detached from duty at the marine barracks at Annapolis and ordered to the Bremerton navy yard in Washington.

Just what, if anything has happened to General Elliott, commandant of the corps, is a matter of uncertainty. The changes ordered today were the result of a letter from Acting Secretary Winthrop to General Elliott, Mr. Winthrop directed to General Elliott to make the changes. The concluding paragraph of his letter read:

"You will inform Colonel William P. Biddle, chief of the senior line officer on duty in Washington, he has been temporarily designated to act for the commandant in his absence until further notice."

The selection of Colonel Biddle to act for the commandant is interpreted by some officers as meaning his selection as the permanent successor to General Elliott. He was recently ordered to Washington from New York City barracks. He is out-ranked, however, by Colonel Paul St. Clair Murphy of the Philadelphia barracks.

The first case was settled after a lengthy legal battle, but the second case, involving a ditch owned by Ward Brothers, Illinois, and Webster county, was the plaintiff, Judge Alvord handed down the decision in favor of the county. The reason for the county's victory is that at least in Webster county all plans and specifications for drainage work must be followed exactly.

CITY COUNCIL PROCEEDINGS

Creosote Block to Replace Asphalt on South Sixteenth.

The much discussed creosote wood block pavement will be given a trial on sixteenth street from Farnam street south to the north end of the viaduct, following the adoption by the city council Tuesday night of an ordinance providing for bids on the work to be secured. The petition of the Sixteenth street property owners, after having been in the city attorney's office for several weeks, was filed with the city clerk Monday afternoon and introduced with the city attorney's approval Tuesday night.

The amount to be raised by the new tax levy was reduced \$100,000 in accord with the decision made by the council in committee of the whole Monday. The sinking fund for paying interest on bonds was reduced from \$50,000 to \$100,000. This will probably make it impossible to retire any bonds in 1911. The recommendation of the school board for a 16-mill levy for school purposes was accepted.

The Ak-Sar-Ben board of governors was authorized to use Eighteenth and Nineteenth streets from Dodge to Douglas and Douglas from Eighteenth to Twentieth for festival purposes. For lighting the streets during the Ak-Sar-Ben carnival \$2,000 was appropriated.

Block of Ice Falls on Boy from Cart With Fatal Result

Clayton Mayer of South Omaha Crushed by Heavy Chunk Which Slides from Top Tier.

Clayton Mayer, son of Charles C. Mayer, of South Omaha, was killed Tuesday afternoon by the falling of a cake of ice from the rear of the Omaha Ice and Coal Company's wagon.

The accident occurred in the alley between Twenty-seventh and Twenty-eighth streets, near B street, in South Omaha. The boy went close behind the wagon, and the slight grade, a piece from the top tier, weighing perhaps 300 pounds, slipped and fell.

One corner of the block of ice fell across his chest and instantly crushed him. Frank Maren, J. F. Horsberger, and Charles Duval were in charge of the wagon making deliveries, but did not see the boy. They were called by Earl Piper, who was at work at the residence of T. C. McDonald, at the rear of which the fatality occurred.

Piper saw the accident and assisted in carrying the boy into the house belonging to Mr. McDonald. Within five minutes, and before aid could reach him, the boy died.

Charles C. Mayer, father of the boy, is the local manager for the Schmolzer & Mueller Company, at South Omaha, and lives at 1512 North Twenty-seventh street. Mr. and Mrs. Mayer have another child, an infant of two months.

Church Sentence Instead of Jail

Trio of Alleged Bad Boys Are Given Novel Form of Punishment.

As a penalty for breaking up a religious meeting with unseemly noise and sundry varieties of racket three 15-year-old boys were sentenced by Probation Officer Carver to go to church every night until they could learn to behave themselves.

The boys are Emil Betlach, Martin Wiese and Lee Fogarty, and it is alleged they were so expert at causing a disturbance at Twentieth and Elm streets Monday night that Rev. P. E. Webster, who conducts meetings at that corner in a tent, complained to the police.

The boys were arrested and turned over to Mr. Carver, who related to them on the promise that they would go to the Rev. Mr. Webster's meetings every night and be perfectly calm.

ALLEGED REALTY SWINDLER LOCKED UP IN CITY JAIL

L. L. Nutt of Kansas City Said to Have Sold Vacant Oklahoma Land as Highly Improved.

L. L. Nutt of Kansas City, was arrested at the Windsor hotel, charged with having defrauded M. T. McMahon of Lincoln, in a real estate trade which the two men consummated about three weeks ago. The man who was arrested traced to McMahon 16th acres of land located in Carter county, Okla., which he represented to be finely improved, having upon it a modern, four-room house and including sixty-five acres of land which was in cotton. The whole he valued at \$3,000. In exchange for this land he received from Mr. McMahon a city lot in Cleveland, O., valued at \$1,000 and \$200 in cash. It was understood, too, that he was to receive another lot from McMahon when he gave a satisfactory deed to the Oklahoma property.

Nutt acted on the deed to the Cleveland property, lost no time in conveying the property into cash, but sold it immediately at the extremely low figure, \$500. McMahon meanwhile, had not had his suspicions aroused and he was blissfully ignorant of the deception which had been practiced upon him until a few days ago when he went to Oklahoma to view his newly acquired possessions. Then it was that he learned the land in question had never even so much as been under cultivation, and that the four-room, modern house was but a shanty standing alone upon the Oklahoma property.

He immediately swore out a warrant in Lincoln for the arrest of Nutt, who was trailed to this city on last Saturday, and Detectives Pattullo and Davis were put on the case. The arrest at the Windsor was the result.

Only last week he refused the chair of philosophy in Emporia college, Emporia, Kan., at an increase of salary, preferring to remain at Bellevue.

Dean Calder has been one of the strongest members of the Bellevue faculty since 1906 and, if he decides to accept the western position, his loss will be felt here. He graduated from Washington-Jefferson in 1883, doing his post-graduate work in Leipzig. He is also a graduate of the Western Theological seminary. Before coming to Bellevue he occupied a pupil in Johns-ton, Pa.
