Bartley Case Brought Into the Campaign

Richard L. Metcalfe Tells Why He Signed Petition for Parole of Embezzling Treasurer. (From a Staff Correspondent.) LINCOLN, July 22.—(Special Telegram.)—A few dry bones were dug up today in the Democratic senatorial fight and the indications are more are to be unearthed before long. The evening newspapers published a story about Richard L. Metcalfe having signed a petition for the parole of Joseph S. Bartley, defaulting state treasurer. Metcalfe has an idea that Senator Burkett worked the information to the press through a demagogue who is opposed to him. So Metcalfe gave out this statement about his connection with Bartley: "It is true I signed the Bartley petition. I also wrote an editorial endorsing his parole. I thought that Bartley and his family had suffered sufficiently, particularly when the politicians who became responsible for his shortage by borrowing money from him had not been punished at all. If this act of mine has any bearing on the senatorial contest, I am glad for every democrat to be reminded of it before the primaries. This story, like several others, originated at this time at Senator Burkett's headquarters. It is important, I will let the senator explain to his republican friends why his vote was cast with the Bartley forces in the republican convention of 1908 on the resolution ordering Bartley's return to prison. I will also let the senator explain to men generally why he is interesting himself so deeply in the effort to bring about my defeat in the democratic primaries. Does he want to pick the democratic nominee as well as the republican nominee?"

Alleged Fugitives Held at Beatrice

Trio Arrested in Secluded Spot While Extracting Nitroglycerine from Dynamite. BEATRICE, Neb., July 22.—(Special Telegram.)—Three men giving the names of Frank Black, James Wilson and Frank Jackson were arrested at Wynmore today on the charge of robbing a store at Clyde, Kan., a few nights ago. Some of the stolen property was found in their possession. The officers this morning located the three men on the banks of the Blue river in a secluded place where they were engaged in removing nitro-glycerine from 100 pounds of dynamite which they had stolen from the stone crusher plant east of Wynmore. It is supposed they were getting the nitro-glycerine to be used in blowing safes. A complaint was filed against the men charging them with being fugitives from justice. The sheriff from Clyde arrived at Wynmore this evening and will take the trio back to Kansas as soon as he secures requisition papers. The officers say they will arrest a number of Wynmore residents tomorrow for harboring the men and refusing to give their names. Two Greeks were arrested at Wynmore this evening on the charge of obtaining money under false pretenses. A special guard has been stationed at the jail to prevent the prisoners from making their escape.

BREWING COMPANY LOSES AND FINDS DRAFT HORSE

Edward Allen Arrested at Valley and Charged with Stealing Animal from Stable. FREMONT, Neb., July 22.—(Special.)—Edward Allen was arrested near Valley this morning on the charge of stealing one of the heavy team horses belonging to the Fremont Brewing company. When arraigned before a justice of the peace he declined to plead, but waived preliminary examination and was held for trial to the district court. The theft was discovered by one of the barn men about 4 o'clock and two hours later Allen was arrested. A buggy and harness were also taken. The horse was shot with rubber pads instead of the ordinary shoes and was easily tracked from the barn to a point just south of Valley. The man must have done some rapid work hitching up, as a watchman is employed at the plant, who had made his rounds only a short time before the horse was found missing.

Wisconsin Swept by Forest Fires

Tremendous Property Loss in Northern and Eastern Sections—Entire Towns Destroyed. WAUSAU, Wis., July 22.—The losses from forest fires in the districts north and east continue and every hour brings reports of new country invaded. The flames are sweeping a large portion of central Wisconsin. So far the only village burned is Heineman, but Irma, Gleason and Bloomville are in imminent danger. The 400 inhabitants of Heineman are still at Gleason, from whence the people will be taken out by train tonight if the fires come nearer. The practice destructed this morning of the Huntington forest reserve near Kelly is a serious loss to the state. The loss will reach \$500,000. The town of Aniwa did not burn as reported, the loss being confined to a sawmill at Washburn siding near Aniwa with a loss of \$4,000. Light rain fell at noon, but not enough to do any good. The Heineman Lumber company's mill burned at Heineman April 4 and the concern now loses every vestige of property there. The loss will be \$200,000. H. H. Heineman said today that rebuilding was uncertain. Refugees from Heineman say the town seemed to burn at once, flames jumping 200 feet and enveloping every house but two. All inhabitants, however, had been taken to Gleason two hours previous and no lives were lost. A telephone message from Gleason at 2 o'clock today stated that forest fires were threatening the town and the people were frightened, but that it was not believed that the town was in any special danger. Bloomville is still threatened. The population is 125. The saving of the lives of the people at Heineman which was destroyed, was due to the energetic action of H. H. Heineman, who took a St. Paul train without waiting for permission from the railroad company and ran the train back and forth until everybody was out of the village and all the lives were saved. The town of Heineman, which was destroyed, consisted of about seventy buildings, power plant and property of the Heineman Lumber company. Only one cottage and a schoolhouse remain standing.

"AUDREY, THE RELIC," STRUCK BY TRAIN AT ASHLAND

Man Evidently Known in Chicago Killed on Platte River Bridge by Burlington Engine. ASHLAND, Neb., July 22.—(Special Telegram.)—Burlington passenger train No. 2 due in Ashland at 5:07, today struck and instantly killed a man at the west end of the Platte river bridge. From papers on his person he is believed to be "Audrey, the relic." He had a card on his person reading, St. Stephen society No. 1, in care of John Zaesch, 181 West Twenty-second street, Chicago. Engineer McCoy was in charge of the train. The remains were turned over to Hartford & Waltermer, and the coroner of Saunders county was notified to hold an inquest, which will probably be done tomorrow.

FORMER TECUMSEH MAN FOUND DEAD IN IDAHO

E. W. Kaley Asks Neighbors to Help Him on Ranch—They Find Him Shot Dead. TECUMSEH, Neb., July 22.—(Special.)—Word has reached Tecumseh of the death of E. W. Kaley, for many years a resident of Red Cloud and later in the shoe business in Tecumseh and in a general merchandise store at Elk Creek, at his ranch in southern Idaho. It seems that Mr. Kaley, who, with his wife, had been living in Denver, had this summer been living alone in a shack on his ranch. One day last week he went among his neighbors and secured promises from some of them that on a certain day they would come to his place and help him burn sage brush. When they arrived they found Mr. Kaley's body, life having been extinct for some time. He was in his shack and a double-barreled shotgun was near. It was evidently either a case of suicide or an accidental death. He was about 47 years of age.

O. D. BASSINGER LAID AT REST

One of Bancroft's Oldest Citizens, Well Known in Railroad Work, is Buried. BANCROFT, Neb., July 22.—(Special.)—O. D. Bassinger, one of Bancroft's oldest and most respected citizens, died at his home in this city July 17 of cerebral degeneration. Mr. Bassinger was born in Oneida county, New York, October 12, 1841, and at an early age moved with his parents to Grand Rapids, Mich., and a few years later to Racine county, Wisconsin, where he grew to manhood and married Miss Mary Morris in October, 1862. They were born five children, four of whom are living, Edward and having died at Bancroft, September 28, 1898. The others, except Fred G. of Tacoma, Wash., with the aged wife, were with Mr. Bassinger when he died. Mr. Bassinger was one of the old-time railroad men in this part of the country up to 1871, being with the Iowa Falls Construction company when it built the road from Webster City to Sioux City (afterward the Illinois Central railway), after which he was passenger conductor on the Sioux City & Pacific between Sioux City and Missouri Valley.

WASHINGTON TO HAVE BANK

Experimental Institution Will Be Under Eye of Postmaster General. WASHINGTON, July 22.—This city will have one of the first experimental postal savings banks to be established under the postal savings bank bill, according to an announcement made today at the Post-office department. The committee of government officials, which is working on plans for the establishment of the system, believes that one of the banks should be directly under the eye of the postmaster general, so that the committee may keep in constant touch with its operation and make necessary changes. According to the estimates of the committee, each postoffice in the country will have to keep an average of two ledgers, which will necessitate the keeping of from 80,000 to 100,000 ledgers and the employment of about 4,000 bookkeepers.

KANSAS GUARANTY LAW GOES INTO EFFECT TODAY

After Being Held Inoperative for Several Months, It Will Apply to Banks. TOPEKA, Kan., July 22.—After having been held inoperative for several months, the state bank guaranty law will go into effect tomorrow morning in Kansas. Sixty days ago the United States court of appeals at St. Paul dismissed the temporary injunction secured from Judge Pollock of the federal court here by the national bankers restraining the enforcement of the

FURNAS SEEKS AUTO LAWS

Republicans Demand More Stringent Road Regulations. BEAVER CITY, Neb., July 22.—(Special Telegram.)—The republican county convention today instructed the delegates to the state convention to vote for a county option plank in the state platform. Resolutions were adopted commending President Taft and endorsing the work of Senators Burkett and Brown and Congressman Norris; also resolutions for good roads and demanding more stringent laws governing automobiles. The delegates to the state convention are: E. C. Wagner, John Crouch, Arapahoe; T. M. Davis, Beaver City; C. M. Brown, Cambridge; G. Miller, J. F. Hollingsworth, Holbrook; Dr. E. E. Cone, Oxford.
