

Council Bluffs GROCERS AND BUTCHERS' DAY

Great Host at Fairmount Park to Enjoy Outing. NOVELTY SPORTS ON PROGRAM

Judges Have High Old Time Passing on Merits of Contestants, Some Being More Lucky Than Others.

A multitude of between 5,000 and 6,000 people thoroughly enjoyed the annual picnic in Fairmount park yesterday afternoon given by the Council Bluffs Grocers and Butchers' association.

The events that constituted the greatest enthusiasm were the races for women, which also included contests between girls from 10 to 15 years old and stout women of any age.

Only one of the judges would consent to have the most of the order from court, and he was A. W. Huber. Huber was the tenth man in the line and always had to stop the largest and fattest woman.

There were hundreds of family picnic parties, delightful little gatherings in shady places, and not an individual in all of the thousands who did not appear to be enjoying the day to the fullest.

Following is the list of prize-winners: Boys' 7-year Race—First, Minard Olson; second, J. Jensen; third, George Coor; fourth, Sherman Fryer; fifth, Everett Value.

Young Women's 7-year Race—First, Nina Hendrix; second, Mabel Jorgensen; third, Mima Dvokey; fourth, Eva Druen; fifth, Lelaia Turney.

Infant and Wife Shrink from Man Harry Pace Convicted of Brutal Treatment of Family and Sent to Jail.

Harry Pace, a red-faced husky laborer, sat in police court yesterday morning and heard his wife tell him a bit of faded femininity, and the mother of his four children, tell how he had neglected, abused and tortured her for the last seven years, culminating in what she said was one of many attempts to kill her.

The woman appeared at the police station at 2 o'clock yesterday, having walked in her bare feet a distance of nearly two miles carrying her baby, and appeared to the police department for protection. She said her husband had been in the habit of coming home late every night drunk and amusing himself beating her and the children, and last night had dragged her into the street by the hair and tried to choke her to death.

Police officers told of a number of times in recent years they had intervened to protect the woman once after he had dragged her from the house by the hair and across a muddy unpaved street.

Council Bluffs Union Office to Sell Tickets is Solution

Railway Official Says This Plan Will Be Followed in Other Cities as Well as Bluffs.

A railway official, said to be the best posted man in this vicinity in railway managerial matters, says that there is no occasion for the people of Council Bluffs to become uneasy over the discontinuance of the city ticket offices of the Wabash, Illinois Central and Great Western companies, and that there will eventually be no reason for complaint on the part of the public.

The official says it is only a question of a few months when all of the individual uptown offices will be discontinued, but that it will not mean the purchase of all railway tickets at depot stations.

It means simply that it is the policy of the companies to do their business in the most compact, efficient and least expensive manner, and that all of these tickets in Council Bluffs not sold at the stations will be sold at a union ticket office, centrally located in the business district.

Union ticket offices will be set up in all of the cities where separate offices now maintain the definitely formed plan. The arrangements have practically been completed in St. Louis, and all other cities will follow.

Interest all over the state, and particularly in Des Moines, is felt in the slated retirement of Superintendent H. W. Rothert from the Iowa School for the Deaf at Council Bluffs.

It is said that early in the primary election fight Judge Cowie came to Council Bluffs and held a secret conference with Rothert for the purpose of lining him up for Garst. The story also comes from Des Moines that the board of control, after the primary election, had been replaced by Dr. Bannister of Ottumwa, found their records of the office in considerable confusion.

The fight upon Dr. Rothert by a number of deaf mutes and their friends throughout the state was begun last December, and all the state was agitated by the matter, and the state was agitated by the matter, and the state was agitated by the matter.
