Southwestern Mines Will Be Reopened Soon

Operators Declare for Open Shop and Miners Say They Will Be Picketed.

KANSAS CITY, Mo., Aug. 2.—All hope of a settlement of their differences since the refusal by the miners last night of the operators' ultimatum, representatives of the miners and operators of the southwestern mines, for many days have been conferring on a new contract, left here today.

Operators say they are not in a position immediately to declare an open shop policy, but announce that as rapidly as men can be secured, they will be put to work under simple protection.

The miners say they will picket the mines at once and trouble of the gravest nature is feared, although leaders declare on both sides that they will make every effort to avoid disorder.

INDIANAPOLIS, Ind., Aug. 2.—President T. L. Lewis of the United Mine Workers of America today announced that he would issue a call for a special convention of that body to be held in Indianapolis within the next two weeks. President Lewis states that the call is not made on account of the trouble in the Illinois field.

Half Inch of Rain at Grand Island

Central Part of State Gets Good Soaking—Rain in Northwest Missouri.

GRAND ISLAND, Neb., Aug. 2.—(Special Telegram.)—Over half an inch of rain fell here last night, the record, however, varying greatly at short distances. The sugar factory gauge shows .35 of an inch, the Soldier's home gauge .42 of an inch and the Burlington gauge .125 inches. The surrounding villages report from one-tenth to one-fifth of an inch.

ST. JOSEPH, Mo., Aug. 2.—The first rain in six weeks in this locality began this morning and is of great benefit to crops and pastures. However, the drought, has damaged corn to some places beyond repair. Reports from other towns indicate that it is raining throughout the north-west part of the state.

Grand Trunk Has Settled Strike

W. L. Mackenzie Kine Announces Basis of Settlement is Reached—Men Will Go to Work.

OTTAWA, Ontario, July 2.—W. L. Mackenzie Kine, minister of labor, tonight announced that a basis of settlement had been reached for the Grand Trunk strike.

WYMORE'S POSTMASTER ASKS FOR POSTAL BANK

Says Citizens in His Part of County Anxious for New Institution.

(From a Staff Correspondent.)
WASHINGTON, Aug. 2.—(Special Telegram.)—The postmaster at Wymore today made request that he be authorized to open a postal savings bank. The postmaster says much interest is manifested by the patrons of his office in the postal savings bank plan, and undoubtedly very considerable deposits will be placed should a bank be authorized to commence business at Wymore.

The application of William H. Johns, John Voigt, G. Lauderbach and C. A. H. Johns to organize the First National Bank of Parkersburg, Ia., with \$50,000 capital, has been approved by the controller of the currency.

Postmasters appointed are as follows: Iowa—Liberty Center, Warren county, W. L. White, vice C. A. Ferguson, removed. South Dakota—Karam, Harding county, G. F. Ahern, vice A. Karlman, resigned.

Rural carriers appointed: Nebraska—Dakota, Milltown, Route 1, Earl Babcock, carrier; A. P. Mickel, substitute. Iowa—Akron, Route 2, M. W. Smith, carrier; Zane Jenkins, substitute.

DR. JOSEPH R. RYAN OF COLFAX, IA., DEAD

Aged Physician, Father of Mrs. Charles E. Pickett, Passes Away.

WATERLOO, Ia., Aug. 2.—(Special Telegram.)—Dr. Joseph R. Ryan of Colfax, Ia., died this morning at the home of his daughter, Mrs. Charles E. Pickett of Waterloo. The doctor had been victim of a fatal attack of heart disease.

Dr. Ryan was a well known surgeon in Iowa. He was connected with the sanitarium at Colfax for nine years. Congressmen Charles E. Pickett was summoned from Des Moines, where he was planning to attend the republican state convention. The wife and one daughter survive, as do one brother, Thomas Ryan, and several sisters, who live in Kentucky. He was 71 years of age.

LAWYER SAYS HE IS NOT DEAD

M. J. Henderson of Richmond, Mo., Insists He is Alive and Wants an Office.

RICHMOND, Mo., Aug. 2.—The newspapers killed me one day too soon. I'll show them a lively corpse. I was not murdered beside the railroad track yesterday, and I am running for the nomination for circuit clerk of the county at the primary.

This is the explanation M. J. Henderson, an attorney of this place, gives of his supposed murder near Orrick, Mo., reported in the Kansas City newspapers yesterday. The body found beside the railroad track at Orrick and reported to be that of Henderson was that of John McAfee, a farmer.

NEW CASES OF DISEASE

Infantile Paralysis Appears to Be on Increase.

MASON CITY, Ia., Aug. 2.—(Special Telegram.)—Reports of three new cases of infantile paralysis in the state were made to Dr. Frost, government specialist, here today. Two of the cases are at Clarion and one at Des Moines. Two new suspicious cases appeared today. All houses where disease has existed are being fumigated.

Soreness of the muscles, whether induced by violent exercise or injury, is quickly relieved by the friction application of Chamberlain's Liniment. This liniment is equally valuable for muscular rheumatism, and always affords quick relief. Sold by all druggists.

Troops Will Stay in Columbus

Proposition to Send Part of National Guard Home Rejected by Conference of Officials.

COLUMBUS, O., Aug. 2.—The 8,200 members of the Ohio National Guard will remain indefinitely in Columbus on riot duty under command of Major Pick, United States senator. This decision was announced by Governor Harmon today at a conference with Mayor Marshall, Adjutant General Wehrbach and other military officers.

The proposition to abandon some of the lines temporarily and reduce the number of troops was rejected at the conference.

Negotiations for peace are being continued today with apparently little prospect of acceptance by either the street car company or the carmen's union.

United Wireless Books in Court

Missing Records Brought to Federal Building by Messenger-Boy Before Limit Expires.

NEW YORK, Aug. 2.—The missing books of the United Wireless Telegraph company came into view today. A messenger boy came into the federal building with them just before the expiration of the time limit set for their production.

"I got them up on Forty-second street to deliver here," was all the explanation the boy had to offer.

The federal grand jury investigating the affairs of the company which followed the recent descent on the company's offices and the arrest of several of its officers had been hampered by the disappearance of eighteen of the corporation's books.

STRONG TAFT ENDORSEMENT

(Continued from Page One.)

that any attempt at rough riding by the progressives will mean democratic success in every close district in the state next fall.

The progressive leaders realize the depth of the standstill sentiment and are willing to go to some lengths to secure harmony. There are many among them who would like to see the platform modeled after the Indianapolis convention, but it is doubtful if this would suit Senator Cummins. Among the senator's close friends today it was declared that the endorsement of the Iowa progressive delegation must be clear out.

To be so it cannot make many concessions to the so-called "regulars," even if augmented district results.

Senator Doolittle was among the day's arrivals. There was much talk to the effect that he would be the permanent chairman, although he disclaimed all knowledge of any such move.

Caucuses by districts will begin at 10 o'clock tomorrow morning and at 11 o'clock Carl E. Franke, chairman of the state central committee, will introduce Senator Cummins as temporary chairman. Those who heard the senator rehearse his speech Sunday night declare that it contains no reference to President Taft or Governor Carroll.

Trouble in Second. It was announced that trouble had broken out in the Second district with a threat of two delegations to the convention in the caucus selections for committees. It was found that the standstill delegates to the convention from that district were bent on supporting Joe Lane of Davenport for member of the resolutions committee and against George Curtis of Clinton and this caused the trouble. It is not yet known whether the district can settle its trouble. The promise is that the fight for the district will be carried directly into the convention.

It has been decided that the Ninth district will name for the committee on resolutions Senator Saunders of Council Bluffs.

A bitter fight has been started for control of the state committee, not only in the Second district, but in the Seventh and others. The Seventh there is opposition to C. W. Lyon, the present incumbent.

SLATES ARE BEING MADE UP

Jim and Jacks Are Both Active Putting Forth Their Preferred Candidates Into the Field.

Although it is a recognized and long standing rule of the Dahlgren club that no candidates shall be openly endorsed the slate makers are busy on the tickets for the legislature. As a defensive move for the club, the members of the district "Doo" Tanner of South Omaha, one of the most natural men for the Dahlgren club, to back and honor him in the election is a valuable man who has leanings toward the other camp.

The Jacksons, determined to get Tanner's scalp if such a thing is possible, will count on getting Horton to stand by them and from South Omaha will support Joseph Howard. Since one senator is expected to come out of South Omaha, Howard is to be the man rather than Tanner. The other Omaha senator who will receive Jacksonian backing is C. S. Montgomery.

As far as the house is concerned there is no such necessity for a defensive move to save anybody's position, but the Jacksons are beginning to lay their wires to get a chosen bunch of eight into the primaries. The chosen eight are J. H. Groesman, F. J. Riba, A. R. Lindell, W. S. Bloomer, J. F. Moriarty, W. P. Thomas, E. J. McArdle and M. R. Huntington.

The only ones out of this group that will stand very high with Dahlgren's supporters are McArdle and Moriarty. The other six chosen by the Dahlgren club as their official "strong men" are said to be John Moore, R. H. Holmes, C. B. Liver, J. H. Bull, Peter Boland and Patrick Ford.

BRUCKER ORDERS VENDERS OFF

Acting Mayor Brucker Gives Sidewalk Merchants Ten Days to Get Off Public Streets.

Acting Mayor Brucker has given orders to the street vendors who have been selling fruit in the alleys that they must be ready to move out in ten days.

A complaint was received by the council several weeks ago today in which business men called attention to the non-enforcement of the laws in regard to street stands and the mayor intends to get the merchants off the sidewalks altogether.

Sacramento Shows Big Growth. WASHINGTON, Aug. 2.—The population of Sacramento, Cal., is 41,000, according to the census taken in the district census, and made public today by Director Durr. This is an increase of 15.15 per cent, as compared with 35,500 in 1900.

LAND WITHDRAWN FROM ENTRY

Four Million Acres in Lemmon District to Be Examined for Coal.

ABERDEEN, S. D., Aug. 2.—(Special.)—The interior department has notified the United States land office at Lemmon, S. D., of the withdrawal from entry of practically all the land remaining unfiled upon in the Lemmon land district, on the ground that the land is underlain with coal. It is presumed the homesteaders who have already filed will be permitted to prove up on their claims without molestation and the land office officials are going ahead upon that presumption and accepting final proofs from them.

The order came as a great surprise to the people of Lemmon. The order applies to about 4,000,000 acres of land, a considerable portion of it being in the vicinity of the new town of Faith, on one of the branch lines of the Milwaukee railroad running from Moberly south-west.

SOUTH DAKOTA WHEAT AND CORN

Examination of Eleven Counties Shows Crops Little Damaged.

MITCHELL, S. D., Aug. 2.—(Special.)—Crop reports from eleven counties in the central part of the state, and given out through the investigations of bankers in the counties, indicate that the situation is much better than was anticipated earlier in the season when the rainfall was so short as to cause some apprehensions near a good crop of small grain. Reports were received from Aurora, Brule, Davison, Douglas, Hanson, Hutchinson, Jackson, Lyman, McCook, Miner and Sanborn.

The harvest has been completed in practically all of these counties and the rains which have come in the past two weeks have materially increased the proportion of yield of wheat and corn, the latter grain having had the benefit of the great amount of rainfall in the past ten days when it was of little benefit to the wheat.

The yield of wheat will fall a little below the average of last year, although the higher price will yield the farmer perhaps a heavier income from that grain alone. The corn crop shows a greater falling off than wheat, and like wheat, the higher price will not affect the financial returns to any great extent.

Wheat has responded to a great amount of moisture that was in the ground at the beginning of the season, left over from the heavy snows of the winter season. When wheat first commenced to stool in the spring the cold weather about the middle of April gave the roots an opportunity to shoot downward and remain there to get the benefit of the moisture in the lower part of the growing season, and this has become evident in the manner in which the wheat heads filled out so well when the straw was so short. Corn has responded in much the same way to the conserved moisture throughout the season.

In Aurora, Brule, Douglas, Sanborn, McCook and Miner counties the wheat crop was expected to turn out an average crop, running from 75 to 85 per cent of the yield of 1909, while in Hutchinson it was expected to make a yield of 125 per cent of the 1909 crop. Lyon and Jackson counties reported the wheat very thin and ranging from 50 to 65 per cent of a crop. These latter two counties state that the corn is not quite so far advanced as in 1909, but with rains at the present time it will show a big increase.

Throughout this section in Aurora, Brule, Davison, Douglas, Hanson, Hutchinson, Miner and Sanborn the corn crop is excellent as a general proposition, not one of the counties reporting anything particularly backward on the crop. In practically all of the counties the ears have commenced to form, and they indicate a good development of the ear even at this period. Notwithstanding the fact that the seed in the spring was supposedly poor the crop brought on by this section shows that it has been the general opinion gathered from nine developed much better than was anticipated. It is a general opinion gathered from nine of the eleven counties that the corn crop is going to be better than that of 1909. The drought throughout the season has been scattered, at times one section of a county would get a heavy rain while other portions were not touched. The corn outlook is indeed very encouraging.

Store Burned at Isabel, S. D. ABERDEEN, S. D., Aug. 2.—(Special.)—The new town of Isabel, at the terminus of the Missouri river branch of the Milwaukee railroad, suffered a fire loss of \$15,000. The blaze originated in the Coker storehouse, where over two carloads of goods, comprising a large stock of drugs, were destroyed. Immediately north of the Coker building the Montgomery Lumber company had a large quantity of lumber stored, which also was destroyed by fire.

Modern Theater for Aberdeen. ABERDEEN, S. D., Aug. 2.—(Special.)—An option has been secured from Charles and Minnie Gottschalk, owners of the Gottschalk theater, which recently burned, on a tract 70x125 feet in size, and a company is being formed in which leading business men are interested to build a modern theater on the lot. The promoters of the project are meeting with enthusiastic encouragement and it is probable a structure costing at least \$100,000 will be erected to begin within a few weeks. The option places the purchase price of the site at \$20,000.

BRIEFS IN THE ALSOP CASE

Ambassador Reid and Chilean Minister Present Arguments to King George.

LONDON, Aug. 2.—The American ambassador, Whitehall Reid, and the Chilean minister, Senator Gana, presented today to the British foreign office their respective cases on the Alsop claim, which has been submitted to King George as arbitrator.

The claim is based on large sums of money advanced to the Bolivian government in 1874 in exchange for valuable concessions, the government contracting to return part of the loan from customs receipts at the port of Arica.

Arica passed to Chile in war before the contract was fulfilled and in 1885 Chile agreed to assume the obligations of Bolivia to the company.

The promise was not fulfilled, and negotiations to recover the sum claimed, which now amounts to more than \$1,500,000, have been dragging ever since.

A Cruel Mistake. It is to neglect a cold or cough. Dr. King's New Discovery cures them and prevents consumption. 50c and \$1.00. Sold by Beaton Drug Co.

DR. J. S. DENT'S

Toothache Gum

not only cures toothache instantly, but cleans the cavity, removes odor, and prevents decay. Keeps your teeth in a dentist's bill.

There are imitations. See that you get Dent's Toothache Gum. All druggists 10 cents, or by mail, C. E. DENT & CO., 57 Larned St., Detroit, Mich.

ADS Malted Milk

This is a scientifically made article of food. It is rich, wholesome, nourishing and so easily digested that the delicate stomach of infants and invalids will retain it when they refuse to retain anything else.

It is as far ahead of old-fashioned so-called malted milks as creamery butter is ahead of oleomargarine. As a delicious beverage it is superior to tea, coffee or cocoa, and you never tire of it.

This is one of the best preparations of the great American Druggists Syndicate. Get it at any A. D. S. drug store.

ness to me in Omaha. It is true that I am an advocate of county option and I have no apology to make to anyone for it. I grant to everyone the right to his opinion on this as on every other question, and I deny the correctness of the theory that a man with my views on this particular subject can have no political standing in a great city like Omaha.

"Does any father or mother in Omaha imagine that a man's ability to properly represent a home making people in the United States senate would be impaired by the fact that he believed in temperance reform? I decline to take that view and as one whose friendship for Omaha should not be questioned, I shall confidently expect to receive my share of Omaha votes. I will relieve the democratic and populist nominations for United States senator and it would be a pleasure to know that my old Douglas county friends had helped give me this honor. There are many men in Omaha who can testify that I have ever stood ready to respond to Omaha's call in a labor of love. There are many who will say that whenever I have been called upon to help in measures intended for Omaha's good, the call has not been in vain; for instance, when the bill to pension Omaha school teachers was hanging in the balance and all but dead.

Other Claims on Omaha. "But I am also entitled to consideration in Omaha and South Omaha because it is the heart of these towns that give their preference to men who definitely state their position on public questions. If Omaha democratize comment, Mayor Dahlman for his frankness in stating his position on public questions, certainly I should not be effed for making my position on these subjects plain.

"So far as I am concerned, I approve of the 8 o'clock closing law and county option and shall cast my vote for Governor Shallenberger's renomination because he approved the one and has promised to approve the other in the event that the people, speaking through the legislature, declare for it, and he is entitled by reason of his excellent administration, to renomination and reelection.

"At the Grand Island convention my opponent Mr. G. M. Hitchcock, voted against the 8 o'clock closing law and sought to exclude that endorsement from the state platform. For this bit of bourgeoisism Shallenberger's renomination because he approved the one and has promised to approve the other in the event that the people, speaking through the legislature, declare for it, and he is entitled by reason of his excellent administration, to renomination and reelection.

"The gubernatorial election is just now stirring the state and the people have the right to know how every candidate for senator stands upon it."

SHALLENBERGER OPENS OFFICE

Governor Shallenberger will at once proceed to organize a campaign for votes in Douglas county.

"I expect to divide the county with Mayor Dahlman," he said Tuesday. "While I expect to receive two votes for one as against both the other candidates in the primary, yet I do not propose to neglect or abandon this county. I know there are many friends who want to assist me, and they will have a chance."

The governor's headquarters will very likely be established in a room at the Paxton when he comes next Friday. On the evening of that day he is expected to receive the Shallenberger club organized in South Omaha by Judge Caldwell and others.

"We will have Shallenberger club here in Omaha, too," said the governor, "and perhaps we can get some people's eyes to the fact that this is not entirely a Dahlman county." And the governor smiled most heartily seemingly with the consciousness of a man who has heard pleasant news.

When the Dahlman managers learned that the governor had decided to open an active campaign here and that Herdman would probably take the management they expressed no surprise.

"Let him come," said Chairman "Tom" Flynn of the Douglas county democratic committee. "His coming, especially under the circumstances, which save so strongly of coercion and intimidation will help Dahlman, as we glow it. And in this connection we hope everybody who has anything to offer in the way of evidence of law violation in Omaha will appear before the governor Friday. Now is the time to show up, tell all they know, and let us get our city in the clear. Omaha has been blackguarded and criticized so freely, and in my opinion so unjustly, that we ought to settle the arguments once for all.

"So far as the political end of it is concerned, the governor will find that he shall give him courteous treatment, and let the best man win. Some of our committee members have been tearing down Shallenberger hangers in Omaha. We will help to settle the kind of conduct as regarded by the governor's friends will, and we

want it understood that the mayor and his managers have no sort of sympathy with that kind of thing."

Cady's Campaign Work is Active

Republican Candidate for Governor Receives Many Assurances of Support.

ST. PAUL, Neb., Aug. 2.—(Special.)—Hon. A. E. Cady, candidate for governor at the republican primaries, is being inundated by mail from all parts of the state, indicating a growing interest in his candidacy. Mr. Cady received many assurances of support at the convention at Lincoln and since his return home has been busy keeping in touch with the different lines of political activity. Newspapers throughout the state are also showing evidence of satisfaction with his announcement defining his position on the campaign issues.

PATRICK DROPS OUT OF RACE

Says County Men Sends Notice of Withdrawal.

W. R. Patrick, democratic candidate for governor, has sent his notice of withdrawal from the race to Secretary of State J. J. Patrick. Mr. Patrick telephoned Mr. J. J. Patrick and said he was withdrawing from the race. He later verified the statement over the telephone when asked the question by The Bee. He said that he would have a statement to issue Wednesday setting forth his reasons for withdrawal from the race.

LINCOLN, Neb., Aug. 2.—(Special.)—The action of Patrick was not very much of a surprise to those who heard Governor Shallenberger declare at Grand Island that he would sign a county option bill if it put up to him to do so.

C. W. Bryan would not discuss the withdrawal of Patrick other than to say that he had an "inkling that Patrick was to take such action," following the democratic state convention.

It has been the belief of many that Mr. Bryan got Patrick to get into the race and either force Governor Shallenberger to stand for county option, or use Patrick in an effort to defeat him. Whether this is true or not it is true that notice was served on the governor some weeks ago by Mr. Bryan that if he did not do certain things there would be trouble in camp. When the governor pledged himself to sign a county option bill it is supposed by those who have been watching events that the governor did the "certain thing" demanded of him.

T. W. BLACKBURN WITHDRAWS

Candidate for Nomination for Congress Drops Out of Race.

T. W. Blackburn, who filed for the race for congress on the republican ticket, has withdrawn his name and sets forth his reasons in a letter sent Monday to the secretary of state.
