There are certain mineral medicines which will temporarily remove the ex-

ternal symptoms of Contagious Blood Poison, and shut the disease up in the system for awhile, but when the treatment is left off the trouble always returns in worse form. But that is not all; the delicate membranes and tissues of the stomach and bowels are usually injured by these strong minerals, and frequently stomach trouble, chronic dyspepsia, and mercurial rheumatism are added to

the destructive blood poison. S. S. S. is the only remedy that can be used

with perfect safety in the treatment of Contagious Blood Poison, and with the assurance that a lasting cure will result. This medicine, made entirely of noninjurious roots, herbs and barks of recognized curative and tonic value, removes

every particle of the virus from the circulation, and by enriching and strength-

ening the blood removes every symptom permanently. S. S. S. does not hide

or cover up the disease in any way, but cures it by removing it from the system
