## Investments That Please

Are those which at the outset are well secured by first mortgages on real estate, and which through a series of years are continually becoming better secured by reason of the building up of a reserve fund back of the investment. In addition to this, when such investments have never failed in 15 years to pay at least 6 per cent per annum dividends, payable semi-annually, it is difficult to find anything more satisfactory.

This association offers this sort of investment to persons having amounts ranging from \$100 to \$5,000 to invest and from which to derive a steady income. Resources, \$2,400,000.00. Reserve \$125,000.00. Write or call for full information.
