S.S.S. BLOOD POISON

Contagious Blood Poison is the most powerful and destructive of all blood disorders. It corrupts and vitiates the entire circulation and manifests itself in the most hateful and loathsome symptoms, such as ulcerated mouth and throat, copper-colored spots, and even sores and ulcers on different parts of the body. The poison causes the hair and eyebrows to fall out, and sometimes the finger nails come off and the entire glandular system is attacked. No medicine can cure Contagious Blood Poison which does not rid the circulation of every particle of the insidious virus. The least taint left in the blood will break out afresh, when treatment is left off. S. S. S. is the real and certain cure; it goes into the blood and by removing every particle of the poison, and adding rich, healthy qualities to the circulation, forever cures this powerful disease. All who suffer witth Contagious Blood Poison may cure themselves in the privacy of their own homes by using S. S., and following instructions contained in our Home Treatment Book, which we will send, together with any medical advice desired, free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.
