How to Save Money on Printing-- Buy in Large Quantities Pay on the "Times" Plan. You don't have to draw the money which it makes, and have a handsome profit besides. You will never have a better chance to test the power of printer's ink. It is a well-known fact that it pays to buy printing in large quantities. The expense of getting a form on the press is no more for 10,000 pieces than for 1,000. Get out your paper and pencil and figure how much printing you will need for the next year, or even two years. Figure out what it cost you in the past. Then let us give you an estimate on producing it all at once. If expense has made you hesitate about getting out an advertising circular, booklet, or catalogue that you know will make you money, fill out blank below. We will help you prepare copy. You need that printing "now." It's your's almost for the asking. Tear out this ad as a reminder. It will appear only once. Application Blank. TIMES PUBLISHING CO., 319 South 19th St., Omaha, Neb.
